

paragraph (A), the Administrator shall submit a report to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Homeland Security of the House of Representatives that includes—

(A) the results of any assessment that finds that—

(i) the actual or planned costs exceed the baseline costs by more than 10 percent;

(ii) the actual or planned schedule for delivery has been delayed by more than 180 days; or

(iii) there is a failure to meet any performance milestone that directly impacts security effectiveness;

(B) the cause for such excessive costs, delay, or failure; and

(C) a plan for corrective action.

(Pub. L. 107-296, title XVI, §1613, as added Pub. L. 113-245, §3(a), Dec. 18, 2014, 128 Stat. 2874.)

### § 563c. Inventory utilization

#### (a) In general

Before the procurement of additional quantities of equipment to fulfill a mission need, the Administrator, to the extent practicable, shall utilize any existing units in the Administration's inventory to meet that need.

#### (b) Tracking of inventory

##### (1) In general

The Administrator shall establish a process for tracking—

(A) the location of security-related equipment in the inventory under subsection (a);

(B) the utilization status of security-related technology in the inventory under subsection (a); and

(C) the quantity of security-related equipment in the inventory under subsection (a).

##### (2) Internal controls

The Administrator shall implement internal controls to ensure up-to-date accurate data on security-related technology owned, deployed, and in use.

#### (c) Logistics management

##### (1) In general

The Administrator shall establish logistics principles for managing inventory in an effective and efficient manner.

##### (2) Limitation on just-in-time logistics

The Administrator may not use just-in-time logistics if doing so—

(A) would inhibit necessary planning for large-scale delivery of equipment to airports or other facilities; or

(B) would unduly diminish surge capacity for response to a terrorist threat.

(Pub. L. 107-296, title XVI, §1614, as added Pub. L. 113-245, §3(a), Dec. 18, 2014, 128 Stat. 2876.)

### § 563d. Small business contracting goals

Not later than 90 days after December 18, 2014, and annually thereafter, the Administrator shall submit a report to the Committee on Commerce, Science, and Transportation of the Sen-

ate and the Committee on Homeland Security of the House of Representatives that includes—

(1) the Administration's performance record with respect to meeting its published small-business contracting goals during the preceding fiscal year;

(2) if the goals described in paragraph (1) were not met or the Administration's performance was below the published small-business contracting goals of the Department—

(A) a list of challenges, including deviations from the Administration's sub-contracting plans, and factors that contributed to the level of performance during the preceding fiscal year;

(B) an action plan, with benchmarks, for addressing each of the challenges identified in subparagraph (A) that—

(i) is prepared after consultation with the Secretary of Defense and the heads of Federal departments and agencies that achieved their published goals for prime contracting with small and minority-owned businesses, including small and disadvantaged businesses, in prior fiscal years; and

(ii) identifies policies and procedures that could be incorporated by the Administration in furtherance of achieving the Administration's published goal for such contracting; and

(3) a status report on the implementation of the action plan that was developed in the preceding fiscal year in accordance with paragraph (2)(B), if such a plan was required.

(Pub. L. 107-296, title XVI, §1615, as added Pub. L. 113-245, §3(a), Dec. 18, 2014, 128 Stat. 2876.)

### § 563e. Consistency with the Federal Acquisition Regulation and departmental policies and directives

The Administrator shall execute the responsibilities set forth in this part in a manner consistent with, and not duplicative of, the Federal Acquisition Regulation and the Department's policies and directives.

(Pub. L. 107-296, title XVI, §1616, as added Pub. L. 113-245, §3(a), Dec. 18, 2014, 128 Stat. 2877.)

## SUBCHAPTER XIII—EMERGENCY COMMUNICATIONS

### CODIFICATION

This subchapter is comprised of title XVIII of Pub. L. 107-296, as added by Pub. L. 109-295, title VI, §671(b), Oct. 4, 2006, 120 Stat. 1433. Another title XVIII of Pub. L. 107-296 was renumbered title XIX and is classified to subchapter XIV (§591 et seq.) of this chapter.

### § 571. Office of Emergency Communications

#### (a) In general

There is established in the Department an Office of Emergency Communications.

#### (b) Director

The head of the office shall be the Director for Emergency Communications. The Director shall report to the Assistant Secretary for Cybersecurity and Communications.

#### (c) Responsibilities

The Director for Emergency Communications shall—

(1) assist the Secretary in developing and implementing the program described in section 194(a)(1) of this title, except as provided in section 195 of this title;

(2) administer the Department's responsibilities and authorities relating to the SAFECOM Program, excluding elements related to research, development, testing, and evaluation and standards;

(3) administer the Department's responsibilities and authorities relating to the Integrated Wireless Network program;

(4) conduct extensive, nationwide outreach to support and promote the ability of emergency response providers and relevant government officials to continue to communicate in the event of natural disasters, acts of terrorism, and other man-made disasters;

(5) conduct extensive, nationwide outreach and foster the development of interoperable emergency communications capabilities by State, regional, local, and tribal governments and public safety agencies, and by regional consortia thereof;

(6) provide technical assistance to State, regional, local, and tribal government officials with respect to use of interoperable emergency communications capabilities;

(7) coordinate with the Regional Administrators regarding the activities of Regional Emergency Communications Coordination Working Groups under section 575 of this title;

(8) promote the development of standard operating procedures and best practices with respect to use of interoperable emergency communications capabilities for incident response, and facilitate the sharing of information on such best practices for achieving, maintaining, and enhancing interoperable emergency communications capabilities for such response;

(9) coordinate, in cooperation with the National Communications System, the establishment of a national response capability with initial and ongoing planning, implementation, and training for the deployment of communications equipment for relevant State, local, and tribal governments and emergency response providers in the event of a catastrophic loss of local and regional emergency communications services;

(10) assist the President, the National Security Council, the Homeland Security Council, and the Director of the Office of Management and Budget in ensuring the continued operation of the telecommunications functions and responsibilities of the Federal Government, excluding spectrum management;

(11) establish, in coordination with the Director of the Office for Interoperability and Compatibility, requirements for interoperable emergency communications capabilities, which shall be nonproprietary where standards for such capabilities exist, for all public safety radio and data communications systems and equipment purchased using homeland security assistance administered by the Department, excluding any alert and warning device, technology, or system;

(12) review, in consultation with the Assistant Secretary for Grants and Training, all interoperable emergency communications

plans of Federal, State, local, and tribal governments, including Statewide and tactical interoperability plans, developed pursuant to homeland security assistance administered by the Department, but excluding spectrum allocation and management related to such plans;

(13) develop and update periodically, as appropriate, a National Emergency Communications Plan under section 572 of this title;

(14) perform such other duties of the Department necessary to support and promote the ability of emergency response providers and relevant government officials to continue to communicate in the event of natural disasters, acts of terrorism, and other man-made disasters; and

(15) perform other duties of the Department necessary to achieve the goal of and maintain and enhance interoperable emergency communications capabilities.

**(d) Performance of previously transferred functions**

The Secretary shall transfer to, and administer through, the Director for Emergency Communications the following programs and responsibilities:

(1) The SAFECOM Program, excluding elements related to research, development, testing, and evaluation and standards.

(2) The responsibilities of the Chief Information Officer related to the implementation of the Integrated Wireless Network.

(3) The Interoperable Communications Technical Assistance Program.

**(e) Coordination**

The Director for Emergency Communications shall coordinate—

(1) as appropriate, with the Director of the Office for Interoperability and Compatibility with respect to the responsibilities described in section 195 of this title; and

(2) with the Administrator of the Federal Emergency Management Agency with respect to the responsibilities described in this subchapter.

**(f) Sufficiency of resources plan**

**(1) Report**

Not later than 120 days after October 4, 2006, the Secretary shall submit to Congress a report on the resources and staff necessary to carry out fully the responsibilities under this subchapter.

**(2) Comptroller General review**

The Comptroller General shall review the validity of the report submitted by the Secretary under paragraph (1). Not later than 60 days after the date on which such report is submitted, the Comptroller General shall submit to Congress a report containing the findings of such review.

(Pub. L. 107-296, title XVIII, § 1801, as added Pub. L. 109-295, title VI, § 671(b), Oct. 4, 2006, 120 Stat. 1433.)

**CODIFICATION**

Another section 1801 of Pub. L. 107-296 was renumbered section 1901 and is classified to section 591 of this title.

## CHANGE OF NAME

Any reference to the Administrator of the Federal Emergency Management Agency in title VI of Pub. L. 109-295 or an amendment by title VI to be considered to refer and apply to the Director of the Federal Emergency Management Agency until Mar. 31, 2007, see section 612(f)(2) of Pub. L. 109-295, set out as a note under section 313 of this title.

## SAVINGS CLAUSE

Pub. L. 109-295, title VI, §675, Oct. 4, 2006, 120 Stat. 1444, provided that: “Nothing in this subtitle [subtitle D (§§671-675) of title VI of Pub. L. 109-295, enacting this subchapter and sections 195 and 195a of this title and provisions set out as a note under section 101 of this title] shall be construed to transfer to the Office of Emergency Communications any function, personnel, asset, component, authority, grant program, or liability of the Federal Emergency Management Agency as constituted on June 1, 2006.”

**§ 572. National Emergency Communications Plan****(a) In general**

The Secretary, acting through the Director for Emergency Communications, and in cooperation with the Department of National Communications System (as appropriate), shall, in cooperation with State, local, and tribal governments, Federal departments and agencies, emergency response providers, and the private sector, develop not later than 180 days after the completion of the baseline assessment under section 573 of this title, and periodically update, a National Emergency Communications Plan to provide recommendations regarding how the United States should—

(1) support and promote the ability of emergency response providers and relevant government officials to continue to communicate in the event of natural disasters, acts of terrorism, and other man-made disasters; and

(2) ensure, accelerate, and attain interoperable emergency communications nationwide.

**(b) Coordination**

The Emergency Communications Preparedness Center under section 576 of this title shall coordinate the development of the Federal aspects of the National Emergency Communications Plan.

**(c) Contents**

The National Emergency Communications Plan shall—

(1) include recommendations developed in consultation with the Federal Communications Commission and the National Institute of Standards and Technology for a process for expediting national voluntary consensus standards for emergency communications equipment for the purchase and use by public safety agencies of interoperable emergency communications equipment and technologies;

(2) identify the appropriate capabilities necessary for emergency response providers and relevant government officials to continue to communicate in the event of natural disasters, acts of terrorism, and other man-made disasters;

(3) identify the appropriate interoperable emergency communications capabilities necessary for Federal, State, local, and tribal governments in the event of natural disasters, acts of terrorism, and other man-made disasters;

(4) recommend both short-term and long-term solutions for ensuring that emergency response providers and relevant government officials can continue to communicate in the event of natural disasters, acts of terrorism, and other man-made disasters;

(5) recommend both short-term and long-term solutions for deploying interoperable emergency communications systems for Federal, State, local, and tribal governments throughout the Nation, including through the provision of existing and emerging technologies;

(6) identify how Federal departments and agencies that respond to natural disasters, acts of terrorism, and other man-made disasters can work effectively with State, local, and tribal governments, in all States, and with other entities;

(7) identify obstacles to deploying interoperable emergency communications capabilities nationwide and recommend short-term and long-term measures to overcome those obstacles, including recommendations for multi-jurisdictional coordination among Federal, State, local, and tribal governments;

(8) recommend goals and timeframes for the deployment of emergency, command-level communications systems based on new and existing equipment across the United States and develop a timetable for the deployment of interoperable emergency communications systems nationwide;

(9) recommend appropriate measures that emergency response providers should employ to ensure the continued operation of relevant governmental communications infrastructure in the event of natural disasters, acts of terrorism, or other man-made disasters; and

(10) set a date, including interim benchmarks, as appropriate, by which State, local, and tribal governments, Federal departments and agencies, and emergency response providers expect to achieve a baseline level of national interoperable communications, as that term is defined under section 194(g)(1) of this title.

(Pub. L. 107-296, title XVIII, §1802, as added Pub. L. 109-295, title VI, §671(b), Oct. 4, 2006, 120 Stat. 1435; amended Pub. L. 110-53, title III, §301(d), Aug. 3, 2007, 121 Stat. 300.)

## CODIFICATION

Another section 1802 of Pub. L. 107-296 was renumbered section 1902 and is classified to section 592 of this title.

## AMENDMENTS

2007—Subsec. (c)(10). Pub. L. 110-53 added par. (10).

**§ 573. Assessments and reports****(a) Baseline assessment**

Not later than 1 year after October 4, 2006, and not less than every 5 years thereafter, the Secretary, acting through the Director for Emergency Communications, shall conduct an assessment of Federal, State, local, and tribal governments that—

(1) defines the range of capabilities needed by emergency response providers and relevant
