1951—Act Oct. 31, 1951, ch. 655, §33, 65 Stat. 723, inserted “on expiration of sentence” in item 4243.

1949—Act Sept. 7, 1949, ch. 535, §2, 63 Stat. 688, added items 4244 to 4248.

**§ 4241. Determination of mental competency to stand trial to undergo postrelease proceedings<sup>1</sup>**

(a) **MOTION TO DETERMINE COMPETENCY OF DEFENDANT.**—At any time after the commencement of a prosecution for an offense and prior to the sentencing of the defendant, or at any time after the commencement of probation or supervised release and prior to the completion of the sentence, the defendant or the attorney for the Government may file a motion for a hearing to determine the mental competency of the defendant. The court shall grant the motion, or shall order such a hearing on its own motion, if there is reasonable cause to believe that the defendant may presently be suffering from a mental disease or defect rendering him mentally incompetent to the extent that he is unable to understand the nature and consequences of the proceedings against him or to assist properly in his defense.

(b) **PSYCHIATRIC OR PSYCHOLOGICAL EXAMINATION AND REPORT.**—Prior to the date of the hearing, the court may order that a psychiatric or psychological examination of the defendant be conducted, and that a psychiatric or psychological report be filed with the court, pursuant to the provisions of section 4247(b) and (c).

(c) **HEARING.**—The hearing shall be conducted pursuant to the provisions of section 4247(d).

(d) **DETERMINATION AND DISPOSITION.**—If, after the hearing, the court finds by a preponderance of the evidence that the defendant is presently suffering from a mental disease or defect rendering him mentally incompetent to the extent that he is unable to understand the nature and consequences of the proceedings against him or to assist properly in his defense, the court shall commit the defendant to the custody of the Attorney General. The Attorney General shall hospitalize the defendant for treatment in a suitable facility—

(1) for such a reasonable period of time, not to exceed four months, as is necessary to determine whether there is a substantial probability that in the foreseeable future he will attain the capacity to permit the proceedings to go forward; and

(2) for an additional reasonable period of time until—

(A) his mental condition is so improved that trial may proceed, if the court finds that there is a substantial probability that within such additional period of time he will attain the capacity to permit the proceedings to go forward; or

(B) the pending charges against him are disposed of according to law;

whichever is earlier.

If, at the end of the time period specified, it is determined that the defendant's mental condition has not so improved as to permit the proceedings to go forward, the defendant is subject to the provisions of sections 4246 and 4248.

(e) **DISCHARGE.**—When the director of the facility in which a defendant is hospitalized pursuant to subsection (d) determines that the defendant has recovered to such an extent that he is able to understand the nature and consequences of the proceedings against him and to assist properly in his defense, he shall promptly file a certificate to that effect with the clerk of the court that ordered the commitment. The clerk shall send a copy of the certificate to the defendant's counsel and to the attorney for the Government. The court shall hold a hearing, conducted pursuant to the provisions of section 4247(d), to determine the competency of the defendant. If, after the hearing, the court finds by a preponderance of the evidence that the defendant has recovered to such an extent that he is able to understand the nature and consequences of the proceedings against him and to assist properly in his defense, the court shall order his immediate discharge from the facility in which he is hospitalized and shall set the date for trial or other proceedings. Upon discharge, the defendant is subject to the provisions of chapters 207 and 227.

(f) **ADMISSIBILITY OF FINDING OF COMPETENCY.**—A finding by the court that the defendant is mentally competent to stand trial shall not prejudice the defendant in raising the issue of his insanity as a defense to the offense charged, and shall not be admissible as evidence in a trial for the offense charged.

**§ 4243. Hospitalization of a person found not guilty only by reason of insanity**

(a) DETERMINATION OF PRESENT MENTAL CONDITION OF ACQUITTED PERSON.—If a person is found not guilty only by reason of insanity at the time of the offense charged, he shall be committed to a suitable facility until such time as he is eligible for release pursuant to subsection (e).

(b) PSYCHIATRIC OR PSYCHOLOGICAL EXAMINATION AND REPORT.—Prior to the date of the hearing, pursuant to subsection (c), the court shall order that a psychiatric or psychological examination of the defendant be conducted, and that a psychiatric or psychological report be filed with the court, pursuant to the provisions of section 4247(b) and (c).

(c) HEARING.—A hearing shall be conducted pursuant to the provisions of section 4247(d) and shall take place not later than forty days following the special verdict.

(d) BURDEN OF PROOF.—In a hearing pursuant to subsection (c) of this section, a person found

not guilty only by reason of insanity of an offense involving bodily injury to, or serious damage to the property of, another person, or involving a substantial risk of such injury or damage, has the burden of proving by clear and convincing evidence that his release would not create a substantial risk of bodily injury to another person or serious damage of property of another due to a present mental disease or defect. With respect to any other offense, the person has the burden of such proof by a preponderance of the evidence.

(e) DETERMINATION AND DISPOSITION.—If, after the hearing, the court fails to find by the standard specified in subsection (d) of this section that the person's release would not create a substantial risk of bodily injury to another person or serious damage of property of another due to a present mental disease or defect, the court shall commit the person to the custody of the Attorney General. The Attorney General shall release the person to the appropriate official of the State in which the person is domiciled or was tried if such State will assume responsibility for his custody, care, and treatment. If, notwithstanding such efforts, neither such State will assume such responsibility, the Attorney General shall hospitalize the person for treatment in a suitable facility until—

(1) such a State will assume such responsibility; or

(2) the person's mental condition is such that his release, or his conditional release under a prescribed regimen of medical, psychiatric, or psychological care or treatment, would not create a substantial risk of bodily injury to another person or serious damage to property of another;

whichever is earlier. The Attorney General shall continue periodically to exert all reasonable efforts to cause such a State to assume such responsibility for the person's custody, care, and treatment.

(f) DISCHARGE.—When the director of the facility in which an acquitted person is hospitalized pursuant to subsection (e) determines that the person has recovered from his mental disease or defect to such an extent that his release, or his conditional release under a prescribed regimen of medical, psychiatric, or psychological care or treatment, would no longer create a substantial risk of bodily injury to another person or serious damage to property of another, he shall promptly file a certificate to that effect with the clerk of the court that ordered the commitment. The clerk shall send a copy of the certificate to the person's counsel and to the attorney for the Government. The court shall order the discharge of the acquitted person or, on the motion of the attorney for the Government or on its own motion, shall hold a hearing, conducted pursuant to the provisions of section 4247(d), to determine whether he should be released.
