## CHAPTER 105—PROTECTION OF LAWFUL COMMERCE IN ARMS

Sec.	
7901.	Findings; purposes.
7902.	Prohibition on bringing of qualified civil liability actions in Federal or State court.
7903.	Definitions.

**§ 7901. Findings; purposes****(a) Findings**

Congress finds the following:

(1) The Second Amendment to the United States Constitution provides that the right of the people to keep and bear arms shall not be infringed.

(2) The Second Amendment to the United States Constitution protects the rights of individuals, including those who are not members of a militia or engaged in military service or training, to keep and bear arms.

(3) Lawsuits have been commenced against manufacturers, distributors, dealers, and importers of firearms that operate as designed and intended, which seek money damages and other relief for the harm caused by the misuse of firearms by third parties, including criminals.

(4) The manufacture, importation, possession, sale, and use of firearms and ammunition in the United States are heavily regulated by Federal, State, and local laws. Such Federal laws include the Gun Control Act of 1968, the National Firearms Act [26 U.S.C. 5801 et seq.], and the Arms Export Control Act [22 U.S.C. 2751 et seq.].

(5) Businesses in the United States that are engaged in interstate and foreign commerce through the lawful design, manufacture, marketing, distribution, importation, or sale to the public of firearms or ammunition products that have been shipped or transported in interstate or foreign commerce are not, and should not, be liable for the harm caused by those who criminally or unlawfully misuse firearm products or ammunition products that function as designed and intended.

(6) The possibility of imposing liability on an entire industry for harm that is solely caused by others is an abuse of the legal system, erodes public confidence in our Nation's laws, threatens the diminution of a basic constitutional right and civil liberty, invites the disassembly and destabilization of other industries and economic sectors lawfully competing in the free enterprise system of the United States, and constitutes an unreasonable burden on interstate and foreign commerce of the United States.

(7) The liability actions commenced or contemplated by the Federal Government, States, municipalities, and private interest groups and others are based on theories without foundation in hundreds of years of the common law and jurisprudence of the United States and do not represent a bona fide expansion of the common law. The possible sustaining of these actions by a maverick judicial officer or petit jury would expand civil liability in a manner never contemplated by the framers of the Constitution, by Congress, or by the legislatures of the several States. Such an expansion of liability would constitute a deprivation of the rights, privileges, and immunities guaranteed to a citizen of the United States under the Fourteenth Amendment to the United States Constitution.

(8) The liability actions commenced or contemplated by the Federal Government, States, municipalities, private interest groups and others attempt to use the judicial branch to circumvent the Legislative branch of government to regulate interstate and foreign commerce through judgments and judicial decrees thereby threatening the Separation of Powers doctrine and weakening and undermining important principles of federalism, State sovereignty and comity between the sister States.

**(b) Purposes**

The purposes of this chapter are as follows:

(1) To prohibit causes of action against manufacturers, distributors, dealers, and import-
