

utilized in Federal education research activities of the Institute, including historically Black colleges or universities or other institutions of higher education with large numbers of minority students.

(9) To coordinate with the Secretary to promote and provide for the coordination of research and development activities and technical assistance activities between the Institute and comprehensive centers.

(10) To solicit and consider the recommendations of education stakeholders, in order to ensure that there is broad and regular public and professional input from the educational field in the planning and carrying out of the Institute's activities.

(11) To coordinate the wide dissemination of information on scientifically valid research.

(12) To carry out and support other activities consistent with the priorities and mission of the Institute.

(g) Expert guidance and assistance

The Director may establish technical and scientific peer-review groups and scientific program advisory committees for research and evaluations that the Director determines are necessary to carry out the requirements of this subchapter. The Director shall appoint such personnel, except that officers and employees of the United States shall comprise no more than $\frac{1}{4}$ of the members of any such group or committee and shall not receive additional compensation for their service as members of such a group or committee. The Director shall ensure that reviewers are highly qualified and capable to appraise education research and development projects. The Federal Advisory Committee Act (5 U.S.C. App.) shall not apply to a peer-review group or an advisory committee established under this subsection.

(h) Review

The Director may, when requested by other officers of the Department, and shall, when directed by the Secretary, review the products and publications of other offices of the Department to certify that evidence-based claims about those products and publications are scientifically valid.

§ 9515. Priorities

(a) Proposal

The Director shall propose to the Board priorities for the Institute (taking into consideration long-term research and development on core issues conducted through the national research and development centers). The Director shall identify topics that may require long-term research and topics that are focused on under-

standing and solving particular education problems and issues, including those associated with the goals and requirements of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6301 et seq.), the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.), and the Higher Education Act of 1965 (20 U.S.C. 1001 et seq.) [and 42 U.S.C. 2751 et seq.], such as—

(1) closing the achievement gap between high-performing and low-performing children, especially achievement gaps between minority and nonminority children and between disadvantaged children and such children's more advantaged peers; and

(2) ensuring—

(A) that all children have the ability to obtain a high-quality education (from early childhood through postsecondary education) and reach, at a minimum, proficiency on challenging State academic achievement standards and State academic assessments, particularly in mathematics, science, and reading or language arts;

(B) access to, and opportunities for, postsecondary education; and

(C) the efficacy, impact on academic achievement, and cost-effectiveness of technology use within the Nation's schools.

(b) Approval

The Board shall approve or disapprove the priorities for the Institute proposed by the Director, including any necessary revision of those priorities. The Board shall transmit any priorities so approved to the appropriate congressional committees.

(c) Consistency

The Board shall ensure that priorities of the Institute and the National Education Centers are consistent with the mission of the Institute.

(d) Public availability and comment

(1) Priorities

Before submitting to the Board proposed priorities for the Institute, the Director shall make such priorities available to the public for comment for not less than 60 days (including by means of the Internet and through publishing such priorities in the Federal Register). The Director shall provide to the Board a copy of each such comment submitted.

(2) Plan

Upon approval of such priorities, the Director shall make the Institute's plan for addressing such priorities available for public comment in the same manner as under paragraph (1).

§ 9516. National Board for Education Sciences

(a) Establishment

The Institute shall have a board of directors, which shall be known as the National Board for Education Sciences.

(b) Duties

The duties of the Board shall be the following:

(1) To advise and consult with the Director on the policies of the Institute.

(2) To consider and approve priorities proposed by the Director under section 9515 of this title to guide the work of the Institute.

(3) To review and approve procedures for technical and scientific peer review of the activities of the Institute.

(4) To advise the Director on the establishment of activities to be supported by the Institute, including the general areas of research to be carried out by the National Center for Education Research.

(5) To present to the Director such recommendations as it may find appropriate for—

(A) the strengthening of education research; and

(B) the funding of the Institute.

(6) To advise the Director on the funding of applications for grants, contracts, and cooperative agreements for research, after the completion of peer review.

(7) To review and regularly evaluate the work of the Institute, to ensure that scientifically valid research, development, evaluation, and statistical analysis are consistent with the standards for such activities under this subchapter.

(8) To advise the Director on ensuring that activities conducted or supported by the Institute are objective, secular, neutral, and non-ideological and are free of partisan political influence and racial, cultural, gender, or regional bias.

(9) To solicit advice and information from those in the educational field, particularly practitioners and researchers, to recommend to the Director topics that require long-term, sustained, systematic, programmatic, and in-

tegrated research efforts, including knowledge utilization and wide dissemination of research, consistent with the priorities and mission of the Institute.

(10) To advise the Director on opportunities for the participation in, and the advancement of, women, minorities, and persons with disabilities in education research, statistics, and evaluation activities of the Institute.

(11) To recommend to the Director ways to enhance strategic partnerships and collaborative efforts among other Federal and State research agencies.

(12) To recommend to the Director individuals to serve as Commissioners of the National Education Centers.

(c) Composition

(1) Voting members

The Board shall have 15 voting members appointed by the President.

(2) Advice
