

may be used to implement or enforce the regulations promulgated by the Department of Housing and Urban Development on June 6, 1988, with respect to the testing and abatement of lead-based paint in public housing until the Secretary develops comprehensive technical guidelines on reliable testing protocols, safe and effective abatement techniques, cleanup methods, and acceptable post-abatement lead dust levels.”

REGULATIONS AND CONSULTATION

Pub. L. 100-242, title V, §566(b), Feb. 5, 1988, 101 Stat. 1947, as amended by Pub. L. 100-418, title V, §5115(c), Aug. 23, 1988, 102 Stat. 1433; Pub. L. 100-628, title X, §1088(g), Nov. 7, 1988, 102 Stat. 3282, provided that:

“(1) PROPOSED REGULATIONS.—Not later than the expiration of the 60-day period following the date of the enactment of this Act [Feb. 5, 1988], the Secretary of Housing and Urban Development shall publish proposed regulations to carry out the amendments made by this section [amending this section].

“(2) FINAL REGULATIONS.—The Secretary shall publish final regulations to carry out the amendments made by this section, which shall become effective not later than the expiration of the 120-day period following the date of the enactment of this Act.

“(3) REQUIRED CONSULTATIONS.—Before issuing proposed regulations and in preparing reports under this section, the Secretary shall consult with—

“(A) the National Institute of Building Sciences, the Environmental Protection Agency, the National Institute of Environmental Health Sciences, the Centers for Disease Control [now Centers for Disease Control and Prevention], the Consumer Product Safety Commission, major public housing organizations, other major housing organizations, and the National Institute of Standards and Technology with respect to the most cost-effective methods of detecting and abating lead-based paint poisoning hazards; and

“(B) public housing agencies to develop a cost-efficient plan for detecting and abating lead-based paint poisoning hazards in dwelling assisted under section 8 of the United States Housing Act of 1937 [42 U.S.C. 1437f] and dwellings in public housing assisted under such Act [42 U.S.C. 1437 et seq.]”

SUBCHAPTER IV—PROHIBITION AGAINST FUTURE USE OF LEAD-BASED PAINT

§ 4831. Use of lead-based paint

(a) Prohibition by Secretary of Health and Human Services in application to cooking, drinking, or eating utensils

The Secretary of Health and Human Services shall take such steps and impose such conditions as may be necessary or appropriate to prohibit the application of lead-based paint to any cooking utensil, drinking utensil, or eating utensil manufactured and distributed after January 13, 1971.

(b) Prohibition by Secretary of Housing and Urban Development of use in residential structures constructed or rehabilitated by Federal Government or with Federal assistance

The Secretary of Housing and Urban Development shall take steps and impose such conditions as may be necessary or appropriate to prohibit the use of lead-based paint in residential structures constructed or rehabilitated by the Federal Government, or with Federal assistance in any form after January 13, 1971.

(c) Prohibition by Consumer Product Safety Commission in application to toys or furniture articles

The Consumer Product Safety Commission shall take such steps and impose such condi-

tions as may be necessary or appropriate to prohibit the application of lead-based paint to any toy or furniture article.

(Pub. L. 91-695, title IV, §401, Jan. 13, 1971, 84 Stat. 2079; Pub. L. 93-151, §5, Nov. 9, 1973, 87 Stat. 566; Pub. L. 94-317, title II, §204(b), June 23, 1976, 90 Stat. 705; Pub. L. 96-88, title V, §509(b), Oct. 17, 1979, 93 Stat. 695.)

REFERENCES IN TEXT

January 13, 1971, referred to in subsecs. (a) and (b), was in the original “the date of enactment of this Act”.

AMENDMENTS

1976—Pub. L. 94-317 amended section generally, designating existing provisions as subsec. (a), striking out requirement of consultation with Secretary of Housing and Urban Development and provisions relating to prohibition of use of lead based paint in residential structures constructed or rehabilitated by Federal Government or with Federal assistance, and adding subsecs. (b) and (c).

1973—Pub. L. 93-151 amended section generally, providing for consultation of the Secretaries, incorporating existing provisions as cl. (1), and adding cl. (2).

CHANGE OF NAME

“Secretary of Health and Human Services” substituted for “Secretary of Health, Education, and Welfare” in subsec. (a) pursuant to section 509(b) of Pub. L. 96-88, which is classified to section 3508(b) of Title 20, Education.

SUBCHAPTER V—GENERAL PROVISIONS

§ 4841. Definitions

As used in this chapter—

(1) The term “State” means the several States, the District of Columbia, the Commonwealth of Puerto Rico, and the territories and possessions of the United States.

(2) The term “units of general local government” means (A) any city, county, township, town, borough, parish, village, or other general purpose political subdivision of a State, (B) any combination of units of general local government in one or more States, (C) an Indian tribe, or (D) with respect to lead-based paint poisoning elimination activities in their urban areas, the territories and possessions of the United States.

(3)(A) Except as provided in subparagraph (B), the term “lead-based paint” means any paint containing more than five-tenths of 1 per centum lead by weight (calculated as lead metal) in the total nonvolatile content of the paint, or the equivalent measure of lead in the dried film of paint already applied, or both.

(B)(i) The Consumer Product Safety Commission shall, during the six-month period beginning on the date of the enactment of the National Health Promotion and Disease Prevention Act of 1976, determine, on the basis of available data and information and after providing opportunity for an oral hearing and considering recommendations of the Secretary of Health and Human Services (including those of the Centers for Disease Control and Prevention) and of the National Academy of Sciences, whether or not a level of lead in paint which is greater than six one-hundredths of 1 per centum but not in excess of five-tenths
