**CODIFICATION**

In subsec. (b), “May 4, 1980” substituted for “the effective date of this chapter” pursuant to section 601 of Pub. L. 96–88, set out as an Effective Date note under section 3401 of this title.

**AMENDMENTS**

2003—Subsec. (b). Pub. L. 108–178 amended Pub. L. 107–217, § 6(b). See 2002 Amendment note below.

2002—Subsec. (b). Pub. L. 107–217, § 6(b), which had repealed subsec. (b) of this section, was itself repealed by Pub. L. 108–178 insofar as it related to subsec. (b) of this section, and Pub. L. 108–178 further provided that subsec. (b) of this section was revived to read as if Pub. L. 107–217, § 6(b), had not been enacted.

**EFFECTIVE DATE OF 2003 AMENDMENT**

Amendment by Pub. L. 108–178 effective Aug. 21, 2002, see section 5 of Pub. L. 108–178, set out as a note under section 5334 of Title 5, Government Organization and Employees.

**§ 3509. Coordination of programs for handicapped**

The Secretary of Health and Human Services shall identify, assess, coordinate, and eliminate conflict, duplication, and inconsistencies among programs significantly affecting handicapped individuals carried out by or under the Department of Health and Human Services, shall promote efficiency among such programs, and shall seek to coordinate, to the maximum extent feasible, such programs with programs significantly affecting handicapped individuals carried out by or under the Department of Education.

(Pub. L. 96–88, title V, § 510, Oct. 17, 1979, 93 Stat. 695.)

**§ 3510. Transitional provisions**

With the consent of the appropriate department or agency head concerned, the Secretary is authorized to utilize the services of such officers, employees, and other personnel of the de-

partments and agencies from which functions or offices have been transferred to the Secretary or the Department, and funds appropriated to such functions or offices for such period of time as may reasonably be needed to facilitate the orderly implementation of this chapter.

**§ 3601. Congressional statement of findings and purposes**

(a) The Congress finds that—

(1) exposure to asbestos fibers has been identified over a long period of time and by reputable medical and scientific evidence as significantly increasing the incidence of cancer and other severe or fatal diseases, such as asbestosis;

(2) medical evidence has suggested that children may be particularly vulnerable to environmentally induced cancers;

(3) medical science has not established any minimum level of exposure to asbestos fibers which is considered to be safe to individuals exposed to the fibers;

(4) substantial amounts of asbestos, particularly in sprayed form, have been used in school buildings, especially during the period 1946 through 1972;

(5) partial surveys in some States have indicated that (A) in a number of school buildings materials containing asbestos fibers have become damaged or friable, causing asbestos fibers to be dislodged into the air, and (B) asbestos concentrations far exceeding normal ambient air levels have been found in school buildings containing such damaged materials;

(6) the presence in school buildings of friable or easily damaged asbestos creates an unwarranted hazard to the health of the school children and school employees who are exposed to such materials;

(7) the Department of Health and Human Services and the Environmental Protection Agency, as well as several States, have attempted to publicize the potential hazards to school children and employees from exposure to asbestos fibers, but there is no systematic program for identifying hazardous conditions in schools or for remedying those conditions;

(8) because there is no Federal health standard regulating the concentration of asbestos fibers in noncommercial workplace environments such as schools, school employees and students may be exposed to hazardous con-
