REFERENCES IN TEXT

Section 506(a), referred to in subsecs. (a) and (b), is section 506(a) of Pub. L. 102–511, which was classified to section 5856(a) of this title and was omitted from the Code. Section 506(a) directed amendment of section 221 of Pub. L. 102–228, which was set out in a note under section 2551 of this title, but did not become effective, pursuant to section 5856(c) of this title. Section 221 of Pub. L. 102–228 was repealed by Pub. L. 113–291, div. A, title XIII, § 1351(1), Dec. 19, 2014, 128 Stat. 3606.

The Soviet Nuclear Threat Reduction Act of 1991, referred to in subsec. (c)(2), is title II of Pub. L. 102–228, Dec. 12, 1991, 105 Stat. 1693. The reference to subtitle B of the Act probably means part B of the Act because title II of Pub. L. 102–228 does not contain a subtitle B. Part B was set out in a note under section 2551 of this title and was comprised of sections 211 and 212, which were repealed, respectively, by Pub. L. 110–181, div. A, title XIII, § 1304(a)(1)(A), Jan. 28, 2008, 122 Stat. 412, and Pub. L. 113–291, div. A, title XIII, § 1351(1), Dec. 19, 2014, 128 Stat. 3606. For complete classification of this Act to the Code, see Tables.

DELEGATION OF FUNCTIONS

For delegation of certain functions of the President under this section, see Memorandum of President of the United States, Apr. 21, 1994, 59 F.R. 21619, set out as a note under section 5854 of this title.

Authority of President under this section delegated to Secretary of Defense by section 2 of Memorandum of President of the United States, Dec. 30, 1992, 58 F.R. 3193, set out as a note under section 5852 of this title.

§ 5859. International nonproliferation initiative

CODIFICATION

Section is comprised of section 509 of Pub. L. 102–511. Subsecs. (a) to (e) were omitted pursuant to subsec. (f) because section 1505 of the National Defense Authorization Act for Fiscal Year 1993, Pub. L. 102–484, which is classified to section 5859a of this title, enacted the same authorities and requirements as contained in subsecs. § 5859a. International nonproliferation initiative

(a) Assistance for international nonproliferation activities

Subject to the limitations and requirements provided in this section, the Secretary of Defense, under the guidance of the President, may provide assistance to support international nonproliferation activities.

(b) Activities for which assistance may be provided

Activities for which assistance may be provided under this section are activities such as the following:

(1) Activities carried out by international organizations that are designed to ensure more effective safeguards against proliferation and more effective verification of compliance with international agreements on nonproliferation.

(2) Activities of the Department of Defense in support of the United Nations Special Commission on Iraq (or any successor organization).

(3) Collaborative international nuclear security and nuclear safety projects to combat the threat of nuclear theft, terrorism, or accidents, including joint emergency response exercises, technical assistance, and training.

(4) Efforts to improve international cooperative monitoring of nuclear, biological, chemical, and missile proliferation through technical projects and improved information sharing.

(c) Form of assistance

(1) Assistance under this section may include funds and in-kind contributions of supplies, equipment, personnel, training, and other forms of assistance.

(2) Assistance under this section may be provided to international organizations in the form of funds only if the amount in the “Contributions to International Organizations” account of the Department of State is insufficient or otherwise unavailable to meet the United States fair share of assessments for international nuclear nonproliferation activities.

(3) No amount may be obligated for an expenditure under this section unless the Director of

the Office of Management and Budget determines that the expenditure will be counted as discretionary spending in the national defense budget function (function 050).

(4) No assistance may be furnished under this section unless the Secretary of Defense determines and certifies to the Congress 30 days in advance that the provision of such assistance—

(A) is in the national security interest of the United States; and

(B) will not adversely affect the military preparedness of the United States.

(5) The authority to provide assistance under this section in the form of funds may be exercised only to the extent and in the amounts provided in advance in appropriations Act.

(d) Sources of assistance

(1) Funds provided as assistance under this section for any fiscal year shall be derived from amounts made available to the Department of Defense for that fiscal year. Funds provided as assistance under this section for a fiscal year may also be derived from balances in working capital accounts of the Department of Defense.

(2) Supplies and equipment provided as assistance under this section may be provided, by loan or donation, from existing stocks of the Department of Defense and the Department of Energy.

(3) The total amount of the assistance provided in the form of funds under this section, including funds used for activities of the Department of Defense in support of the United Nations Special Commission on Iraq, may not exceed \$25,000,000 for fiscal year 1994, \$20,000,000 for fiscal year 1995, \$15,000,000 for fiscal year 1996, \$15,000,000 for fiscal year 1997, or \$15,000,000 for fiscal year 1998.

(4)(A) In the event of a significant unforeseen development related to the activities of the United Nations Special Commission on Iraq (or any successor organization) for which the Secretary of Defense determines that financial assistance under this section is required at a level which would result in the total amount of assistance provided under this section during the then-current fiscal year exceeding the amount of any limitation provided by law on the total amount of such assistance for that fiscal year, the Secretary of Defense may provide such assistance with respect to that fiscal year notwithstanding that limitation. Funds for such purpose may be derived from any funds available to the Department of Defense for that fiscal year.

(B) Financial assistance may be provided under subparagraph (A) only after the Secretary of Defense provides notice in writing to the committees of Congress named in subsection (e)(2) of the significant unforeseen development and of the Secretary's intent to provide assistance in excess of the limitation for that fiscal year. However, if the Secretary determines in any case that under the specific circumstances of that case advance notice is not possible, such notice shall be provided as soon as possible and not later than 15 days after the date on which the assistance is provided. Any notice under this subparagraph shall include a description of the development, the amount of assistance provided or to be provided, and the source of the funds for that assistance.

(e) Quarterly report

(1) Not later than 30 days after the end of each quarter of a fiscal year during which the authority of the Secretary of Defense to provide assistance under this section is in effect, the Secretary of Defense shall transmit to the committees of Congress named in paragraph (2) a report of the activities to reduce the proliferation threat carried out under this section. Each report shall set forth (for the preceding quarter and cumulatively)—

(A) the amounts spent for such activities and the purposes for which they were spent;

(B) a description of the participation of the Department of Defense and the Department of Energy and the participation of other Government agencies in those activities; and

(C) a description of the activities for which the funds were spent.

(2) The committees of Congress to which reports under paragraph (1) are to be transmitted are—

(B) the Committee on Armed Services, the Committee on Appropriations, the Committee on International Relations, and the Committee on Commerce of the House of Representatives.

(f) Termination of authority

The authority of the Secretary of Defense to provide assistance under this section terminates at the close of fiscal year 2003.

§ 5861. Research and Development Foundation

(a) Establishment

The Director of the National Science Foundation (hereinafter in this section referred to as the “Director”) is authorized to establish an endowed, nongovernmental, nonprofit foundation (hereinafter in this section referred to as the “Foundation”) in consultation with the Director of the National Institute of Standards and Technology.

(b) Purposes

The purposes of the Foundation shall be the following:

(1) To provide productive research and development opportunities within the independent states of the former Soviet Union that offer scientists and engineers alternatives to emigration and help prevent the dissolution of the technological infrastructure of the independent states.

(2) To advance defense conversion by funding civilian collaborative research and development projects between scientists and engineers in the United States and in the independent states of the former Soviet Union.

(3) To assist in the establishment of a market economy in the independent states of the former Soviet Union by promoting, identifying, and partially funding joint research, development, and demonstration ventures between United States businesses and scientists, engineers, and entrepreneurs in those independent states.

(4) To provide a mechanism for scientists, engineers, and entrepreneurs in the independent states of the former Soviet Union to develop an understanding of commercial busi-

ness practices by establishing linkages to United States scientists, engineers, and businesses.

(5) To provide access for United States businesses to sophisticated new technologies, talented researchers, and potential new markets within the independent states of the former Soviet Union.

(c) Functions

In carrying out its purposes, the Foundation shall—

(1) promote and support joint research and development projects for peaceful purposes between scientists and engineers in the United States and independent states of the former Soviet Union on subjects of mutual interest; and

(2) seek to establish joint nondefense industrial research, development, and demonstration activities through private sector linkages which may involve participation by scientists and engineers in the university or academic sectors, and which shall include some contribution from industrial participants.

(d) Funding

(1) Use of certain Department of Defense funds

(A) To the extent funds appropriated to carry out subtitle E of title XIV of the National Defense Authorization Act for Fiscal Year 1993 [22 U.S.C. 5931] (relating to joint research and development programs with the independent states of the former Soviet Union) are otherwise available for such purpose, such funds may be made available to the Director for use by the Director in establishing the endowment of the Foundation and otherwise carrying out this section.

(B) For each fiscal year after fiscal year 1993, not more than 50 percent of the funds made available to the Foundation by the United States Government may be funds appropriated in the national defense budget function (function 050).

(2) Contribution to endowment by participating independent states

As a condition of participation in the Foundation, an independent state of the former Soviet Union must make a minimum contribution to the endowment of the Foundation, as determined by the Director, which shall reflect the ability of the independent state to make a financial contribution and its expected level of participation in the Foundation’s programs.

(3) Debt conversions

To the extent provided in advance by appropriations Acts, local currencies or other assets resulting from government-to-government debt conversions may be made available to the Foundation. For purposes of this paragraph, the term “debt conversion” means an agreement whereby a country’s government-to-government or commercial external debt burden is exchanged by the holder for local currencies, policy commitments, other assets, or other economic activities, or for an equity interest in an enterprise theretofore owned by the debtor government.
