

ning and implementation of major research and demonstration programs for the development of technologies and processes to reduce total energy consumption, the administration of voluntary and mandatory energy conservation programs, and the dissemination to the public of all available information on energy conservation programs and measures.

(10) Power marketing functions, including responsibility for marketing and transmission of Federal power.

(11) Public and congressional relations functions, including responsibilities for providing a continuing liaison between the Department and the Congress and the Department and the public.

(b) At the time the name of any individual is submitted for confirmation to the position of Assistant Secretary, the President shall identify with particularity the function or functions described in subsection (a) of this section (or any portion thereof) for which such individual will be responsible.

(Pub. L. 95-91, title II, §203, Aug. 4, 1977, 91 Stat. 570; Pub. L. 106-65, div. C, title XXXII, §3294(a)(2), (b), Oct. 5, 1999, 113 Stat. 970; Pub. L. 109-58, title X, §1006(b)(1), Aug. 8, 2005, 119 Stat. 931; Pub. L. 111-11, title XIII, §13004(a), Mar. 30, 2009, 123 Stat. 1449.)

REFERENCES IN TEXT

This chapter, referred to in subsec. (a), was in the original "this Act", meaning Pub. L. 95-91, Aug. 4, 1977, 91 Stat. 565, known as the Department of Energy Organization Act, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 7101 of this title and Tables.

AMENDMENTS

2009—Subsec. (a). Pub. L. 111-11 substituted "8 Assistant Secretaries" for "7 Assistant Secretaries" in introductory provisions.

2005—Subsec. (a). Pub. L. 109-58 substituted "7" for "six" in introductory provisions.

1999—Subsec. (a). Pub. L. 106-65, §3294(a)(2), substituted "six" for "eight" in introductory provisions.

Subsec. (a)(5). Pub. L. 106-65, §3294(b), struck out par. (5) which read as follows: "National security functions, including those transferred to the Department from the Energy Research and Development Administration which relate to management and implementation of the nuclear weapons program and other national security functions involving nuclear weapons research and development."

EFFECTIVE DATE OF 1999 AMENDMENT

Amendment by Pub. L. 106-65 effective Mar. 1, 2000, see section 3299 of Pub. L. 106-65, set out as an Effective Date note under section 2401 of Title 50, War and National Defense.

FEDERAL POWER MARKETING ADMINISTRATION EMPLOYMENT LEVELS

Pub. L. 101-514, title V, §510, Nov. 5, 1990, 104 Stat. 2098, provided that no funds appropriated or made available were to be used by the executive branch to change employment levels determined by Administrators of the Federal Power Marketing Administrations to be necessary to carry out their responsibilities under this chapter and related laws, or to change employment levels of other Department of Energy programs to compensate for employment levels of the Federal Power Marketing Administrations, prior to repeal by Pub. L. 104-46, title V, §501, Nov. 13, 1995, 109 Stat. 419.

MARKETING AND EXCHANGE OF SURPLUS ELECTRICITY FROM NAVAJO GENERATING STATION

Pub. L. 98-381, title I, §107, Aug. 17, 1984, 98 Stat. 1339, provided that:

"(a) Subject to the provisions of any existing layoff contracts, electrical capacity and energy associated with the United States' interest in the Navajo generating station which is in excess of the pumping requirements of the Central Arizona project and any such needs for desalting and protective pumping facilities as may be required under section 101(b)(2)(B) of the Colorado River Basin Salinity Control Act of 1974, as amended [43 U.S.C. 1571(b)(2)(B)] (hereinafter in this Act referred to as 'Navajo surplus') shall be marketed and exchanged by the Secretary of Energy pursuant to this section.

"(b) Navajo surplus shall be marketed by the Secretary of Energy pursuant to the plan adopted under subsection (c) of this section, directly to, with or through the Arizona Power Authority and/or other entities having the status of preference entities under the reclamation law in accordance with the preference provisions of section 9(c) of the Reclamation Project Act of 1939 [43 U.S.C. 485h(c)] and as provided in part IV, section A of the Criteria.

"(c) In the marketing and exchanging of Navajo surplus, the Secretary of the Interior shall adopt the plan deemed most acceptable, after consultation with the Secretary of Energy, the Governor of Arizona, and the Central Arizona Water Conservation District (or its successor in interest to the repayment obligation for the Central Arizona project), for the purposes of optimizing the availability of Navajo surplus and providing financial assistance in the timely construction and repayment of construction costs of authorized features of the Central Arizona project. The Secretary of the Interior, in concert with the Secretary of Energy, in accordance with section 14 of the Reclamation Project Act of 1939 [43 U.S.C. 389], shall grant electrical power and energy exchange rights with Arizona entities as necessary to implement the adopted plan: *Provided, however,* That if exchange rights with Arizona entities are not required to implement the adopted plan, exchange rights may be offered to other entities.

"(d) For the purposes provided in subsection (c) of this section, the Secretary of Energy, or the marketing entity or entities under the adopted plan, are authorized to establish and collect or cause to be established and collected, rate components, in addition to those currently authorized, and to deposit the revenues received in the Lower Colorado River Basin Development Fund to be available for such purposes and if required under the adopted plan, to credit, utilize, pay over directly or assign revenues from such additional rate components to make repayment and establish reserves for repayment of funds, including interest incurred, to entities which have advanced funds for the purposes of subsection (c) of this section: *Provided, however,* That rates shall not exceed levels that allow for an appropriate saving for the contractor.

"(e) To the extent that this section may be in conflict with any other provision of law relating to the marketing and exchange of Navajo surplus, or to the disposition of any revenues therefrom, this section shall control."

§7134. Federal Energy Regulatory Commission; compensation of Chairman and members

There shall be within the Department, a Federal Energy Regulatory Commission established by subchapter IV of this chapter (hereinafter referred to in this chapter as the "Commission"). The Chairman shall be compensated at the rate provided for level III of the Executive Schedule under section 5314 of title 5. The other members of the Commission shall be compensated at the rate provided for level IV of the Executive

Schedule under section 5315 of title 5. The Chairman and members of the Commission shall be individuals who, by demonstrated ability, background, training, or experience, are specially qualified to assess fairly the needs and concerns of all interests affected by Federal energy policy.

(Pub. L. 95-91, title II, § 204, Aug. 4, 1977, 91 Stat. 571.)

REFERENCES IN TEXT

This chapter, referred to in text, was in the original "this Act", meaning Pub. L. 95-91, Aug. 4, 1977, 91 Stat. 565, known as the Department of Energy Organization Act, which is classified principally to this chapter. For complete classification of this Act to the Code, see Short Title note set out under section 7101 of this title and Tables.

§ 7135. Energy Information Administration

(a) Establishment; appointment of Administrator; compensation; qualifications; duties

(1) There shall be within the Department an Energy Information Administration to be headed by an Administrator who shall be appointed by the President, by and with the advice and consent of the Senate, and who shall be compensated at the rate provided for in level IV of the Executive Schedule under section 5315 of title 5. The Administrator shall be a person who, by reason of professional background and experience, is specially qualified to manage an energy information system.

(2) The Administrator shall be responsible for carrying out a central, comprehensive, and unified energy data and information program which will collect, evaluate, assemble, analyze, and disseminate data and information which is relevant to energy resource reserves, energy production, demand, and technology, and related economic and statistical information, or which is relevant to the adequacy of energy resources to meet demands in the near and longer term future for the Nation's economic and social needs.

(b) Delegation of functions

The Secretary shall delegate to the Administrator (which delegation may be on a nonexclusive basis as the Secretary may determine may be necessary to assure the faithful execution of his authorities and responsibilities under law) the functions vested in him by law relating to gathering, analysis, and dissemination of energy information (as defined in section 796 of title 15) and the Administrator may act in the name of the Secretary for the purpose of obtaining enforcement of such delegated functions.

(c) Functions of Director of Office of Energy Information and Analysis

In addition to, and not in limitation of the functions delegated to the Administrator pursuant to other subsections of this section, there shall be vested in the Administrator, and he shall perform, the functions assigned to the Director of the Office of Energy Information and Analysis under part B of the Federal Energy Administration Act of 1974 [15 U.S.C. 790 et seq.], and the provisions of sections 53(d) and 59 thereof [15 U.S.C. 790b(d), 790h] shall be applicable to the Administrator in the performance of any function under this chapter.

(d) Collection or analysis of information and preparation of reports without approval

The Administrator shall not be required to obtain the approval of any other officer or employee of the Department in connection with the collection or analysis of any information; nor shall the Administrator be required, prior to publication, to obtain the approval of any other officer or employee of the United States with respect to the substance of any statistical or forecasting technical reports which he has prepared in accordance with law.

(e) Annual audit

The Energy Information Administration shall be subject to an annual professional audit review of performance as described in section 55¹ of part B of the Federal Energy Administration Act of 1974.

(f) Furnishing information or analysis to any other administration, commission, or office within Department

The Administrator shall, upon request, promptly provide any information or analysis in his possession pursuant to this section to any other administration, commission, or office within the Department which such administration, commission, or office determines relates to the functions of such administration, commission, or office.

(g) Availability of information to public

Information collected by the Energy Information Administration shall be cataloged and, upon request, any such information shall be promptly made available to the public in a form and manner easily adaptable for public use, except that this subsection shall not require disclosure of matters exempted from mandatory disclosure by section 552(b) of title 5. The provisions of section 796(d) of title 15, and section 5916 of this title, shall continue to apply to any information obtained by the Administrator under such provisions.

(h) Identification and designation of "major energy producing companies"; format for financial report; accounting practices; filing of financial report; annual report of Department; definitions; confidentiality

(1)(A) In addition to the acquisition, collection, analysis, and dissemination of energy information pursuant to this section, the Administrator shall identify and designate "major energy-producing companies" which alone or with their affiliates are involved in one or more lines of commerce in the energy industry so that the energy information collected from such major energy-producing companies shall provide a statistically accurate profile of each line of commerce in the energy industry in the United States.

(B) In fulfilling the requirements of this subsection the Administrator shall—

(i) utilize, to the maximum extent practicable, consistent with the faithful execution of his responsibilities under this chapter, reliable statistical sampling techniques; and

(ii) otherwise give priority to the minimization of the reporting of energy information by small business.
