

(b) Priorities to be given in criteria

In establishing criteria under subsection (a) of this section, the Secretary shall give priority to applicants which have not previously received funding from the Minority Institutions Science Improvement Program and to previous grantees with a proven record of success, as well as to applications that contribute to achieving balance among projects with respect to geographic region, academic discipline, and project type.

(c) Required criteria

In establishing criteria under subsection (a) of this section, the Secretary may consider the following selection criteria in making grants:

- (1) plan of operation;
- (2) quality of key personnel;
- (3) budget and cost effectiveness;
- (4) evaluation plan;
- (5) adequacy of resources;
- (6) identification of need for the project;
- (7) potential institutional impact of the project;
- (8) institutional commitment to the project;
- (9) expected outcomes; and
- (10) scientific and educational value of the proposed project.

PRIOR PROVISIONS

A prior section 352 of Pub. L. 89-329 was renumbered section 392 and is classified to section 1068a of this title.

§ 1067c. Use of funds**(a) Types of grants**

Funds appropriated to carry out this subpart may be made available as—

- (1) institutional grants (as defined in section 1067k(6) of this title);
- (2) cooperative grants (as defined in section 1067k(7) of this title);
- (3) design projects (as defined in section 1067k(8) of this title); or
- (4) special projects (as defined in section 1067k(9) of this title).

(b) Authorized uses for each type of grant

(1) The authorized uses of funds made available as institutional grants include (but are not limited to)—

- (A) faculty development programs; or
- (B) development of curriculum materials.

(2) The authorized uses of funds made available as cooperative grants include (but are not limited to)—

- (A) assisting institutions in sharing facilities and personnel;
- (B) disseminating information about established programs in science and engineering;
- (C) supporting cooperative efforts to strengthen the institutions' science and engineering programs; or

(D) carrying out a combination of any of the activities in subparagraphs (A) through (C).

(3) The authorized uses of funds made available as design projects include (but are not limited to)—

- (A) developing planning, management, and evaluation systems; or
- (B) developing plans for initiating scientific research and for improving institutions' capabilities for such activities.

Funds used for design project grants may not be used to pay more than 50 percent of the salaries during any academic year of faculty members involved in the project.

(4) The authorized uses of funds made available as special projects include (but are not limited to)—

- (A) advanced science seminars;
- (B) science faculty workshops and conferences;
- (C) faculty training to develop specific science research or education skills;
- (D) research in science education;
- (E) programs for visiting scientists;
- (F) preparation of films or audio-visual materials in science;
- (G) development of learning experiences in science beyond those normally available to minority undergraduate students;
- (H) development of pre-college enrichment activities in science; or
- (I) any other activities designed to address specific barriers to the entry of minorities into science.
