SUBCHAPTER III—REPORTS

§ 6741. Reports required by United States National Authority

(a) Regulations on recordkeeping

(1) Requirements

The United States National Authority shall ensure that regulations are prescribed that require each person located in the United States who produces, processes, consumes, exports, or imports, or proposes to produce, process, consume, export, or import, a chemical substance that is subject to the Convention to—

(A) maintain and permit access to records related to that production, processing, consumption, export, or import of such substance; and

(B) submit to the Director of the United States National Authority such reports as the United States National Authority may reasonably require to provide to the Organization, pursuant to subparagraph 1(a) of the Annex on Confidentiality of the Convention, the minimum amount of information and data necessary for the timely and efficient conduct by the Organization of its responsibilities under the Convention.

(2) Rulemaking

The Director of the United States National Authority shall ensure that regulations pursuant to this section are prescribed expeditiously.

(b) Coordination

(1) Avoidance of duplication

To the extent feasible, the United States Government shall not require the submission of any report that is unnecessary or duplicative of any report required by or under any other law. The head of each Federal agency shall coordinate the actions of that agency with the heads of the other Federal agencies in order to avoid the imposition of duplicative reporting requirements under this chapter or any other law.

(2) Definition

As used in paragraph (1), the term “Federal agency” has the meaning given the term “agency” in section 551(1) of title 5.

§ 6742. Prohibition relating to low concentrations of Schedules 2 and 3 chemicals

(a) Prohibition

Notwithstanding any other provision of this chapter, no person located in the United States shall be required to report on, or to submit to, any routine inspection conducted for the purpose of verifying the production, possession, consumption, exportation, importation, or proposed production, possession, consumption, exportation, or importation of any substance that contains less than—

(1) 10 percent concentration of a Schedule 2 chemical; or

(2) 80 percent concentration of a Schedule 3 chemical.

(b) Standard for measurement of concentration

The percent concentration of a chemical in a substance shall be measured on the basis of volume or total weight, which measurement yields the lesser percent.

§ 6743. Prohibition relating to unscheduled discrete organic chemicals and coincidental by-products in waste streams

(a)¹ Prohibition

Notwithstanding any other provision of this chapter, no person located in the United States shall be required to report on, or to submit to, any routine inspection conducted for the purpose of verifying the production, possession, consumption, exportation, importation, or proposed production, possession, consumption, exportation, or importation of any substance that is—

(1) an unscheduled discrete organic chemical; and

(2) a coincidental byproduct of a manufacturing or production process that is not isolated or captured for use or sale during the process and is routed to, or escapes, from the waste stream of a stack, incinerator, or waste-
