SUBCHAPTER V—MISCELLANEOUS

§ 5151. Conversion of currency of foreign countries

(a) In this section—

(1) “buying rate” means the buying rate in the market in New York, New York, for cable transfers payable in the currency of a foreign country to be converted.

(2) when merchandise is exported on a day that banks are generally closed in New York, the buying rate at noon on the last prior business day is deemed to be the buying rate at noon on the day the merchandise is exported.

(b) The value of coins of a foreign country expressed in United States money is the value of the pure metal of the standard coin of the foreign country. The Secretary of the Treasury shall estimate the values of standard coins of the country quarterly and publish the values on the first day of January, April, July, and October of each year.

(c) Except as provided in this section, conversion of currency of a foreign country into United States currency for assessment and collection of duties on merchandise imported into the United States shall be made at values published by the Secretary under subsection (b) of this section for the quarter in which the merchandise is exported.

(d) If the Secretary has not published a value for the quarter in which the merchandise is ex-

ported, or if the value published by the Secretary varies by at least 5 percent from a value measured by the buying rate at noon on the day the merchandise is exported, the conversion of the currency of the foreign country shall be made at a value—
