§ 13233. Data acquisition program

- (a) Not later than one year after October 24, 1992, the Secretary, through the Energy Information Administration, and in cooperation with appropriate State, regional, and local authorities, shall establish a data collection program to be conducted in at least 5 geographically and climatically diverse regions of the United States for the purpose of collecting data which would be useful to persons seeking to manufacture, convert, sell, own, or operate alternative fueled vehicles or alternative fueling facilities. Such data shall include—
 - (1) identification of the number and types of motor vehicle trips made daily and miles driven per trip, including commuting, business, and recreational trips;
 - (2) the projections of the Secretary as to the most likely combination of alternative fueled vehicle use and other forms of transit, including rail and other forms of mass transit;
 - (3) cost, performance, environmental, energy, and safety data on alternative fuels and alternative fueled vehicles; and
 - (4) other appropriate demographic information and consumer preferences.
- (b) The Secretary shall consult with interested parties, including other appropriate Federal agencies, manufacturers, public utilities, owners and operators of fleets of light duty motor vehicles, and State or local governmental entities, to determine the types of data to be collected and analyzed under subsection (a) of this section.

§ 13234. Federal Energy Regulatory Commission authority to approve recovery of certain expenses in advance

(a) Natural gas motor vehicles

The Federal Energy Regulatory Commission may, under section 717c of title 15, allow recovery of expenses in advance by natural-gas companies for research, development, and demonstration activities by the Gas Research Institute for projects on the use of natural gas, including fuels derived from natural gas, for transportation, and projects on the use of natural gas to control pollutants and to control emissions from the combustion of other fuels, if the Commission finds that the benefits, including environmental benefits, to existing and future rate-payers resulting from such activities exceed all direct costs to existing and future ratepayers.

To the maximum extent practicable, through the establishment of cofunding requirements applicable to such projects, the Commission shall ensure that the costs of such activities shall be provided in part, through contributions of cash, personnel, services, equipment, and other resources, by sources other than the recovery of expenses pursuant to this section.

(b) Electric motor vehicles

The Federal Energy Regulatory Commission may, under section 824d of title 16, allow recovery of expenses in advance by electric utilities for research, development, and demonstration activities by the Electric Power Research Institute for projects on electric motor vehicles, if the Commission finds that the benefits, including environmental benefits, to existing and future ratepayers resulting from such activities exceed all direct costs to existing and future ratepayers. To the maximum extent practicable, through the establishment of cofunding requirements applicable to each project, the costs of such activities shall be provided, in part, through contributions of cash, personnel, services, equipment, and other resources, by sources other than the recovery of expenses pursuant to this section.

CODIFICATION

Section is comprised of section 408 of Pub. L. 102–486. Subsec. (c) of section 408 of Pub. L. 102–486 repealed provisions of title III of Pub. L. 102–104, formerly set out as a note under section 717c of Title 15, Commerce and Trade

§ 13235. State and local incentives programs

(a) Establishment of program

- (1) The Secretary shall, within one year after October 24, 1992, issue regulations establishing guidelines for comprehensive State alternative fuels and alternative fueled vehicle incentives and program plans designed to accelerate the introduction and use of such fuels and vehicles. Such guideline shall address the development, modification, and implementation of such State plans and shall describe those program elements, as described in paragraph (3), to be addressed in such plans.
- (2) The Secretary, after consultation with the Secretary of Transportation and the Administrator of the Environmental Protection Agency, shall invite the Governor of each State to submit to the Secretary a State plan within one year after the effective date of the regulations issued under paragraph (1). Such plan shall include—
 - (A) provisions designed to result in scheduled progress toward, and achievement of, the goal of introducing substantial numbers of alternative fueled vehicles in such State by the year 2000; and
 - (B) a detailed description of the requirements, including the estimated cost of implementation, of such plan.
- (3) Each proposed State plan, in order to be eligible for Federal assistance under this section,
