(iii) the rate of annual change in the sum of—

(I) 85 percent of such State's population described in subsection (d)(3)(A)(i)(II); and

(II) 15 percent of such State's population described in subsection (d)(3)(A)(i)(III).

(b) Outlying areas and freely associated States; Secretary of the Interior

(1) Outlying areas and freely associated States

(A) Funds reserved

From the amount appropriated for any fiscal year under subsection (i), the Secretary shall reserve not more than 1 percent, which shall be used—

(i) to provide assistance to the outlying areas in accordance with their respective populations of individuals aged 3 through 21; and

(ii) to provide each freely associated State a grant in the amount that such freely associated State received for fiscal year 2003 under this subchapter, but only if the freely associated State meets the applicable requirements of this subchapter, as well as the requirements of section 1411(b)(2)(C) of this title as such section was in effect on the day before December 3, 2004.

(B) Special rule

The provisions of Public Law 95-134, permitting the consolidation of grants by the outlying areas, shall not apply to funds provided to the outlying areas or the freely associated States under this section.

(C) Definition

(d) Allocations to States

(1) In general

After reserving funds for technical assistance, and for payments to the outlying areas, the freely associated States, and the Secretary of the Interior under subsections (b) and (c) for a fiscal year, the Secretary shall allocate the remaining amount among the States in accordance with this subsection.

(2) Special rule for use of fiscal year 1999 amount

If a State received any funds under this section for fiscal year 1999 on the basis of chil-

dren aged 3 through 5, but does not make a free appropriate public education available to all children with disabilities aged 3 through 5 in the State in any subsequent fiscal year, the Secretary shall compute the State’s amount for fiscal year 1999, solely for the purpose of calculating the State’s allocation in that subsequent year under paragraph (3) or (4), by subtracting the amount allocated to the State for fiscal year 1999 on the basis of those children.

(3) Increase in funds

If the amount available for allocations to States under paragraph (1) for a fiscal year is equal to or greater than the amount allocated to the States under this paragraph for the preceding fiscal year, those allocations shall be calculated as follows:

Except as provided in subparagraph (B), the Secretary shall allocate for the fiscal year—

(I) to each State the amount the State received under this section for fiscal year 1999;

(ii) Data

For the purpose of making grants under this paragraph, the Secretary shall use the most recent population data, including data on children living in poverty, that are available and satisfactory to the Secretary.

(B) Limitations

Notwithstanding subparagraph (A), allocations under this paragraph shall be subject to the following:

(i) Preceding year allocation

No State’s allocation shall be less than its allocation under this section for the preceding fiscal year.

No State’s allocation shall be less than the greatest of—

(I) the sum of—

(bb) that amount multiplied by the percentage by which the increase in the funds appropriated for this section from the preceding fiscal year exceeds 1.5 percent; or

(III) the sum of—

(aa) the amount the State received under this section for the preceding fiscal year; and

(bb) that amount multiplied by 90 percent of the percentage increase in the amount appropriated for this section from the preceding fiscal year.

Notwithstanding clause (ii), no State's allocation under this paragraph shall exceed the sum of—

(I) the amount the State received under this section for the preceding fiscal year; and

(II) that amount multiplied by the sum of 1.5 percent and the percentage increase in the amount appropriated under this section from the preceding fiscal year.

If the amount available for allocations under this paragraph is insufficient to pay those allocations in full, those allocations shall be ratably reduced, subject to subparagraph (B)(i).

(4) Decrease in funds

If the amount available for allocations to States under paragraph (1) for a fiscal year is less than the amount allocated to the States under this section for the preceding fiscal year, those allocations shall be calculated as follows:

(A) Amounts greater than fiscal year 1999 allocations

If the amount available for allocations is greater than the amount allocated to the States for fiscal year 1999, each State shall be allocated the sum of—

(i) the amount the State received under this section for fiscal year 1999; and

(ii) an amount that bears the same relation to any remaining funds as the increase the State received under this section for the preceding fiscal year over fiscal year 1999 bears to the total of all such increases for all States.

(B) Amounts equal to or less than fiscal year 1999 allocations

(i) In general

If the amount available for allocations under this paragraph is equal to or less than the amount allocated to the States for fiscal year 1999, each State shall be allocated the amount the State received for fiscal year 1999.

(ii) Ratable reduction

If the amount available for allocations under this paragraph is insufficient to

make the allocations described in clause (i), those allocations shall be ratably reduced.

For each fiscal year for which funds are allocated to States under subsection (d), each State shall allocate funds under paragraph (1) as follows:

(A) Base payments

The State shall first award each local educational agency described in paragraph (1) the amount the local educational agency would have received under this section for fiscal year 1999, if the State had distributed 75 percent of its grant for that year under section 1411(d) of this title as section 1411(d) was then in effect.

(B) Allocation of remaining funds

After making allocations under subparagraph (A), the State shall—
