

or other responsible party is required to maintain the vessel to inspection standards and to correct all deficiencies observed. When a vessel is not in compliance with its certificate the responsible parties shall be ordered in writing to correct the deficiencies promptly. The section provides flexibility as to when and where these deficiencies may be corrected consistent with the safety of the vessel and crew. The section provides authority to require the vessel to cease operating or, if necessary, to suspend or revoke its certificate of inspection when found not to be in compliance with its certificate or regulations. The owner or master, or other responsible party must be given written notice and may appeal this action within 30 days of receiving the notice.

§ 3314. Expiration of certificate of inspection

(a) If the certificate of inspection of a vessel expires when the vessel is on a foreign voyage, the vessel may complete the voyage to a port of the United States within 30 days of the expiration of the certificate without incurring the penalties for operating without a certificate of inspection.

(b) If the certificate of inspection would expire within 15 days of sailing on a foreign voyage from a United States port, the vessel shall secure a new certificate of inspection before sailing, unless the voyage is scheduled to be completed prior to the expiration date of the certificate. If a voyage scheduled to be completed in that time is not so completed, the applicable penalties may be enforced unless the failure to meet the schedule was beyond the control of the owner, charterer, managing operator, agent, master, or individual in charge of the vessel.

(c) When the certificate of inspection of a foreign vessel carrying passengers, operated on a regularly established line, expires at sea after leaving the country to which it belongs or when the vessel is in the United States, the Secretary may permit the vessel to sail on its regular route without further inspection than would have been required had the certificate not expired. This permission applies only when the vessel will be regularly inspected and issued a certificate before the vessel's next return to the United States.
