vented should be recycled in an environmentally safe manner, whenever feasible; pollution that cannot be prevented or recycled should be treated in an environmentally safe manner whenever feasible; and disposal or other release into the environment should be employed only as a last resort and should be conducted in an environmentally safe manner.

(Pub. L. 101–508, title VI, §6602, Nov. 5, 1990, 104 Stat. 1388–321.)

References in Text

This chapter, referred to in subsec. (a)(5), was in the original "this subtitle", meaning subtitle F ($\S\S6501$, 6601–6610) of title VI, Pub. L. 101–508, which is classified generally to this chapter. For complete classification of subtitle F to the Code, see Short Title note below and Tables.

SHORT TITLE

Pub. L. 101–508, title VI, §6601, Nov. 5, 1990, 104 Stat. 1388–321, provided that: "This subtitle [subtitle F (§§6501, 6601–6610) of title VI of Pub. L. 101–508, enacting this chapter and section 4370c of this title] may be cited as the 'Pollution Prevention Act of 1990'."

§ 13102. Definitions

For purposes of this chapter—

- (1) The term "Administrator" means the Administrator of the Environmental Protection Agency.
- (2) The term "Agency" means the Environmental Protection Agency.
- (3) The term "toxic chemical" means any substance on the list described in section 11023(c) of this title.
- (4) The term "release" has the same meaning as provided by section 11049(8) of this title. (5)(A) The term "source reduction" means any practice which—
 - (i) reduces the amount of any hazardous substance, pollutant, or contaminant entering any waste stream or otherwise released into the environment (including fugitive emissions) prior to recycling, treatment, or disposal: and
 - (ii) reduces the hazards to public health and the environment associated with the release of such substances, pollutants, or contaminants.

The term includes equipment or technology modifications, process or procedure modifications, reformulation or redesign of products, substitution of raw materials, and improvements in housekeeping, maintenance, training, or inventory control.

- (B) The term "source reduction" does not include any practice which alters the physical, chemical, or biological characteristics or the volume of a hazardous substance, pollutant, or contaminant through a process or activity which itself is not integral to and necessary for the production of a product or the providing of a service.
- (6) The term "multi-media" means water, air, and land.
- (7) The term "SIC codes" refers to the 2-digit code numbers used for classification of economic activity in the Standard Industrial Classification Manual.

(Pub. L. 101–508, title VI, §6603, Nov. 5, 1990, 104 Stat. 1388–321.)

§ 13103. EPA activities

(a) Authorities

The Administrator shall establish in the Agency an office to carry out the functions of the Administrator under this chapter. The office shall be independent of the Agency's single-medium program offices but shall have the authority to review and advise such offices on their activities to promote a multi-media approach to source reduction. The office shall be under the direction of such officer of the Agency as the Administrator shall designate.

(b) Functions

The Administrator shall develop and implement a strategy to promote source reduction. As part of the strategy, the Administrator shall—

- (1) establish standard methods of measurement of source reduction;
- (2) ensure that the Agency considers the effect of its existing and proposed programs on source reduction efforts and shall review regulations of the Agency prior and subsequent to their proposal to determine their effect on source reduction;
- (3) coordinate source reduction activities in each Agency Office ¹ and coordinate with appropriate offices to promote source reduction practices in other Federal agencies, and generic research and development on techniques and processes which have broad applicability;
- (4) develop improved methods of coordinating, streamlining and assuring public access to data collected under Federal environmental statutes;
- (5) facilitate the adoption of source reduction techniques by businesses. This strategy shall include the use of the Source Reduction Clearinghouse and State matching grants provided in this chapter to foster the exchange of information regarding source reduction techniques, the dissemination of such information to businesses, and the provision of technical assistance to businesses. The strategy shall also consider the capabilities of various businesses to make use of source reduction techniques;
- (6) identify, where appropriate, measurable goals which reflect the policy of this chapter, the tasks necessary to achieve the goals, dates at which the principal tasks are to be accomplished, required resources, organizational responsibilities, and the means by which progress in meeting the goals will be measured;
- (8) establish an advisory panel of technical experts comprised of representatives from industry, the States, and public interest groups, to advise the Administrator on ways to improve collection and dissemination of data;
- (9) establish a training program on source reduction opportunities, including workshops and guidance documents, for State and Federal permit issuance, enforcement, and inspection officials working within all agency program offices.³
- (10) identify and make recommendations to Congress to eliminate barriers to source re-

¹So in original. Probably should not be capitalized.

² So in original, Subsec. (b) enacted without a par. (7).

³ So in original. The period probably should be a semicolon.
