

- (F) cultural methods; and
- (G) general land management practices such as manipulation of livestock or wildlife grazing strategies or improving wildlife or livestock habitat.

**(5) Interdisciplinary approach**

The term “interdisciplinary approach” means an approach to making decisions regarding the containment or control of an undesirable plant species or group of species, which—

(A) includes participation by personnel of Federal or State agencies with experience in areas including weed science, range science, wildlife biology, land management, and forestry; and

(B) includes consideration of—

- (i) the most efficient and effective method of containing or controlling the undesirable plant species;
- (ii) scientific evidence and current technology;
- (iii) the physiology and habitat of a plant species; and
- (iv) the economic, social, and ecological consequences of implementing the program.

**(6) State agencies**

The term “State agency” means a State department of agriculture, or other State agency or political subdivision thereof, responsible for the administration or implementation of undesirable plants laws of a State.

**(7) Undesirable plant species**

The term “undesirable plants” means plant species that are classified as undesirable, noxious, harmful, exotic, injurious, or poisonous, pursuant to State or Federal law. Species listed as endangered by the Endangered Species Act of 1973 [16 U.S.C. 1531 et seq.] shall not be designated as undesirable plants under this section and shall not include plants indigenous to an area where control measures are to be taken under this section.

**(f) Coordination**

**(1) In general**

The Secretary of Agriculture and the Secretary of the Interior shall take such actions as may be necessary to coordinate Federal agency programs for control, research, and educational efforts associated with Federal, State, and locally designated noxious weeds.

**(2) Duties**

The Secretary, in consultation with the Secretary of the Interior, shall—

- (A) identify regional priorities for noxious weed control;
- (B) incorporate into existing technical guides regionally appropriate technical information; and
- (C) disseminate such technical information to interested State, local, and private entities.

**(3) Cost share assistance**

The Secretary may provide cost share assistance to State and local agencies to manage noxious weeds in an area if a majority of land-

owners in that area agree to participate in a noxious weed management program.

**(g) Authorization of appropriations**

There is authorized to be appropriated such sums as may be necessary in each of fiscal years 1991 through 1995 to carry out this section.

**§ 2901. Congressional findings and declaration of policy**

(a) Congress finds that—

(1) beef and beef products are basic foods that are a valuable part of human diet;

(2) the production of beef and beef products plays a significant role in the Nation's economy, beef and beef products are produced by thousands of beef producers and processed by numerous processing entities, and beef and beef products are consumed by millions of people throughout the United States and foreign countries;

(3) beef and beef products should be readily available and marketed efficiently to ensure that the people of the United States receive adequate nourishment;

(4) the maintenance and expansion of existing markets for beef and beef products are vital to the welfare of beef producers and those concerned with marketing, using, and producing beef products, as well as to the general economy of the Nation;

(5) there exist established State and national organizations conducting beef promotion, research, and consumer education programs that are invaluable to the efforts of promoting the consumption of beef and beef products; and

(6) beef and beef products move in interstate and foreign commerce, and beef and beef products that do not move in such channels of commerce directly burden or affect interstate commerce of beef and beef products.

(b) It, therefore, is declared to be the policy of Congress that it is in the public interest to authorize the establishment, through the exercise of the powers provided herein, of an orderly procedure for financing (through assessments on all cattle sold in the United States and on cattle, beef, and beef products imported into the United States) and carrying out a coordinated program of promotion and research designed to strengthen the beef industry's position in the marketplace and to maintain and expand domestic and foreign markets and uses for beef and beef products. Nothing in this chapter shall be construed to limit the right of individual producers to raise cattle.
