§ 127. Educational assistance programs

(a) Exclusion from gross income

(1) In general

Gross income of an employee does not include amounts paid or expenses incurred by the employer for educational assistance to the employee if the assistance is furnished pursuant to a program which is described in subsection (b).

(2) \$5,250 maximum exclusion

If, but for this paragraph, this section would exclude from gross income more than \$5,250 of educational assistance furnished to an individual during a calendar year, this section shall apply only to the first \$5,250 of such assistance so furnished.

(b) Educational assistance program

(1) In general

For purposes of this section an educational assistance program is a separate written plan of an employer for the exclusive benefit of his employees to provide such employees with educational assistance. The program must meet the requirements of paragraphs (2) through (6) of this subsection.

(2) Eligibility

The program shall benefit employees who qualify under a classification set up by the employer and found by the Secretary not to be discriminatory in favor of employees who are highly compensated employees (within the meaning of section 414(q)) or their dependents. For purposes of this paragraph, there shall be excluded from consideration employees not included in the program who are included in a unit of employees covered by an agreement which the Secretary of Labor finds to be a collective bargaining agreement between employee representatives and one or more employers, if there is evidence that educational assistance benefits were the subject of good faith bargaining between such employee representatives and such employer or employers.

(3) Principal shareholders or owners

Not more than 5 percent of the amounts paid or incurred by the employer for educational assistance during the year may be provided for the class of individuals who are shareholders or owners (or their spouses or dependents), each of whom (on any day of the year) owns more than 5 percent of the stock or of the capital or profits interest in the employer.

(4) Other benefits as an alternative

A program must not provide eligible employees with a choice between educational assistance and other remuneration includible in gross income. For purposes of this section, the business practices of the employer (as well as the written program) will be taken into account.

(5) No funding required

A program referred to in paragraph (1) is not required to be funded.

(6) Notification of employees

Reasonable notification of the availability and terms of the program must be provided to eligible employees.
