## (b) Federal employees' inventions

As to an invention made or conceived by a Federal employee while providing assistance pursuant to this section, if the Secretary decides not to retain all rights in such invention, the Secretary may—

(1) grant or agree to grant in advance, to a United States firm, a patent license or assignment, or an option thereto, retaining a non-exclusive, nontransferable, irrevocable, paid-up license to practice the invention or have the invention practiced throughout the world by or on behalf of the United States and such other rights as the Secretary deems appropriate; or

(2) waive, subject to reservation by the United States of a nonexclusive, irrevocable, paid-up license to practice the invention or have the invention practiced throughout the world by or on behalf of the United States, in advance, in whole, or in part, any right which the United States may have to such invention.

## (c) Protection of confidential information

Information of a confidential nature, such as proprietary or classified information, provided to a United States firm pursuant to this section shall be protected. Such information may be released by a United States firm only after written approval by the Secretary.

#### (d) Definitions

## § 2317. Wetlands

# (a) Goals and action plan

## (1) Goals

There is established, as part of the Corps of Engineers water resources development program, an interim goal of no overall net loss of the Nation's remaining wetlands base, as defined by acreage and function, and a long-term goal to increase the quality and quantity of the Nation's wetlands, as defined by acreage and function.

## (2) Use of authorities

The Secretary shall utilize all appropriate authorities, including those to restore and cre-

ate wetlands, in meeting the interim and longterm goals.

#### (3) Action plan

### (A) Development

The Secretary shall develop, in consultation with the Environmental Protection Agency, the Fish and Wildlife Service, and other appropriate Federal agencies, a wetlands action plan to achieve the goals established by this subsection as soon as possible.

#### (B) Contents

The plan shall include and identify actions to be taken by the Secretary in achieving the goals and any new authorities which may be necessary to accelerate attainment of the goals.

#### (C) Completion deadline

The Secretary shall complete the plan not later than 1 year after November 28, 1990.

# (b) Constructed wetlands for Mud Creek, Arkan-

Notwithstanding any other provision of law, the Secretary is authorized and directed to establish and carry out a research and pilot project to evaluate and demonstrate—

- (1) the use of constructed wetlands for wastewater treatment, and
- (2) methods by which such projects contribute—
- (A) to meeting the objective of the Federal Water Pollution Control Act [33 U.S.C. 1251 et seq.] to restore and maintain the physical, chemical, and biological integrity of the Nation's waters, and
- (B) to attaining the goals established by subsection (a) of this section.

The project under this subsection shall be carried out to improve the quality of effluent discharged from publicly owned treatment works operated by the city of Fayetteville, Arkansas, into Mud Creek or its tributaries.

### (c) Non-Federal responsibilities

For the project conducted under subsection (b) of this section, the non-Federal interest shall agree—  $\,$ 

- (1) to provide, without cost to the United States, all lands, easements, rights-of-way, relocations, and dredged material disposal areas necessary for construction and subsequent research and demonstration work;
- (2) to hold and save the United States free from damages due to construction, operation, and maintenance of the project, except damages due to the fault or negligence of the United States or its contractors; and
- (3) to operate and maintain the restored or constructed wetlands in accordance with good management practices; except that nothing in this paragraph shall be construed as precluding a Federal agency from agreeing to operate and maintain the restored or reconstructed wetlands.

The value of the non-Federal lands, easements, rights-of-way, relocations, and dredged material disposal areas provided by the non-Federal interest shall be credited toward the non-Federal
