1397aa et seq.] for services provided to Indians eligible for benefits under such respective titles shall not be considered in determining appropriations for the provision of health care and services to Indians.

Nothing in this chapter authorizes the Secretary to provide services to an Indian with coverage under title XVIII, XIX, or XI¹ of the Social Security Act in preference to an Indian without such coverage.

(c) Use of funds

(1) Special fund

(A) 100 percent pass-through of payments due to facilities

Notwithstanding any other provision of law, but subject to paragraph (2), payments to which a facility of the Service is entitled by reason of a provision of title XVIII or XIX of the Social Security Act [42 U.S.C. 1395 et seq., 1396 et seq.] shall be placed in a special fund to be held by the Secretary. (B) Use of funds

Amounts received by a facility of the Service under subparagraph (A) by reason of a provision of title XVIII or XIX of the Social Security Act shall first be used (to such extent or in such amounts as are provided in appropriation Acts) for the purpose of making any improvements in the programs of the Service operated by or through such facility which may be necessary to achieve or maintain compliance with the applicable conditions and requirements of such respective title. Any amounts so received that are in excess of the amount necessary to achieve or maintain such conditions and requirements shall, subject to consultation with the Indian tribes being served by the Service unit, be used for reducing the health resource deficiencies (as determined in section 1621(c) of this title) of such Indian tribes, including the provision of services pursuant to section 1621d of this title.

Subject to complying with the requirements of paragraph (2), a tribal health program may elect to directly bill for, and receive payment

for, health care items and services provided by such program for which payment is made under title XVIII, XIX, or XXI of the Social Security Act [42 U.S.C. 1395 et seq., 1396 et seq., 1397aa et seq.] or from any other third party payor.

Each tribal health program making the election described in paragraph (1) with respect to a program under a title of the Social Security Act [42 U.S.C. 301 et seq.] shall be reimbursed directly by that program for items and services furnished without regard to subsection (c)(1), except that all amounts so reimbursed shall be used by the tribal health program for the purpose of making any improvements in facilities of the tribal health program that may be necessary to achieve or maintain compliance with the conditions and requirements applicable generally to such items and services under the program under such title and to provide additional health care services, improvements in health care facilities and tribal health programs, any health care-related purpose (including coverage for a service or service within a contract health service delivery area or any portion of a contract health service delivery area that would otherwise be provided as a contract health service), or otherwise to achieve the objectives provided in section 1602 of this title.

(B) Audits

The amounts paid to a tribal health program making the election described in paragraph (1) with respect to a program under title XVIII, XIX, or XXI of the Social Security Act shall be subject to all auditing requirements applicable to the program under such title, as well as all auditing requirements applicable to programs administered by an Indian health program. Nothing in the preceding sentence shall be construed as limiting the application of auditing requirements applicable to amounts paid under title XVIII, XIX, or XXI of the Social Security Act.

(4) Withdrawal from program

A tribal health program that bills directly under the program established under this subsection may withdraw from participation in the same manner and under the same conditions that an Indian tribe or tribal organization may retrocede a contracted program to the Secretary under the authority of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450 et seq.). All cost accounting and billing authority under the program established under this subsection shall be returned to the Secretary upon the Secretary's acceptance of the withdrawal of participation in this program.

(5) Termination for failure to comply with requirements

The Secretary may terminate the participation of a tribal health program or² in the direct billing program established under this subsection if the Secretary determines that the program has failed to comply with the requirements of paragraph (2). The Secretary shall provide a tribal health program with notice of a determination that the program has failed to comply with any such requirement and a reasonable opportunity to correct such noncompliance prior to terminating the program's participation in the direct billing program established under this subsection.
