§ 6335. Targeted grants to local educational agencies**(a) Eligibility of local educational agencies****(1) In general**

A local educational agency in a State is eligible to receive a targeted grant under this section for any fiscal year if—

(2) Special rule

For any fiscal year for which the Secretary allocates funds under this section on the basis of counties, funds made available as a result of applying this subsection shall be reallocated by the State educational agency to other eligi-

(b) Grants for local educational agencies, the District of Columbia, and the Commonwealth of Puerto Rico**(1) In general**

The amount of the grant that a local educational agency in a State (other than the Commonwealth of Puerto Rico) is eligible to receive under this section for any fiscal year shall be the product of—

(A) the weighted child count determined under subsection (c) of this section; and

(B) the amount determined under section 6333(a)(1)(B) of this title.

(iv) the number of such children who constitute more than 24.20 percent, but not more than 29.20 percent, of such population, multiplied by 3.25; and

(v) the number of such children who constitute more than 29.20 percent of such population, multiplied by 4.0.

(C) By number of children

The amount referred to in subparagraph (A) is determined by adding—

(2) Weights for allocations to local educational agencies

(A) In general

For each fiscal year for which the Secretary uses local educational agency data, the weighted child count used to determine a local educational agency's grant under this section is the larger of the two amounts determined under subparagraphs (B) and (C).

(B) By percentage of children

The amount referred to in subparagraph (A) is determined by adding—

(i) the number of children determined under section 6333(c) of this title for that local educational agency who constitute not more than 15.58 percent, inclusive, of the agency's total population aged 5 to 17, inclusive, multiplied by 1.0;

(v) the number of such children who constitute more than 38.24 percent of such population, multiplied by 4.0.

(C) By number of children

The amount referred to in subparagraph (A) is determined by adding—

(i) the number of children determined under section 6333(c) of this title who constitute not more than 691, inclusive, of the agency's total population aged 5 to 17, inclusive, multiplied by 1.0;

(ii) the number of such children between 692 and 2,262, inclusive, in such population, multiplied by 1.5;

PRIOR PROVISIONS

A prior section 6335, Pub. L. 89-10, title I, §1125, as added Pub. L. 103-382, title I, §101, Oct. 20, 1994, 108 Stat. 3571, related to targeted grants to local educational agencies, prior to the general amendment of this subchapter by Pub. L. 107-110.

§ 6336. Adequacy of funding of targeted grants to local educational agencies in fiscal years after fiscal year 2001

(a) Findings

Congress makes the following findings:

(1) The current Basic Grant Formula for the distribution of funds under this part often does not provide funds for the economically disadvantaged students for which such funds are targeted.

(2) Any school district in which more than 2 percent of the students live below the poverty level qualifies for funding under the Basic Grant Formula. As a result, 9 out of every 10 school districts in the country receive some form of aid under the Formula.

(3) Fifty-eight percent of all schools receive at least some funding under this part, including many suburban schools with predominantly well-off students.

(4) One out of every 5 schools with concentrations of poor students between 50 and 75 percent receive no funding at all under this part.

(5) In passing the Improving America's Schools Act in 1994, Congress declared that grants under this part would more sharply target high poverty schools by using the Targeted Grant Formula, but annual appropriation Acts have prevented the use of that Formula.
