The Administrator of the National Oceanic and Atmospheric Administration shall evaluate the National Academy of Sciences study and develop a workforce program and plan to institutionalize the Administration’s Federal science career pathways and address aging workforce issues. The program and plan shall be developed in consultation with the Administration’s cooperative institutes and other academic partners to identify and implement programs and mechanisms to ensure that—

(1) sufficient highly qualified scientists are able to transition into Federal career scientist positions in the Administration’s laboratories and programs; and

(2) the technical and management experiences of senior employees are documented and transferred before leaving Federal service.
