§ 658g. Clarification of application

(a) In general

This part applies to any bill, joint resolution, amendment, motion, or conference report that reauthorizes appropriations, or that amends existing authorizations of appropriations, to carry out any statute, or that otherwise amends any statute, only if enactment of the bill, joint resolution, amendment, motion, or conference report—

(1) would result in a net reduction in or elimination of authorization of appropriations for Federal financial assistance that would be provided to State, local, or tribal governments for use for the purpose of complying with any Federal intergovernmental mandate, or to the private sector for use to comply with any Federal private sector mandate, and would not eliminate or reduce duties established by the Federal mandate by a corresponding amount; or

(2) would result in a net increase in the aggregate amount of direct costs of Federal intergovernmental mandates or Federal private sector mandates other than as described in paragraph (1).

(b) Direct costs

(1) In general

For purposes of this part, the direct cost of the Federal mandates in a bill, joint resolution, amendment, motion, or conference report that reauthorizes appropriations, or that amends existing authorizations of appropriations, to carry out a statute, or that otherwise amends any statute, means the net increase, resulting from enactment of the bill, joint resolution, amendment, motion, or conference report, in the amount described under paragraph (2)(A) over the amount described under paragraph (2)(B).

(2) Amounts

The amounts referred to under paragraph (1) are—

(A) the aggregate amount of direct costs of Federal mandates that would result under the statute if the bill, joint resolution, amendment, motion, or conference report is enacted; and

(B) the aggregate amount of direct costs of Federal mandates that would result under the statute if the bill, joint resolution, amendment, motion, or conference report were not enacted.

(3) Extension of authorization of appropriations

For purposes of this section, in the case of legislation to extend authorization of appropriations, the authorization level that would be provided by the extension shall be compared to the authorization level for the last year in which authorization of appropriations is already provided.
