SUBCHAPTER III—GENERAL PROVISIONS

PART A—FEDERAL ADMINISTRATIVE PROVISIONS

§ 2391. Fiscal requirements

(a) Supplement not supplant

Funds made available under this chapter for career and technical education activities shall supplement, and shall not supplant, non-Federal funds expended to carry out career and technical education activities and tech prep program activities.

(b) Maintenance of effort

(1) Determination

(A) In general

Except as provided in subparagraphs (B) and (C), no payments shall be made under this chapter for any fiscal year to a State for career and technical education programs or tech prep programs unless the Secretary determines that the fiscal effort per student or the aggregate expenditures of such State for career and technical education programs for the fiscal year preceding the fiscal year for which the determination is made, equaled or exceeded such effort or expenditures for career and technical education programs for the second fiscal year preceding the fiscal year for which the determination is made.

(B) Computation

In computing the fiscal effort or aggregate expenditures pursuant to subparagraph (A), the Secretary shall exclude capital expenditures, special 1-time project costs, and the cost of pilot programs.

(C) Decrease in Federal support

If the amount made available for career and technical education programs under this chapter for a fiscal year is less than the amount made available for career and technical education programs under this chapter for the preceding fiscal year, then the fiscal effort per student or the aggregate expenditures of a State required by subparagraph (A) for the preceding fiscal year shall be decreased by the same percentage as the percentage decrease in the amount so made available.

(2) Waiver

The Secretary may waive the requirements of this section, with respect to not more than 5 percent of expenditures by any eligible agency for 1 fiscal year only, on making a determination that such waiver would be equitable due to exceptional or uncontrollable circumstances affecting the ability of the eligible agency to meet such requirements, such as a natural disaster or an unforeseen and precipitous decline in financial resources. No level of funding permitted under such a waiver may be used as the basis for computing the fiscal effort or aggregate expenditures required under this section for years subsequent to the year covered by such waiver. The fiscal effort or aggregate expenditures for the subsequent years shall be computed on the basis of the level of funding that would, but for such waiver, have been required.
