REPORT

Pub. L. 100-180, div. B, subdiv. 3, title I, § 2302(c), Dec. 4, 1987, 101 Stat. 1215, directed each Secretary who has entered into a contract under this section to submit a report to Committees on Armed Services of Senate and House of Representatives by Feb. 15, 1989, containing date and duration of, other party to, and nature of activities carried out under each such contract, and recommendations, and reasons therefor, concerning whether authority to enter into contracts under this section should be extended.

Section, added Pub. L. 99-499, title II, § 211(b)(1), Oct. 17, 1986, 100 Stat. 1725, related to military construction projects for environmental response actions.

**§ 2811. Repair of facilities**

(a) **REPAIRS USING OPERATIONS AND MAINTENANCE FUNDS.**—Using funds available to the Secretary concerned for operation and maintenance, the Secretary concerned may carry out repair projects for an entire single-purpose facility or one or more functional areas of a multipurpose facility.

(b) **APPROVAL REQUIRED FOR MAJOR REPAIRS.**—A repair project costing more than \$7,500,000 may not be carried out under this section unless approved in advance by the Secretary concerned. In determining the total cost of a repair project, the Secretary shall include all phases of a multi-year repair project to a single facility. In considering a repair project for approval, the Secretary shall ensure that the project is consistent with force structure plans, that repair of the facility is more cost effective than replacement, and that the project is an appropriate use of operation and maintenance funds.

(c) **PROHIBITION ON NEW CONSTRUCTION OR ADDITIONS.**—Construction of new facilities or additions to existing facilities may not be carried out under the authority of this section.

(d) **CONGRESSIONAL NOTIFICATION.**—When a decision is made to carry out a repair project under this section with an estimated cost in excess of \$7,500,000, the Secretary concerned shall submit to the appropriate committees of Congress a report containing—

(1) the justification for the repair project and the current estimate of the cost of the project, including, in the case of a multi-year repair project to a single facility, the total cost of all phases of the project;

(2) if the current estimate of the cost of the repair project exceeds 75 percent of the estimated cost of a military construction project to replace the facility, an explanation of the reasons why replacement of the facility is not in the best interest of the Government; and

(3) a description of the elements of military construction, including the elements specified in section 2802(b) of this title, incorporated into the repair project.

(e) **REPAIR PROJECT DEFINED.**—In this section, the term “repair project” means a project to restore a real property facility, system, or component to such a condition that it may effectively be used for its designated functional purpose.
