

§ 8235h. Revoking approval of plans and terminating financial assistance

The Secretary shall revoke the approval of any plan under section 8235a(a) of this title for the establishment of a prototype residential energy efficiency program, and shall terminate the provision of financial assistance under section 8235a(c) of this title to carry out such plan, if the Secretary determines, in consultation with the Federal Trade Commission and after notice and the opportunity for a hearing, that carrying out such plan—

- (1) causes unfair methods of competition;
- (2) has a substantial adverse effect on competition in the portion of the service area of the public utility designated by the contract entered into under the plan; or
- (3) provides a supplier or contractor of energy conservation measures with an unreasonably large share of the contracts for the supply or installation of such measures under such plan in the service area of the public utility designated by the contract entered into under such plan.

(Pub. L. 95-619, title II, §269, as added Pub. L. 96-294, title V, §562, June 30, 1980, 94 Stat. 751.)

§ 8235i. Authorization of appropriations

(a) Authorization of appropriations

There is authorized to be appropriated to carry out this part—

- (1) the sum of \$10,000,000 for the fiscal year ending on September 30, 1981; and
- (2) the sum equal to \$10,000,000 minus the amount appropriated for the fiscal year ending on September 30, 1981, under the authorization contained in this section, for the fiscal year ending on September 30, 1982.

(b) Availability

Any funds appropriated under the authorization contained in this section shall remain available until expended.

(Pub. L. 95-619, title II, §270, as added Pub. L. 96-294, title V, §562, June 30, 1980, 94 Stat. 751.)

PART D—RESIDENTIAL ENERGY EFFICIENCY
RATING GUIDELINES

§ 8236. Voluntary rating guidelines

(a) In general

Not later than 18 months after October 24, 1992, the Secretary, in consultation with the Secretary of Housing and Urban Development, the Secretary of Veterans Affairs, representatives of existing home energy rating programs, and other appropriate persons, shall, by rule, issue voluntary guidelines that may be used by State and local governments, utilities, builders, real estate agents, lenders, agencies in mortgage markets, and others, to enable and encourage the assignment of energy efficiency ratings to residential buildings.

(b) Contents of guidelines

The voluntary guidelines issued under subsection (a) of this section shall—

- (1) encourage uniformity with regard to systems for rating the annual energy efficiency of residential buildings;

(2) establish protocols and procedures for—

- (A) certification of the technical accuracy of building energy analysis tools used to determine energy efficiency ratings;
- (B) training of personnel conducting energy efficiency ratings;
- (C) data collection and reporting;
- (D) quality control; and
- (E) monitoring and evaluation;

(3) encourage consistency with, and support for, the uniform plan for Federal energy efficient mortgages, including that developed under section 946 of the Cranston-Gonzalez National Affordable Housing Act (42 U.S.C. 12712 note) and pursuant to sections 105 and 106 of the Energy Policy Act of 1992;

(4) provide that rating systems take into account local climate conditions and construction practices, solar energy collected on-site, and the benefits of peak load shifting construction practices, and not discriminate among fuel types; and

(5) establish procedures to ensure that residential buildings can receive an energy efficiency rating at the time of sale and that such rating is communicated to potential buyers.

(Pub. L. 95-619, title II, §271, as added Pub. L. 102-486, title I, §102(a), Oct. 24, 1992, 106 Stat. 2787.)

REFERENCES IN TEXT

Section 946 of the Cranston-Gonzalez National Affordable Housing Act, referred to in subsec. (b)(3), is section 946 of Pub. L. 101-625, which is set out as a note under section 12712 of this title.

Sections 105 and 106 of the Energy Policy Act of 1992, referred to in subsec. (b)(3), are sections 105 and 106 of Pub. L. 102-486. Section 105 amended section 12704 of this title and provisions set out as a note under section 12712 of this title. Section 106 is classified to section 1701z-16 of Title 12, Banks and Banking.

§ 8236a. Technical assistance

Not later than 2 years after October 24, 1992, the Secretary shall establish a program to provide technical assistance to State and local organizations to encourage the adoption of and use of residential energy efficiency rating systems consistent with the voluntary guidelines issued under section 8236 of this title.

(Pub. L. 95-619, title II, §272, as added Pub. L. 102-486, title I, §102(a), Oct. 24, 1992, 106 Stat. 2788.)

§ 8236b. Report

Not later than 3 years after October 24, 1992, the Secretary shall transmit to the President and the Congress a final report containing—

- (1) a description of actions taken by the Secretary and other Federal agencies to implement this part;
- (2) a description of the action taken by States, local governments, and other organizations to implement the voluntary guidelines issued under section 8236 of this title and any problems encountered in implementing such guidelines; and
- (3) recommendations on the feasibility of requiring, as a prerequisite to receiving federally assisted, guaranteed, or insured mort-

gages, the achievement of a minimum energy efficiency rating.

(Pub. L. 95-619, title II, §273, as added Pub. L. 102-486, title I, §102(a), Oct. 24, 1992, 106 Stat. 2788.)

SUBCHAPTER III—FEDERAL ENERGY INITIATIVE

PART A—DEMONSTRATION OF SOLAR HEATING AND COOLING IN FEDERAL BUILDINGS

§ 8241. Definitions

As used in the part—

(1) The term “Federal agency” means—

(A) an Executive agency as defined in section 105 of title 5; and

(B) each entity specified in subparagraphs (B) through (I) of subsection (1) of section 5721 of title 5.

(2) The term “Federal building” means any building or other structure owned in whole or part by the United States or any Federal agency, including any such structure occupied by a Federal agency under a lease-acquisition agreement under which the United States or a Federal agency will receive fee simple title under the terms of such agreement without further negotiation.

(3) The term “solar heating” means, with respect to any Federal building, the use of solar energy to meet all or part of the heating needs of such building (including hot water), or all or part of the needs of such building for hot water.

(4) The term “solar heating and cooling” means the use of solar energy to provide all or part of the heating needs of a Federal building (including hot water) and all or part of the cooling needs of such building, or all or part of the needs of such building for hot water.

(5) The term “solar energy equipment” means equipment for solar heating or solar heating and cooling.

(6) The term “Secretary” means the Secretary of Energy.

(Pub. L. 95-619, title V, §521, Nov. 9, 1978, 92 Stat. 3275; Pub. L. 110-161, div. H, title I, §1303(b), Dec. 26, 2007, 121 Stat. 2242.)

AMENDMENTS

2007—Par. (1)(B). Pub. L. 110-161 substituted “subparagraphs (B) through (I)” for “paragraphs (B) through (H)”.

§ 8242. Federal solar program

The Secretary, in consultation with the Administrator of the General Services Administration, shall develop and carry out a program to demonstrate the application to buildings of solar heating and solar heating and cooling technology in Federal buildings.

(Pub. L. 95-619, title V, §522, Nov. 9, 1978, 92 Stat. 3276.)

§ 8243. Duties of Secretary

(a) Duties

In exercising the authority provided by section 8242 of this title, the Secretary, in consulta-

tion with the Administrator of the General Services Administration, shall—

(1) promulgate, by rule—

(A) requirements under which Federal agencies shall submit proposals for the installation of solar energy equipment in Federal buildings which are under their control and which are selected in accordance with procedures set forth in such rule, and

(B) criteria by which proposals under subparagraph (A) will be evaluated, which criteria shall provide for the inclusion in each proposal of a complete analysis of the present value, as determined by the Secretary, of the costs and benefits of the proposal to the Federal agency, and for the demonstration, to the maximum extent practicable, of innovative and diverse applications to a variety of types of Federal buildings of solar heating and solar heating and cooling technology, and for location of demonstration projects in areas where a private sector market for solar energy equipment is likely to develop;

(2) evaluate in writing each such proposal pursuant to the criteria promulgated pursuant to paragraph (1)(B), and make such evaluation available to the agency and, upon request, to any person;

(3) provide technical and financial assistance by interagency agreement for implementing a proposal evaluated under paragraph (2) and approved by the Secretary; except that such assistance shall be limited to the design, acquisition, construction, and installation of solar energy equipment;

(4) provide, by rule, that Federal agencies report to the Secretary periodically such information as they acquire respecting maintenance and operation of solar energy equipment for which assistance is provided under paragraph (3);

(5) require that a life cycle cost analysis in accordance with part B be done for any Federal building for which a proposal is submitted under this section and the results of such analysis be included in such proposal; and

(6) if solar energy equipment for which assistance is to be provided under paragraph (3) is not the minimum life-cycle cost alternative, require the Federal agency involved to submit a report to the Secretary stating the amount by which the life-cycle cost of such equipment exceeds the minimum life-cycle cost.

(b) Contents of proposals

Proposals under paragraph (1)(A) of subsection (a) of this section shall include a list of the specific Federal buildings proposed to be provided with solar energy equipment, the funds necessary for the acquisition and installation of such equipment, the proposed implementation schedule, maintenance costs, the estimated savings in fossil fuels and electricity, the estimated payback time, and such other information as may be required by the Secretary.

(c) Initial submission of proposals

Under the requirements established under subsection (a)(1)(A) of this section, initial proposals for the installation of solar energy equipment in
