Before concluding the agreement or agreements, the Secretary of State shall receive satisfactory assurances from private citizens or a responsible local group that they or it will pay to the United States Treasury one-half of the actual United States costs of such construction, including costs of design and right-of-way, and one-half of the actual costs of operation and maintenance allocated under such agreement or agreements to the United States. Payments to the United States Treasury under this section shall be covered into the Treasury as miscellaneous receipts.
