

building components, materials, and artifacts with respect to the building failure are located, and take action necessary, appropriate, and reasonable in light of the nature of the property to be inspected to carry out the duties of the Team under section 7301(b)(2)(A) and (B) of this title;

(2) during reasonable hours, inspect any record (including any design, construction, or maintenance record), process, or facility related to the investigation;

(3) inspect and test any building components, materials, and artifacts related to the building failure; and

(4) move such records, components, materials, and artifacts as provided by the procedures developed under section 7301(c)(1) of this title.

**(b) Avoiding unnecessary interference and preserving evidence**

An inspection, test, or other action taken by a Team under this section shall be conducted in a way that—

(1) does not interfere unnecessarily with services provided by the owner or operator of the building components, materials, or artifacts, property, records, process, or facility; and

(2) to the maximum extent feasible, preserves evidence related to the building failure, consistent with the ongoing needs of the investigation.

**(c) Coordination**

**(1) With search and rescue efforts**

A Team shall not impede, and shall coordinate its investigation with, any search and rescue efforts being undertaken at the site of the building failure.

**(2) With other research**

A Team shall coordinate its investigation, to the extent practicable, with qualified researchers who are conducting engineering or scientific (including social science) research relating to the building failure.

**(3) Memoranda of understanding**

The National Institute of Standards and Technology shall enter into a memorandum of understanding with each Federal agency that may conduct or sponsor a related investigation, providing for coordination of investigations.

**(4) With State and local authorities**

A Team shall cooperate with State and local authorities carrying out any activities related to a Team's investigation.

**(d) Interagency priorities**

**(1) In general**

Except as provided in paragraph (2) or (3), a Team investigation shall have priority over any other investigation of any other Federal agency.

**(2) National Transportation Safety Board**

If the National Transportation Safety Board is conducting an investigation related to an investigation of a Team, the National Transportation Safety Board investigation shall

have priority over the Team investigation. Such priority shall not otherwise affect the authority of the Team to continue its investigation under this chapter.

**(3) Criminal acts**

If the Attorney General, in consultation with the Director, determines, and notifies the Director, that circumstances reasonably indicate that the building failure being investigated by a Team may have been caused by a criminal act, the Team shall relinquish investigative priority to the appropriate law enforcement agency. The relinquishment of investigative priority by the Team shall not otherwise affect the authority of the Team to continue its investigation under this chapter.

**(4) Preservation of evidence**

If a Federal law enforcement agency suspects and notifies the Director that a building failure being investigated by a Team under this chapter may have been caused by a criminal act, the Team, in consultation with the Federal law enforcement agency, shall take necessary actions to ensure that evidence of the criminal act is preserved.

**§ 7304. Briefings, hearings, witnesses, and subpoenas**

**(a) General authority**

The Director or his designee, on behalf of a Team, may conduct hearings, administer oaths, and require, by subpoena (pursuant to subsection (e)) and otherwise, necessary witnesses and evidence as necessary to carry out this chapter.

**(b) Briefings**

The Director or his designee (who may be the leader or a member of a Team), on behalf of a Team, shall hold regular public briefings on the status of investigative proceedings and findings, including a final briefing after the report required by section 7307 of this title is issued.

**(c) Public hearings**

During the course of an investigation by a Team, the National Institute of Standards and Technology may, if the Director considers it to be in the public interest, hold a public hearing for the purposes of—

(1) gathering testimony from witnesses; and

(2) informing the public on the progress of the investigation.

**(d) Production of witnesses**

A witness or evidence in an investigation under this chapter may be summoned or required to be produced from any place in the United States. A witness summoned under this subsection is entitled to the same fee and mile-

age the witness would have been paid in a court of the United States.

**(e) Issuance of subpoenas**

A subpoena shall be issued only under the signature of the Director but may be served by any person designated by the Director.

**(f) Failure to obey subpoena**

If a person disobeys a subpoena issued by the Director under this chapter, the Attorney General, acting on behalf of the Director, may bring a civil action in a district court of the United States to enforce the subpoena. An action under this subsection may be brought in the judicial district in which the person against whom the action is brought resides, is found, or does business. The court may punish a failure to obey an order of the court to comply with the subpoena as a contempt of court.

**§ 7305. Additional powers**

In order to support Teams in carrying out this chapter, the Director may—

- (1) procure the temporary or intermittent services of experts or consultants under section 3109 of title 5;
- (2) request the use, when appropriate, of available services, equipment, personnel, and facilities of a department, agency, or instrumentality of the United States Government on a reimbursable or other basis;
- (3) confer with employees and request the use of services, records, and facilities of State and local governmental authorities;
- (4) accept voluntary and uncompensated services;
- (5) accept and use gifts of money and other property, to the extent provided in advance in appropriations Acts;
- (6) make contracts with nonprofit entities to carry out studies related to purpose, functions, and authorities of the Teams; and
- (7) provide nongovernmental members of the Team reasonable compensation for time spent carrying out activities under this chapter.

**§ 7306. Disclosure of information**

**(a) General rule**

Except as otherwise provided in this section, a copy of a record, information, or investigation

submitted or received by a Team shall be made available to the public on request and at reasonable cost.

**(b) Exceptions**

Subsection (a) does not require the release of—

- (1) information described by section 552(b) of title 5 or protected from disclosure by any other law of the United States; or
- (2) information described in subsection (a) by the National Institute of Standards and Technology or by a Team until the report required by section 7307 of this title is issued.

**(c) Protection of voluntary submission of information**

Notwithstanding any other provision of law, a Team, the National Institute of Standards and Technology, and any agency receiving information from a Team or the National Institute of Standards and Technology, shall not disclose voluntarily provided safety-related information if that information is not directly related to the building failure being investigated and the Director finds that the disclosure of the information would inhibit the voluntary provision of that type of information.

**(d) Public safety information**

A Team and the National Institute of Standards and Technology shall not publicly release any information it receives in the course of an investigation under this chapter if the Director finds that the disclosure of that information might jeopardize public safety.

**§ 7307. National Construction Safety Team report**

Not later than 90 days after completing an investigation, a Team shall issue a public report which includes—

- (1) an analysis of the likely technical cause or causes of the building failure investigated;
- (2) any technical recommendations for changes to or the establishment of evacuation and emergency response procedures;
- (3) any recommended specific improvements to building standards, codes, and practices; and
- (4) recommendations for research and other appropriate actions needed to help prevent future building failures.
