(A) having maturities determined by the Secretary of the Treasury to be appropriate for what the Department determines to be the needs of the Fund; and

(B) bearing interest at rates determined to be appropriate by the Secretary of the Treasury, taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to these obligations.

§ 2297g-1. Deposits**(a) Amount**

The Fund shall consist of deposits in the amount of \$518,233,333 per fiscal year (to be annually adjusted for inflation beginning on October 24, 1992, using the Consumer Price Index for all-urban consumers published by the Department of Labor) as provided in this section.

(b) Source

Deposits described in subsection (a) of this section shall be from the following sources:

(1) Sums collected pursuant to subsection (c) of this section.

For purposes of this subsection—

(1) a utility shall be considered to have purchased a separative work unit from the Department if such separative work unit was produced by the Department, but purchased by the utility from another source; and

(2) a utility shall not be considered to have purchased a separative work unit from the Department if such separative work unit was purchased by the utility, but sold to another source.

(d) Authorization of appropriations
