(a) ANNUAL NAVAL VESSEL CONSTRUCTION PLAN AND CERTIFICATION.—The Secretary of Defense shall include with the defense budget materials for a fiscal year—

(1) a plan for the construction of combatant and support vessels for the Navy developed in accordance with this section; and

(2) a certification by the Secretary that both the budget for that fiscal year and the future-years defense program submitted to Congress in relation to such budget under section 221 of this title provide for funding of the construction of naval vessels at a level that is suffi-

(b) ANNUAL NAVAL VESSEL CONSTRUCTION PLAN.—(1) The annual naval vessel construction plan developed for a fiscal year for purposes of subsection (a)(1) shall be designed so that the naval vessel force provided for under that plan supports the national security strategy of the United States as set forth in the most recent national security strategy report of the President under section 108 of the National Security Act of 1947 (50 U.S.C. 3043), except that, if at the time such plan is submitted with the defense budget materials for that fiscal year, a national security strategy report required under such section 108 has not been submitted to Congress as required by paragraph (2) or paragraph (3), if applicable, of subsection (a) of such section, then such annual plan shall be designed so that the naval vessel force provided for under that plan supports the ship force structure recommended in the report of the most recent quadrennial defense review.
