

may be allocated to anticipated future demands, and, (2) for Bureau of Reclamation projects.”, inserted in fourth proviso “for Corps of Engineers projects, the Secretary of the Army may permit the full non-Federal contribution to be made, without interest, during construction of the project, or, with interest, over a period of not more than thirty years from the date of completion, with repayment contracts providing for recalculation of the interest rate at, five-year intervals, and for Bureau of Reclamation projects.”, inserted after first sentence “For Corps of Engineers projects, all annual operation, maintenance, and replacement costs for municipal and industrial water supply storage under the provisions of this section shall be reimbursed from State or local interests on an annual basis. For Corps of Engineers projects, any repayment by a State or local interest shall be made with interest at a rate to be determined by the Secretary of the Treasury, taking into consideration the average market yields on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the reimbursement period, during the month preceding the fiscal year in which costs for the construction of the project are first incurred (or, when a recalculation is made), plus a premium of one-eighth of one percentage point for transaction costs.”, and substituted “For Bureau of Reclamation projects, the interest rate used” for “The interest rate used”.

1961—Subsec. (b). Pub. L. 87-88 substituted provisions permitting not more than 30 per centum of the total estimated cost of any project to be allocated to anticipated future demands where State or local interests give reasonable assurances, and there is reasonable evidence, that such demands for the use of such storage will be made within a period of time which will permit paying out the costs allocated to water supply within the life of the project for provisions which permitted not more than 30 per centum of the total estimated cost of any project to be allocated to anticipated future demands where States or local interests give reasonable assurance that they will contract for the use of storage for anticipated future demands within a period of time which will permit paying out the costs allocated to water supply within the life of the project.

#### SHORT TITLE OF 1961 AMENDMENT

Pub. L. 87-88, §11, July 20, 1961, 75 Stat. 210, provided that: “This Act [amending this section, and sections 1151, 1153 to 1155, 1157 to 1160, 1171 to 1173 of Title 33, Navigation and Navigable Waters, and enacting provisions set out as notes under sections 1151, 1157, and 1159 of Title 33] may be cited as the ‘Federal Water Pollution Control Act Amendments of 1961.’”

#### SHORT TITLE

Pub. L. 85-500, title III, §302, July 3, 1958, 72 Stat. 320, provided that: “Title III of this Act [enacting this section] may be cited as the ‘Water Supply Act of 1958.’”

#### AMENDMENT OF CONTRACTS EXISTING PRIOR TO NOVEMBER 17, 1986

Pub. L. 99-662, title IX, §932(b), Nov. 17, 1986, 100 Stat. 4197, provided that: “Nothing in this section [amending this section] shall be deemed to amend or require amendment of any valid contract entered into pursuant to the Water Supply Act of 1958 [this section], or Federal reclamation law and approved by the Secretary of the Army or the Secretary of the Interior prior to the date of enactment of this Act [Nov. 17, 1986].”

### § 390b-1. Improving planning and administration of water supply storage

#### (1) In general

For each water supply feature of a reservoir managed by the Secretary, the Secretary shall notify the applicable non-Federal interests before each fiscal year of the anticipated operation

and maintenance activities for that fiscal year and each of the subsequent 4 fiscal years (including the cost of those activities) for which the non-Federal interests are required to contribute amounts.

#### (2) Clarification

The information provided to a non-Federal interest under paragraph (1) shall—

(A) be an estimate which the non-Federal interest may use for planning purposes; and

(B) not be construed as or relied upon by the non-Federal interest as the actual amounts that the non-Federal interest will be required to contribute.

(Pub. L. 113-121, title I, §1046(b), June 10, 2014, 128 Stat. 1254.)

#### “SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 2 of Pub. L. 113-121, set out as a note under section 2201 of Title 33, Navigation and Navigable Waters.

### § 390c. Water reservoirs; interests of States and local agencies in storage space

Cognizant that many States and local interests have in the past contributed to the Government, or have contracted to pay to the Government over a specified period of years, money equivalent to the cost of providing for them water storage space at Government-owned dams and reservoirs, constructed by the Corps of Engineers of the United States Army, and that such practices will continue, and, that no law defines the duration of their interest in such storage space, and realizing that such States and local interests assume the obligation of paying substantially their portion of the cost of providing such facilities, their right to use may be continued during the existence of the facility as hereinafter provided.

(Pub. L. 88-140, §1, Oct. 16, 1963, 77 Stat. 249.)

### § 390d. Dams and reservoirs wherein costs thereof, or rights thereto, have been acquired by local interests

Sections 390c to 390f of this title are applicable to all dams and reservoirs heretofore or hereafter constructed by the United States Government (acting through the Corps of Engineers of the United States Army) wherein either a part of the construction cost thereof shall have been contributed or may be contributed by States or local interests (hereinafter called “local interests”) or local interests have acquired or may acquire rights to utilize certain storage space thereof by making payments during the period of such use as specified in the agreement with the Government and wherein the amount of money paid, exclusive of interest, is equivalent to the cost of providing that part of such dam and reservoir which is allocated to such use, whether such share of cost shall have been determined by the “incremental cost” method or by the “separable costs-remaining benefits” method or by any other method. Included among the dams and reservoirs affected by sections 390c to 390f of this title are those constructed by the Corps of Engineers of the Department of the Army, but nothing in sections 390c to 390f of this
