

tional Institutes of Health as the Director of NIH determines to be appropriate.

(3) Each center developed or expanded under paragraph (1) shall—

(A) utilize the facilities of a single institution, or be formed from a consortium of cooperating institutions, meeting such research and training qualifications as may be prescribed by the Director;

(B) conduct basic and clinical research into the cause, diagnosis, early detection, prevention, control and treatment of nutritional disorders, including obesity and the impact of nutrition and diet on child development;

(C) conduct training programs for physicians and allied health professionals in current methods of diagnosis and treatment of such diseases and complications, and in research in such disorders; and

(D) conduct information programs for physicians and allied health professionals who provide primary care for patients with such disorders or complications.

(e) Geographic distribution; period of support, additional periods

Insofar as practicable, centers developed or expanded under this section should be geographically dispersed throughout the United States and in environments with proven research capabilities. Support of a center under this section may be for a period of not to exceed five years and such period may be extended by the Director of the Institute for additional periods of not more than five years each if the operations of such center have been reviewed by an appropriate technical and scientific peer review group established by the Director and if such group has recommended to the Director that such period should be extended.

(July 1, 1944, ch. 373, title IV, § 431, as added Pub. L. 99-158, § 2, Nov. 20, 1985, 99 Stat. 846; amended Pub. L. 103-43, title VI, § 601(b), June 10, 1993, 107 Stat. 161.)

AMENDMENTS

1993—Subsecs. (d), (e). Pub. L. 103-43 added subsec. (d) and redesignated former subsec. (d) as (e).

§ 285c-6. Advisory council subcommittees

There are established within the advisory council for the Institute appointed under section 284a of this title a subcommittee on diabetes and endocrine and metabolic diseases, a subcommittee on digestive diseases and nutrition, and a subcommittee on kidney, urologic, and hematologic diseases. The subcommittees shall be composed of members of the advisory council who are outstanding in the diagnosis, prevention, and treatment of the diseases for which the subcommittees are established and members of the advisory council who are leaders in the fields of education and public affairs. The subcommittees are authorized to review applications made to the Director of the Institute for grants for research and training projects relating to the diagnosis, prevention, and treatment of the diseases for which the subcommittees are established and shall recommend to the advisory council those applications and contracts that the subcommittees determine will best carry

out the purposes of the Institute. The subcommittees shall also review and evaluate the diabetes and endocrine and metabolic diseases, digestive diseases and nutrition, and kidney, urologic, and hematologic diseases programs of the Institute and recommend to the advisory council such changes in the administration of such programs as the subcommittees determine are necessary.

(July 1, 1944, ch. 373, title IV, § 432, as added Pub. L. 99-158, § 2, Nov. 20, 1985, 99 Stat. 847.)

§ 285c-7. Biennial report

The Director of the Institute shall prepare for inclusion in the biennial report made under section 284b¹ of this title a description of the Institute's activities—

(1) under the current diabetes plan under the National Diabetes Mellitus Research and Education Act; and

(2) under the current digestive diseases plan formulated under the Arthritis, Diabetes, and Digestive Diseases Amendments of 1976.

The description submitted by the Director shall include an evaluation of the activities of the centers supported under section 285c-5 of this title.

(July 1, 1944, ch. 373, title IV, § 433, as added Pub. L. 99-158, § 2, Nov. 20, 1985, 99 Stat. 848.)

REFERENCES IN TEXT

Section 284b of this title, referred to in text, was repealed by Pub. L. 109-482, title I, § 104(b)(1)(C), Jan. 15, 2007, 120 Stat. 3693.

The National Diabetes Mellitus Research and Education Act, referred to in par. (1), is Pub. L. 93-354, July 23, 1974, 88 Stat. 373, as amended, which enacted former sections 289c-1a, 289c-2, and 289c-3 of this title, amended section 247b and former section 289c-1 of this title, and enacted provisions formerly set out as notes under section 289c-2 of this title. For complete classification of this Act to the Code, see Short Title of 1974 Amendments note set out under section 201 of this title and Tables.

The Arthritis, Diabetes, and Digestive Diseases Amendments of 1976, referred to in par. (2), is Pub. L. 94-562, Oct. 19, 1976, 90 Stat. 2645, as amended, which enacted former sections 289c-3a, 289c-7, and 289c-8 of this title, amended former sections 289c-2, 289c-5, and 289c-6 of this title, and enacted provisions formerly set out as notes under sections 289a, 289c-3a, and 289c-7 of this title. For complete classification of this Act to the Code, see Short Title of 1976 Amendments note set out under section 201 of this title and Tables.

§ 285c-8. Nutritional disorders program

(a) Establishment

The Director of the Institute, in consultation with the Director of NIH, shall establish a program of conducting and supporting research, training, health information dissemination, and other activities with respect to nutritional disorders, including obesity.

(b) Support of activities

In carrying out the program established under subsection (a) of this section, the Director of the Institute shall conduct and support each of the activities described in such subsection.
