

retary of State to pay the expenses of transporting the bodies of participants in exchange programs who die away from home, since State no longer will conduct such programs (22 U.S.C. 2670(e)). All functions abolished by the reorganization are done so in compliance with section 903(b) of title 5 of the United States Code.

After investigation, I have found that this reorganization is necessary to carry out the policy set forth in section 901(a) of title 5 of the United States Code. The provisions in this Plan for the appointment and pay of the Director, Deputy Director, and Associate Directors of the Agency have been found by me to be necessary by reason of the reorganization made by the plan and are at a rate applicable to comparable officers in the executive branch.

In presenting this plan, I ask the support of Congress to strengthen and simplify the machinery by which we carry out these important functions of the United States Government.

Such action will make us better able to project the great variety and vitality of American life to those abroad, and to enrich our own lives with a fuller knowledge of the vitality and variety of other societies.

The new Agency for International Communication will help us demonstrate "a decent respect for the opinions of mankind," and to deal intelligently with a world awakening to a new spirit of freedom.

JIMMY CARTER.

THE WHITE HOUSE, October 11, 1977.
