§ 434. Demonstration project authority

(a) Authority

(1) In general

The Commissioner of Social Security (in this section referred to as the “Commissioner”) shall develop and carry out experiments and demonstration projects designed to determine the relative advantages and disadvantages of—

(A) various alternative methods of treating the work activity of individuals entitled to disability insurance benefits under section 423 of this title or to monthly insurance benefits under section 402 of this title based on such individual's disability (as defined in section 423(d) of this title), including such methods as a reduction in benefits based on earnings, designed to encourage the return to work of such individuals;

(B) altering other limitations and conditions applicable to such individuals (includ-

ing lengthening the trial work period (as defined in section 422(c) of this title), altering the 24-month waiting period for hospital insurance benefits under section 426 of this title, altering the manner in which the program under this subchapter is administered, earlier referral of such individuals for rehabilitation, and greater use of employers and others to develop, perform, and otherwise stimulate new forms of rehabilitation); and

(C) implementing sliding scale benefit offsets using variations in—

- (i) the amount of the offset as a proportion of earned income;
- (ii) the duration of the offset period; and
- (iii) the method of determining the amount of income earned by such individuals,

to the end that savings will accrue to the Trust Funds, or to otherwise promote the objectives or facilitate the administration of this subchapter.

(2) Authority for expansion of scope

The Commissioner may expand the scope of any such experiment or demonstration project to include any group of applicants for benefits under the program established under this subchapter with impairments that reasonably may be presumed to be disabling for purposes of such demonstration project, and may limit any such demonstration project to any such group of applicants, subject to the terms of such demonstration project which shall define the extent of any such presumption.

(c) Authority to waive compliance with benefits requirements

In the case of any experiment or demonstration project initiated under subsection (a) of this section on or before December 17, 2005, the Commissioner may waive compliance with the benefit requirements of this subchapter and the requirements of section 1320b-19 of this title as they relate to the program established under this subchapter, and the Secretary may (upon the request of the Commissioner) waive compliance with the benefits requirements of subchapter XVIII of this chapter, insofar as is necessary for a thorough evaluation of the alternative methods under consideration.
