SUBCHAPTER VII—IMPACT AID

CODIFICATION

Pub. L. 114-95, title VII, §7001(c), Dec. 10, 2015, 129 Stat. 2074, redesignated subchapter VIII (§7701 et seq.) of this chapter as this subchapter.

Title VII of the Elementary and Secondary Education Act of 1965, comprising this subchapter, was originally enacted as part of Pub. L. 89-10, Apr. 11, 1965, 79 Stat. 27, and subsequently revised, restated, redesignated, and amended by other public laws. Title VII is shown, herein, as having been added as title VIII of Pub. L. 89-10 by Pub. L. 103-382, title I, §101, Oct. 20, 1994, 108 Stat. 3749, without reference to earlier amendments because of the extensive revision of the title's provisions by Pub. L. 103-382. Title VIII of Pub. L. 89-10 was subsequently redesignated title VII by Pub. L. 114-95, title VII, §7001(c), Dec. 10, 2015, 129 Stat. 2074, and transferred to this subchapter. See Codification note preceding section 6301 of this title.

PRIOR PROVISIONS

A prior title VII of the Elementary and Secondary Education Act of 1965, comprising former subchapter VII (§7401 et seq.) of this chapter, was redesignated title VI of the Act by Pub. L. 114-95, title VI, §6001(a), Dec. 10, 2015, 129 Stat. 2046, and transferred to subchapter VI (§7401 et seq.) of this chapter.

§ 7701. Purpose

In order to fulfill the Federal responsibility to assist with the provision of educational services to federally connected children in a manner that promotes control by local educational agencies with little or no Federal or State involvement, because certain activities of the Federal Government, such as activities to fulfill the responsibilities of the Federal Government with respect to Indian tribes and activities under section 4001 of title 50, place a financial burden on the local educational agencies serving areas where such activities are carried out, and to help such children meet the same challenging State academic standards, it is the purpose of this subchapter to provide financial assistance to local educational agencies that—

- (1) experience a substantial and continuing financial burden due to the acquisition of real property by the United States;
- (2) educate children who reside on Federal property and whose parents are employed on Federal property;
- (3) educate children of parents who are in the military services and children who live in low-rent housing;
- (4) educate heavy concentrations of children whose parents are civilian employees of the Federal Government and do not reside on Federal property; or
- (5) need special assistance with capital expenditures for construction activities because of the enrollments of substantial numbers of children who reside on Federal lands and because of the difficulty of raising local revenue through bond referendums for capital projects due to the inability to tax Federal property.

§ 7702. Payments relating to Federal acquisition of real property

(a) In general

Where the Secretary, after consultation with any local educational agency and with the appropriate State educational agency, determines—

(1) that the United States owns Federal property in the local educational agency, and that such property—

(A) has been acquired by the United States since 1938;

(B) was not acquired by exchange for other Federal property in the local educational agency which the United States owned before 1939; and

(C) had an assessed value according to original records (including facsimiles or other reproductions of those records) documenting the assessed value of such property (determined as of the time or times when so acquired) prepared by the local officials referred to in subsection (b)(3) or, when such original records are not available due to unintentional destruction (such as natural disaster, fire, flooding, pest infestation, or deterioration due to age), other records, including Federal agency records, local historical records, or other records that the Secretary determines to be appropriate and reliable, aggregating 10 percent or more of the assessed value of—

(i) all real property in the local educational agency (similarly determined as of the time or times when such Federal property was so acquired); or

(ii) all real property in the local educational agency as assessed in the first year preceding or succeeding acquisition, whichever is greater, only if—

(I) the assessment of all real property in the local educational agency is not made at the same time or times that such Federal property was so acquired and assessed; and

(II) State law requires an assessment be made of property so acquired; and

(2) that such agency is not being substantially compensated for the loss in revenue resulting from such ownership by increases in revenue accruing to the agency from the conduct of Federal activities with respect to such Federal property,

then such agency shall be eligible to receive the amount described in subsection (b) or (h) of this section.

(b) Amount

(1) In general

(A)(i)(I) Subject to subclauses (II) and (III), the amount that a local educational agency shall be paid under subsection (a) of this section for a fiscal year shall be calculated in accordance with paragraph (2).

(II) Except as provided in subclause (III), the Secretary may not reduce the amount of a

payment under this section to a local educational agency for a fiscal year by (aa) the amount equal to the amount of revenue, if any, the agency received during the previous fiscal year from activities conducted on Federal property eligible under this section and located in a school district served by the agency, including amounts received from any Federal department or agency (other than the Department of Education) from such activities, by reason of receipt of such revenue, or (bb) any other amount by reason of receipt of such revenue.

(III) If the amount equal to the sum of (aa) the proposed payment under this section to a local educational agency for a fiscal year and (bb) the amount of revenue described in subclause (II)(aa) received by the agency during the previous fiscal year, exceeds the maximum amount the agency is eligible to receive under this section for the fiscal year involved, then the Secretary shall reduce the amount of the proposed payment under this section by an amount equal to such excess amount.

(ii) For purposes of clause (i), the amount of revenue that a local educational agency receives during the previous fiscal year from activities conducted on Federal property shall not include payments received by the agency from the Secretary of Defense to support—

(I) the operation of a domestic dependent elementary or secondary school; or

(II) the provision of a free public education to dependents of members of the Armed Forces residing on or near a military installation.

(B) If funds appropriated under section 7714(a) of this title are insufficient to pay the amount determined under subparagraph (A), the Secretary shall calculate the payment for each eligible local educational agency in accordance with subsection (h) of this section.

(C) Notwithstanding any other provision of this subsection, a local educational agency may not be paid an amount under this section that, when added to the amount such agency receives under section 7703(b) of this title, exceeds the maximum amount that such agency is eligible to receive for such fiscal year under section 7703(b)(1)(C) of this title, or the maximum amount that such agency is eligible to receive for such fiscal year under this section, whichever is greater.

(2) Application of current levied real property tax rate

In calculating the amount that a local educational agency is eligible to receive for a fiscal year, the Secretary shall apply the current levied real property tax rate for current expenditures levied by fiscally independent local educational agencies, or imputed for fiscally dependent local educational agencies, to the current annually determined estimated taxable value of such acquired Federal property.
