EFFECTIVE DATE OF REPEAL

For effective date and applicability of repeal, see section 4401 of Pub. L. 104-106, set out as an Effective Date of 1996 Amendment note under section 2302 of this title.

[§ 2398. Renumbered § 2922c]

[§ 2398a. Renumbered § 2922d]

§ 2399. Operational test and evaluation of defense acquisition programs

(a) **CONDITION FOR PROCEEDING BEYOND LOW-RATE INITIAL PRODUCTION.**—(1) The Secretary of Defense shall provide that a covered major defense acquisition program or a covered designated major subprogram may not proceed beyond low-rate initial production until initial operational test and evaluation of the program or subprogram is completed.

(2) In this subsection:

(A) The term “covered major defense acquisition program” means a major defense acquisition program that involves the acquisition of a weapon system that is a major system within the meaning of that term in section 2302(5) of this title.

(B) The term “covered designated major subprogram” means a major subprogram designated under section 2430a(a)(1) of this title that is a major subprogram of a covered major defense acquisition program.

(b) **OPERATIONAL TEST AND EVALUATION.**—(1) Operational testing of a major defense acquisition

program may not be conducted until the Director of Operational Test and Evaluation of the Department of Defense approves (in writing) the adequacy of the plans (including the projected level of funding) for operational test and evaluation to be conducted in connection with that program.

(2) The Director shall analyze the results of the operational test and evaluation conducted for each major defense acquisition program. At the conclusion of such testing, the Director shall prepare a report stating—

(A) the opinion of the Director as to—

(i) whether the test and evaluation performed were adequate; and

(ii) whether the results of such test and evaluation confirm that the items or components actually tested are effective and suitable for combat; and

(B) additional information on the operational capabilities of the items or components that the Director considers appropriate based on the testing conducted.

(3) The Director shall submit each report under paragraph (2) to the Secretary of Defense, the Under Secretary of Defense for Acquisition, Technology, and Logistics, and the congressional defense committees. Each such report shall be submitted to those committees in precisely the same form and with precisely the same content as the report originally was submitted to the Secretary and Under Secretary and shall be accompanied by such comments as the Secretary may wish to make on the report.

(4) A final decision within the Department of Defense to proceed with a major defense acquisition program beyond low-rate initial production may not be made until the Director has submitted to the Secretary of Defense the report with respect to that program under paragraph (2) and the congressional defense committees have received that report.

(5) If, before a final decision described in paragraph (4) is made for a major defense acquisition program, a decision is made within the Department of Defense to proceed to operational use of that program or to make procurement funds available for that program, the Director shall submit to the Secretary of Defense and the congressional defense committees the report with respect to that program under paragraph (2) as soon as practicable after the decision described in this paragraph is made.

(6) In this subsection, the term “major defense acquisition program” has the meaning given that term in section 139(a)(2)(B) of this title.

(c) **DETERMINATION OF QUANTITY OF ARTICLES REQUIRED FOR OPERATIONAL TESTING.**—The quantity of articles of a new system that are to be procured for operational testing shall be determined by—

(1) the Director of Operational Test and Evaluation of the Department of Defense, in the case of a new system that is a major defense acquisition program (as defined in section 139(a)(2)(B) of this title); or

(2) the operational test and evaluation agency of the military department concerned, in the case of a new system that is not a major defense acquisition program.
