AUTHORIZATION OF APPROPRIATIONS

Pub. L. 102-190, title VIII, §822(d)(2), Dec. 5, 1991, 105 Stat. 1435, provided that: “There is authorized to be appropriated for each fiscal year after fiscal year 1991 for the Institute such sums as may be necessary for the operation of the Institute.”

REFERENCES TO CRITICAL TECHNOLOGIES INSTITUTE

Pub. L. 105-207, title II, §208(b), July 29, 1998, 112 Stat. 878, provided that: “All references in Federal law or regulations to the Critical Technologies Institute shall be considered to be references to the Science and Technology Policy Institute.”

§ 6687. Critical technology strategies

(a) Requirement for critical technology strategies

(1) The President shall develop and revise as needed a multiyear strategy for federally supported research and development for each critical technology designated by the President. In designating critical technologies for the purpose of this section, the President shall begin with the national critical technologies listed in a biennial report on national critical technologies submitted to Congress by the President pursuant to section 6683(d)¹ of this title. A critical technology strategy may cover more than one critical technology.

(2) The President shall assign responsibilities and develop procedures for conducting executive branch activities to carry out this section.

(3) During the development of a critical technology strategy, the President shall provide for the following:

(A) The development of goals and objectives for the appropriate Federal role in the development of the critical technology or technologies that the President expects to be covered by the strategy.

(B) Close consultation with appropriate representatives of United States industries, members of industry associations, representatives of labor organizations in the United States, members of professional and technical societies in the United States and other persons who are qualified to provide advice and assistance in the development of such critical technology or technologies.

(C) The development of an organizational structure within the Federal Government that is appropriate for coordinating, managing, and reviewing the Federal Government’s role in the implementation of the strategy, including allocating roles among Federal departments and agencies.

(D) The development of policies and procedures for synergistic government, industrial, and university participation in the implementation of the strategy.

(E) The development of Federal budget estimates for research and development regarding the critical technology or technologies covered by the strategy for the first five fiscal years covered by that strategy.

(b) Report

Not later than February 15 of each year, beginning in 1993, the President shall submit to Congress an annual report describing the implementation of subsection (a) of this section. The annual report shall include the following:

(1) For each critical technology designated by the President for the purpose of subsection (a) of this section, a description of the progress made in implementing subsection (a) of this section during the fiscal year preceding the fiscal year in which the report is submitted.

(2) A description of each proposed program, if any, for further implementing subsection (a) of this section with respect to a critical technology through the date for the submission of the next annual report.

(3) A copy of each strategy, if any, completed or revised pursuant to subsection (a) of this section during the fiscal year covered by the report.

(Pub. L. 102-190, div. A, title VIII, §822(a), (b), Dec. 5, 1991, 105 Stat. 1432, 1433.)

PUBLIC WORKS INVESTMENT STUDY; PRELIMINARY REPORT; FINAL REPORT WITHIN 18 MONTHS AFTER MAY 13, 1977

Pub. L. 95-28, title I, §110, May 13, 1977, 91 Stat. 119, directed Secretary of Commerce to study public works investment in United States and implications for future of recent trends in such investment and submit a report with respect to its findings and recommendations no later than 18 months after May 13, 1977.

§ 6702. Direct grants; Federal share

(a) The Secretary is authorized to make grants to any State or local government for construction (including demolition and other site preparation activities), renovation, repair, or other improvement of local public works projects including but not limited to those public works projects of State and local governments for which Federal financial assistance is authorized under provisions of law other than this chapter. In addition the Secretary is authorized to make grants to any State or local government for the completion of plans, specifications, and estimates for local public works projects where either architectural design or preliminary engineering or related planning has already been undertaken and where additional architectural and engineering work or related planning is required to permit construction of the project under this chapter.

(b) The Federal share of any project for which a grant is made under this section shall be 100 per centum of the cost of the project.

(Pub. L. 94-369, title I, §103, July 22, 1976, 90 Stat. 999.)

§ 6703. Grants supplementing Federal contributions under other Federal laws; Federal share

In addition to the grants otherwise authorized by this chapter, the Secretary is authorized to make a grant for the purpose of increasing the Federal contribution to a public works project for which Federal financial assistance is authorized under provisions of law other than this chapter. Any grant made for a public works project under this section shall be in such amount as may be necessary to make the Federal share of the cost of such project 100 per centum. No grant shall be made for a project under this section unless the Federal financial assistance for such project authorized under provisions of law other than this chapter is immediately available for such project and construction of such project has not yet been initiated because of lack of funding for the non-Federal share.

(Pub. L. 94-369, title I, §104, July 22, 1976, 90 Stat. 999.)
