

Interior, or Secretary of the Army, could choose to rely on information developed by prior studies rather than conduct new studies, and further provided for appropriations for fiscal years 1993 to 1995.

WATER CONSERVATION AND ENERGY PRODUCTION

Pub. L. 102-486, title XXIV, §2405, Oct. 24, 1992, 106 Stat. 3098, provided that:

“(a) STUDIES.—The Secretary of the Interior, acting pursuant to the Federal reclamation laws (Act of June 17, 1902, 32 Stat. 388) [see Short Title note under section 371 of Title 43, Public Lands], and Acts supplementary thereto and amendatory thereof, is authorized and directed to conduct feasibility investigations of opportunities to increase the amount of hydroelectric energy available for marketing by the Secretary from Federal hydroelectric power generation facilities resulting from a reduction in the consumptive use of such power for Federal reclamation project purposes or as a result of an increase in the amount of water available for such generation because of water conservation efforts on Federal reclamation projects or a combination thereof. The Secretary of the Interior is further authorized and directed to conduct feasibility investigations of opportunities to mitigate damages to or enhance fish and wildlife as a result of increasing the amount of water available for such purposes because of water conservation efforts on Federal reclamation projects. Such feasibility investigations shall include, but not be limited to—

“(1) an analysis of the technical, environmental, and economic feasibility of reducing the amount of water diverted upstream of such Federal hydroelectric power generation facilities by Federal reclamation projects;

“(2) an estimate of the reduction, if any, of project power consumed as a result of the decreased amount of diversion;

“(3) an estimate of the increase in the amount of electrical energy and related revenues which would result from the marketing of such power by the Secretary;

“(4) an estimate of the fish and wildlife benefits which would result from the decreased or modified diversions;

“(5) a finding by the Secretary of the Interior that the activities proposed in the feasibility study can be carried out in accordance with applicable Federal and State law, interstate compacts and the contractual obligations of the Secretary; and

“(6) a finding by the affected Federal Power Marketing Administrator that the hydroelectric component of the proposed water conservation feature is cost-effective and that the affected Administrator is able to market the hydro-electric power expected to be generated.

“(b) CONSULTATION.—In preparing feasibility studies pursuant to this section, the Secretary of the Interior shall consult with, and seek the recommendations of, affected State, local and Indian tribal interests, and shall provide for appropriate public comment.

“(c) AUTHORIZATION.—There is hereby authorized to be appropriated to the Secretary of the Interior such sums as may be necessary to carry out this section.”

PROJECTS ON FRESH WATERS IN STATE OF HAWAII

Pub. L. 102-486, title XXIV, §2408, Oct. 24, 1992, 106 Stat. 3100, directed Federal Energy Regulatory Commission, in consultation with State of Hawaii, to carry out study of hydroelectric licensing in State of Hawaii for purposes of considering whether such licensing should be transferred to State, and directed Commission to complete study and submit report containing results of study to Congress within 18 months after Oct. 24, 1992.

§ 797a. Congressional authorization for permits, licenses, leases, or authorizations for dams, conduits, reservoirs, etc., within national parks or monuments

On and after March 3, 1921, no permit, license, lease, or authorization for dams, conduits, reservoirs, power houses, transmission lines, or other works for storage or carriage of water, or for the development, transmission, or utilization of power within the limits as constituted, March 3, 1921, of any national park or national monument shall be granted or made without specific authority of Congress.

(Mar. 3, 1921, ch. 129, 41 Stat. 1353.)

CODIFICATION

Provisions repealing so much of this chapter “as authorizes licensing such uses of existing national parks and national monuments by the Federal Power Commission” have been omitted.

Section was not enacted as part of the Federal Power Act which generally comprises this chapter.

Section 212 of act Aug. 26, 1935, ch. 687, title II, 49 Stat. 847, provided that nothing in this chapter, as amended should be construed to repeal or amend the provisions of the act approved Mar. 3, 1921 (41 Stat. 1353) [16 U.S.C. 797a] or the provisions of any other Act relating to national parks and national monuments.

§ 797b. Duty to keep Congress fully and currently informed

The Federal Energy Regulatory Commission shall keep the Committee on Energy and Commerce of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate fully and currently informed regarding actions of the Commission with respect to the provisions of Part I of the Federal Power Act [16 U.S.C. 791a et seq.].

(Pub. L. 99-495, §16, Oct. 16, 1986, 100 Stat. 1259.)

REFERENCES IN TEXT

The Federal Power Act, referred to in text, is act June 10, 1920, ch. 285, 41 Stat. 1063, as amended. Part I of the Federal Power Act is classified generally to this subchapter (§791a et seq.). For complete classification of this Act to the Code, see section 791a of this title and Tables.

CODIFICATION

Section was enacted as part of the Electric Consumers Protection Act of 1986, and not as part of the Federal Power Act which generally comprises this chapter.

CHANGE OF NAME

Committee on Energy and Commerce of House of Representatives treated as referring to Committee on Commerce of House of Representatives by section 1(a) of Pub. L. 104-14, set out as a note preceding section 21 of Title 2, The Congress. Committee on Commerce of House of Representatives changed to Committee on Energy and Commerce of House of Representatives, and jurisdiction over matters relating to securities and exchanges and insurance generally transferred to Committee on Financial Services of House of Representatives by House Resolution No. 5, One Hundred Seventh Congress, Jan. 3, 2001.

§ 797c. Dams in National Park System units

After October 24, 1992, the Federal Energy Regulatory Commission may not issue an original license under Part I of the Federal Power Act [16

U.S.C. 791a et seq.] (nor an exemption from such Part) for any new hydroelectric power project located within the boundaries of any unit of the National Park System that would have a direct adverse effect on Federal lands within any such unit. Nothing in this section shall be construed as repealing any existing provision of law (or affecting any treaty) explicitly authorizing a hydroelectric power project.

(Pub. L. 102-486, title XXIV, §2402, Oct. 24, 1992, 106 Stat. 3097.)

REFERENCES IN TEXT

The Federal Power Act, referred to in text, is act June 10, 1920, ch. 285, 41 Stat. 1063, as amended. Part I of the Act is classified generally to this subchapter (§791a et seq.). For complete classification of this Act to the Code, see section 791a of this title and Tables.

CODIFICATION

Section was enacted as part of the Energy Policy Act of 1992, and not as part of the Federal Power Act which generally comprises this chapter.

§ 797d. Third party contracting by FERC

(a) Environmental impact statements

Where the Federal Energy Regulatory Commission is required to prepare a draft or final environmental impact statement under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 and following) in connection with an application for a license under part I of the Federal Power Act [16 U.S.C. 791a et seq.], the Commission may permit, at the election of the applicant, a contractor, consultant or other person funded by the applicant and chosen by the Commission from among a list of such individuals or companies determined by the Commission to be qualified to do such work, to prepare such statement for the Commission. The contractor shall execute a disclosure statement prepared by the Commission specifying that it has no financial or other interest in the outcome of the project. The Commission shall establish the scope of work and procedures to assure that the contractor, consultant or other person has no financial or other potential conflict of interest in the outcome of the proceeding. Nothing herein shall affect the Commission's responsibility to comply with the National Environmental Policy Act of 1969.

(b) Environmental assessments

Where an environmental assessment is required under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 and following) in connection with an application for a license under part I of the Federal Power Act [16 U.S.C. 791a et seq.], the Commission may permit an applicant, or a contractor, consultant or other person selected by the applicant, to prepare such environmental assessment. The Commission shall institute procedures, including pre-application consultations, to advise potential applicants of studies or other information foreseeably required by the Commission. The Commission may allow the filing of such applicant-prepared environmental assessments as part of the application. Nothing herein shall affect the Commission's responsibility to comply with the National Environmental Policy Act of 1969.

(c) Effective date

This section shall take effect with respect to license applications filed after October 24, 1992.

(Pub. L. 102-486, title XXIV, §2403, Oct. 24, 1992, 106 Stat. 3097.)

REFERENCES IN TEXT

The National Environmental Policy Act of 1969, referred to in subsecs. (a) and (b), is Pub. L. 91-190, Jan. 1, 1970, 83 Stat. 852, as amended, which is classified generally to chapter 55 (§4321 et seq.) of Title 42, The Public Health and Welfare. For complete classification of this Act to the Code, see Short Title note set out under section 4321 of Title 42 and Tables.

The Federal Power Act, referred to in subsecs. (a) and (b), is act June 10, 1920, ch. 285, 41 Stat. 1063, as amended. Part I of the Act is classified generally to this subchapter (§791a et seq.). For complete classification of this Act to the Code, see section 791a of this title and Tables.

CODIFICATION

Section was enacted as part of the Energy Policy Act of 1992, and not as part of the Federal Power Act which generally comprises this chapter.

§ 798. Purpose and scope of preliminary permits; transfer and cancellation

(a) Purpose

Each preliminary permit issued under this subchapter shall be for the sole purpose of maintaining priority of application for a license under the terms of this chapter for such period or periods, not exceeding a total of three years, as in the discretion of the Commission may be necessary for making examinations and surveys, for preparing maps, plans, specifications, and estimates, and for making financial arrangements.

(b) Extension of period

The Commission may extend the period of a preliminary permit once for not more than 2 additional years beyond the 3 years permitted by subsection (a) if the Commission finds that the permittee has carried out activities under such permit in good faith and with reasonable diligence.

(c) Permit conditions

Each such permit shall set forth the conditions under which priority shall be maintained.

(d) Non-transferability and cancellation of permits

Such permits shall not be transferable, and may be canceled by order of the Commission upon failure of permittees to comply with the conditions thereof or for other good cause shown after notice and opportunity for hearing.

(June 10, 1920, ch. 285, pt. I, §5, 41 Stat. 1067; renumbered pt. I and amended, Aug. 26, 1935, ch. 687, title II, §§203, 212, 49 Stat. 841, 847; Pub. L. 113-23, §5, Aug. 9, 2013, 127 Stat. 495.)

AMENDMENTS

2013—Pub. L. 113-23 designated existing first, second, and third sentences as subsecs. (a), (c), and (d), respectively, and added subsec. (b).

1935—Act Aug. 26, 1935, §203, amended section generally, striking out “and a license issued” at end of second sentence and inserting “or for other good cause shown after notice and opportunity for hearing” in last sentence.
