#### (a) In general

##### (1) In general

Except as provided in subsection (b) of this section, no project for the construction of any facility to be used primarily by personnel of any component of the intelligence community which has an estimated Federal cost in excess of \$5,000,000 may be undertaken in any fiscal year unless such project is specifically identified as a separate item in the President’s annual fiscal year budget request and is specifically authorized by the Congress.

##### (2) Notification

In the case of a project for the construction of any facility to be used primarily by personnel of any component of the intelligence community which has an estimated Federal cost greater than \$1,000,000 but less than \$5,000,000, or where any improvement project to such a facility has an estimated Federal cost greater than \$1,000,000, the Director of National Intelligence shall submit a notification to the intelligence committees specifically identifying such project.

(i) an emergency exists with respect to the national security or the protection of health, safety, or environmental quality; and

(ii) any delay in the commencement of the project would harm any or all of those interests.

##### (3) Projects primarily for CIA

If a project referred to in paragraph (1) is primarily for the Central Intelligence Agency, the Director of the Central Intelligence Agency shall make the determination and submit the report required by paragraphs (1) and (2).
