

1978, 43 F.R. 8095, which is set out as a note under section 6601 of Title 42, The Public Health and Welfare.

AMENDMENTS

1985—Subsec. (a)(1). Pub. L. 99-198, §1736(1), inserted “, who shall be the permanent chairman of the coordinating group”.

Subsecs. (c) to (f). Pub. L. 99-198, §1736(2)-(4), struck out subsec. (c) which provided that each of the Secretaries or their designees, on such rotating basis as determined by the Director, shall serve as the chairman of the coordinating group, with the term of office of the chairman set at two years, redesignated subsecs. (d) to (f) as (c) to (e), respectively, and in subsec. (e), as redesignated, substituted “subsection (c)” for “subsection (d)”.

§ 2806. Contracts and grants

(a) In general

The Secretaries may each carry out any action that such Secretary is responsible for implementing under the Plan through grants to, or contracts with, any person, any other Federal department or agency, any State agency, or any regional commission.

(b) Terms and conditions

Any contract entered into, or any grant made, under subsection (a) shall contain such terms and conditions as the Secretary concerned shall by regulation prescribe as being necessary or appropriate to protect the interests of the United States. No contract may be entered into, and no grant may be made under subsection (a), for any purpose that is in violation of any applicable State or local law.

(c) Limitation

The amount of any grant made under subsection (a) may not exceed an amount equal to one-half the estimated cost of the project for which the grant is made.

(d) Audit

Each recipient of a grant or contract under this section shall make available to the Secretary concerned and to the Comptroller General of the United States, for purposes of audit and examination, any book, document, paper, or record that is pertinent to the funds received under such grant or contract.

(Pub. L. 96-362, §7, Sept. 26, 1980, 94 Stat. 1204.)

§ 2807. Capital requirements for aquaculture

(a) Capital requirements study

The Secretaries, through the coordinating group, shall conduct within twelve months after September 26, 1980, a study of the capital requirements of the United States aquaculture industry. The study shall—

- (1) document and analyze any capital constraints that affect the development of aquaculture in the United States; and
- (2) evaluate the role that appropriate Federal financial assistance does or could play in filling gaps in the normal credit market with respect to aquaculture.

The study will identify the capital needs of the United States aquaculture industry, with emphasis on the needs that are not being filled either in normal credit channels or through gov-

ernment programs for direct loans, loan guarantees, disaster loans, and insurance. Upon its completion, the Secretaries shall submit the results of the study to Congress.

(b) Capital requirements plan

Based on the results of the Capital Requirements Study conducted under subsection (a), and within six months of the completion of the study, the Secretaries shall formulate a plan for acting on the study's findings. The plan shall include: (1) those Federal actions, if any, found to be necessary to meet financial needs unmet through normal credit channels and existing Federal programs; and (2) recommendations, if any, for legislative actions. Upon completion, the plan shall be submitted to Congress.

(Pub. L. 96-362, §8, Sept. 26, 1980, 94 Stat. 1204.)

§ 2808. Regulatory constraints on aquaculture

(a) Regulatory constraints study

The Secretaries, through the coordinating group, shall conduct, within twelve months after September 26, 1980, a study of the State and Federal regulatory restrictions to aquaculture development in the United States. The study shall—

- (1) include a literature review and a descriptive list identifying the parameters of the issue;
- (2) identify and list relevant current and pending Federal regulations restricting the development of commercial aquaculture operations;
- (3) identify and list relevant current State regulations restricting the development of commercial aquaculture operations in five States selected randomly in five separate geographic regions of the United States;
- (4) conduct case studies of ten commercial aquaculture operations in the United States representing a wide range of marine and fresh water species to determine the practical effects of regulatory restrictions on aquaculture; and
- (5) develop a flow-chart time line using the information obtained by means of paragraphs (1) through (4) to identify those regulations and restrictions that could have the most detrimental effect in establishing commercial aquaculture operations in the United States.

Upon completion of the study, the Secretaries shall submit its results to Congress.

(b) Regulatory constraints plan

Based on the results of the Regulatory Constraints Study conducted under subsection (a), and within six months of the study's completion, the Secretaries shall formulate a plan for acting on the study's findings. The plan will contain specific steps the Federal Government can take to remove unnecessarily burdensome regulatory barriers to the initiation and operation of commercial aquaculture ventures. Upon its completion, the Secretaries shall submit the plan to Congress.

(Pub. L. 96-362, §9, Sept. 26, 1980, 94 Stat. 1205.)

§ 2809. Authorizations for appropriations

For purposes of carrying out the provisions of this chapter, there are authorized to be appropriated—

(1) to the Department of Agriculture, \$1,000,000 for each of fiscal years 1991 through 2018;

(2) to the Department of Commerce, \$1,000,000 for each of fiscal years 1991 through 2018; and

(3) to the Department of¹ Interior, \$1,000,000 for each of fiscal years 1991 through 2018.

Funds authorized by this section shall be in addition to, and not in lieu of, funds authorized by any other Act.

2910.	Authorization of appropriations.
2911.	Study on most equitable and effective mechanism for funding State conservation plans; report to Congressional committees.
2912.	Federal conservation of migratory nongame birds.

§ 2901. Congressional findings and declaration of purpose**(a) Findings**

The Congress finds and declares the following:

(1) Fish and wildlife are of ecological, educational, esthetic, cultural, recreational, economic, and scientific value to the Nation.

(2) The improved conservation and management of fish and wildlife, particularly nongame fish and wildlife, will assist in restoring and maintaining fish and wildlife and in assuring a productive and more esthetically pleasing environment for all citizens.

(3) Many citizens, particularly those residing in urban areas, have insufficient opportunity to participate in recreational and other programs designed to foster human interaction with fish and wildlife and thereby are unable to have a greater appreciation and awareness of the environment.

(4) Historically, fish and wildlife conservation programs have been focused on the more recreationally and commercially important species within any particular ecosystem. As a consequence such programs have been largely financed by hunting and fishing license revenues or excise taxes on certain hunting and fishing equipment. These traditional financing mechanisms are neither adequate nor fully appropriate to meet the conservation needs of nongame fish and wildlife.

(5) Each State should be encouraged to develop, revise, and implement, in consultation
