A], title II, § 253(b), Oct. 14, 2008, 122 Stat. 4402, related to Technology Transition Initiative.

EFFECTIVE DATE OF REPEAL

Pub. L. 112–81, div. A, title II, § 251(b), Dec. 31, 2011, 125 Stat. 1347, provided that: “The amendments made by subsection (a) [repealing this section] shall take effect on October 1, 2013.”

§ 2359b. Defense Acquisition Challenge Program

(a) PROGRAM REQUIRED.—(1) The Secretary of Defense, acting through the Under Secretary of Defense for Acquisition, Technology, and Logistics, shall carry out a program to provide opportunities for the increased introduction of innovative and cost-saving technology in acquisition programs of the Department of Defense.

(2) The program, to be known as the Defense Acquisition Challenge Program (hereinafter in this section referred to as the “Challenge Program”), shall provide any person or activity within or outside the Department of Defense with the opportunity to propose alternatives, to be known as challenge proposals, at the component, subsystem, or system level of an existing Department of Defense acquisition program that would result in improvements in performance, affordability, manufacturability, or operational capability of that acquisition program.

(b) PANELS.—The Under Secretary shall establish one or more panels of highly qualified scientists and engineers (hereinafter in this section referred to as “Panels”) to provide preliminary evaluations of challenge proposals under subsection (c).

(c) PRELIMINARY EVALUATION BY PANELS.—(1) Under procedures prescribed by the Under Secretary, a person or activity within or outside the Department of Defense may submit challenge proposals to a Panel, through the unsolicited proposal process or in response to a broad agency announcement.

(2) The Under Secretary shall establish procedures pursuant to which appropriate officials of the Department of Defense may identify proposals submitted through the unsolicited proposal process as challenge proposals. The procedures shall provide for the expeditious referral of such proposals to a Panel for preliminary evaluation under this subsection.

(3) The Under Secretary shall issue on an annual basis not less than one such broad agency announcement inviting interested parties to submit challenge proposals. Such announcements may also identify particular technology areas and acquisition programs that will be given priority in the evaluation of challenge proposals.

(4)(A) The Under Secretary shall establish procedures for the prompt issuance of a solicitation for challenge proposals addressing—

(i) any acquisition program for which, since the last such announcement, the Secretary concerned has determined under section 2433(d) of this title that the program’s acquisition unit cost or procurement unit cost has increased by a percentage equal to or greater than the critical cost growth threshold for the program (in this section referred to as a “critical cost growth threshold breach”); and

(ii) any design, engineering, manufacturing, or technology integration issues, in accordance with the assessment required by section 2433(e)(2)(A) of this title, that have contributed significantly to the cost growth of such program.

(B) A solicitation under this paragraph may be included in a broad agency announcement issued pursuant to paragraph (3) as long as the broad agency announcement is released in an expeditious manner following the determination of the Secretary concerned that a critical cost growth threshold breach has occurred with respect to a major defense acquisition program.

(5) Under procedures established by the Under Secretary, a Panel shall carry out a preliminary evaluation of each challenge proposal submitted in response to a broad agency announcement, or submitted through the unsolicited proposal process and identified as a challenge proposal in accordance with paragraph (2), to determine each of the following:

(A) Whether the challenge proposal has merit.

(B) Whether the challenge proposal is likely to result in improvements in performance, affordability, manufacturability, or operational capability at the component, subsystem, or system level of an acquisition program.

(C) Whether the challenge proposal could be implemented in the acquisition program rapidly, at an acceptable cost, and without unacceptable disruption to the acquisition program.

(6) The Under Secretary—

(A) may establish procedures to ensure that the Challenge Program does not become an avenue for the repetitive submission of proposals that have been previously reviewed and found not to have merit; and

(B) may establish procedures to ensure that the Challenge Program establishes appropriate priorities for proposals from businesses that are not major contractors with the Department of Defense.

(7) If a Panel determines that a challenge proposal satisfies each of the criteria specified in paragraph (5), the person or activity submitting that challenge proposal shall be provided an opportunity to submit such challenge proposal for a full review and evaluation under subsection (d).

(d) FULL REVIEW AND EVALUATION.—(1) Under procedures prescribed by the Under Secretary, for each challenge proposal submitted for a full review and evaluation as provided in subsection (c)(7), the office carrying out the acquisition program to which the proposal relates shall, in consultation with the prime system contractor carrying out such program, conduct a full review and evaluation of the proposal.
