

sonable rules and practices on car service. The Board may require a rail carrier to provide facilities and equipment that are reasonably necessary to furnish safe and adequate car service if the Board decides that the rail carrier has materially failed to furnish that service. The Board may begin a proceeding under this paragraph when an interested person files an application with it. The Board may act only after a hearing on the record and an affirmative finding, based on the evidence presented, that—

(A) providing the facilities or equipment will not materially and adversely affect the ability of the rail carrier to provide safe and adequate transportation;

(B) the amount spent for the facilities or equipment, including a return equal to the rail carrier's current cost of capital, will be recovered; and

(C) providing the facilities or equipment will not impair the ability of the rail carrier to attract adequate capital.

(2) The Board may require a rail carrier to file its car service rules with the Board.

(b) The Board may designate and appoint agents and agencies to make and carry out its directions related to car service and matters under sections 11123 and 11124(a)(1) of this title.

(c) The Board shall consult, as it considers necessary, with the National Grain Car Council on matters within the charter of that body.

(Added Pub. L. 104-88, title I, §102(a), Dec. 29, 1995, 109 Stat. 832.)

PRIOR PROVISIONS

A prior section 11121, Pub. L. 95-473, Oct. 17, 1978, 92 Stat. 1421; Pub. L. 96-258, §1(11), June 3, 1980, 94 Stat. 426, related to criteria of rail carriers to furnish safe and adequate car service, prior to the general amendment of this subtitle by Pub. L. 104-88, §102(a).

§ 11122. Compensation and practice

(a) The regulations of the Board on car service shall encourage the purchase, acquisition, and efficient use of freight cars. The regulations may include—

(1) the compensation to be paid for the use of a locomotive, freight car, or other vehicle;

(2) the other terms of any arrangement for the use by a rail carrier of a locomotive, freight car, or other vehicle not owned by the rail carrier using the locomotive, freight car, or other vehicle, whether or not owned by another carrier, shipper, or third person; and

(3) sanctions for nonobservance.

(b) The rate of compensation to be paid for each type of freight car shall be determined by the expense of owning and maintaining that type of freight car, including a fair return on its cost giving consideration to current costs of capital, repairs, materials, parts, and labor. In determining the rate of compensation, the Board shall consider the transportation use of each type of freight car, the national level of ownership of each type of freight car, and other factors that affect the adequacy of the national freight car supply.

(Added Pub. L. 104-88, title I, §102(a), Dec. 29, 1995, 109 Stat. 832.)

PRIOR PROVISIONS

A prior section 11122, Pub. L. 95-473, Oct. 17, 1978, 92 Stat. 1421; Pub. L. 96-448, title II, §224(a), Oct. 14, 1980, 94 Stat. 1929, related to use of and compensation for freight cars, prior to the general amendment of this subtitle by Pub. L. 104-88, §102(a).

§ 11123. Situations requiring immediate action to serve the public

(a) When the Board determines that shortage of equipment, congestion of traffic, unauthorized cessation of operations, failure of existing commuter rail passenger transportation operations caused by a cessation of service by the National Railroad Passenger Corporation, or other failure of traffic movement exists which creates an emergency situation of such magnitude as to have substantial adverse effects on shippers, or on rail service in a region of the United States, or that a rail carrier providing transportation subject to the jurisdiction of the Board under this part cannot transport the traffic offered to it in a manner that properly serves the public, the Board may, to promote commerce and service to the public, for a period not to exceed 30 days—

(1) direct the handling, routing, and movement of the traffic of a rail carrier and its distribution over its own or other railroad lines;

(2) require joint or common use of railroad facilities;

(3) prescribe temporary through routes;

(4) give directions for—

(A) preference or priority in transportation;

(B) embargoes; or

(C) movement of traffic under permits; or

(5) in the case of a failure of existing freight or commuter rail passenger transportation operations caused by a cessation of service by the National Railroad Passenger Corporation, direct the continuation of the operations and dispatching, maintenance, and other necessary infrastructure functions related to the operations.

(b)(1) Except with respect to proceedings under paragraph (2) of this subsection, the Board may act under this section on its own initiative or on application without regard to subchapter II of chapter 5 of title 5.

(2) Rail carriers may establish between themselves the terms of compensation for operations, and use of facilities and equipment, required under this section. When rail carriers do not agree on the terms of compensation under this section, the Board may establish the terms for them. The Board may act under subsection (a) before conducting a proceeding under this paragraph.

(3)(A) Except as provided in subparagraph (B), when a rail carrier is directed under this section to operate the lines of another rail carrier due to that carrier's cessation of operations, compensation for the directed operations shall derive only from revenues generated by the directed operations.

(B) In the case of a failure of existing freight or commuter rail passenger transportation operations caused by a cessation of service by the National Railroad Passenger Corporation, the

Board shall provide funding to fully reimburse the directed service provider for its costs associated with the activities directed under subsection (a), including the payment of increased insurance premiums. The Board shall order complete indemnification against any and all claims associated with the provision of service to which the directed rail carrier may be exposed.

(c)(1) The Board may extend any action taken under subsection (a) of this section beyond 30 days if the Board finds that a transportation emergency described in subsection (a) continues to exist. Action by the Board under subsection (a) of this section may not remain in effect for more than 240 days beyond the initial 30-day period.

(2) The Board may not take action under this section that would—

- (A) cause a rail carrier to operate in violation of this part; or
- (B) impair substantially the ability of a rail carrier to serve its own customers adequately, or to fulfill its common carrier obligations.

(3) A rail carrier directed by the Board to take action under this section is not responsible, as a result of that action, for debts of any other rail carrier.

(4) In the case of a failure of existing freight or commuter rail passenger transportation operations caused by cessation of service by the National Railroad Passenger Corporation, the Board may not direct a rail carrier to undertake activities under subsection (a) to continue such operations unless—

- (A) the Board first affirmatively finds that the rail carrier is operationally capable of conducting the directed service in a safe and efficient manner; and
- (B) the funding for such directed service required by subparagraph (B) of subsection (b)(3) is provided in advance in appropriations Acts.

(d) In carrying out this section, the Board shall require, to the maximum extent practicable, the use of employees who would normally have performed work in connection with the traffic subject to the action of the Board.

(e) For purposes of this section, the National Railroad Passenger Corporation and any entity providing commuter rail passenger transportation shall be considered rail carriers subject to the Board's jurisdiction.

(f) For purposes of this section, the term "commuter rail passenger transportation" has the meaning given that term in section 24102(4).¹

AMENDMENTS

2004—Subsec. (a). Pub. L. 108-199, §150(1)(A)(i), inserted "failure of existing commuter rail passenger transportation operations caused by a cessation of service by the National Railroad Passenger Corporation," after "cessation of operations," in introductory provisions.

Subsec. (a)(5). Pub. L. 108-199, §150(1)(A)(ii)-(iv), added par. (5).

Subsec. (b)(3). Pub. L. 108-199, §150(1)(B), designated existing provisions as subpar. (A), substituted "Except as provided in subparagraph (B), when" for "When", and added subpar. (B).

Subsec. (c)(4). Pub. L. 108-199, §150(1)(C), added par. (4).

Subsecs. (e), (f). Pub. L. 108-199, §150(1)(D), added subsecs. (e) and (f).

§ 11124. War emergencies; embargoes imposed by carriers

(a)(1) When the President, during time of war or threatened war, notifies the Board that it is essential to the defense and security of the United States to give preference or priority to the movement of certain traffic, the Board shall direct that preference or priority be given to that traffic.

(2) When the President, during time of war or threatened war, demands that preference and precedence be given to the transportation of troops and material of war over all other traffic, all rail carriers providing transportation subject to the jurisdiction of the Board under this part shall adopt every means within their control to facilitate and expedite the military traffic.

(b) An embargo imposed by any such rail carrier does not apply to shipments consigned to agents of the United States Government for its use. The rail carrier shall deliver those shipments as promptly as possible.

(Added Pub. L. 104-88, title I, §102(a), Dec. 29, 1995, 109 Stat. 834.)
