EFFECTIVE DATE

Pub. L. 105-115, title IV, §408(b)(2), Nov. 21, 1997, 111 Stat. 2371, provided that: “The amendment made by this subsection [enacting this section] is deemed to have taken effect July 1, 1995.”

§ 247b-9. Diabetes in children and youth

(a) Surveillance on juvenile diabetes

The Secretary, acting through the Director of the Centers for Disease Control and Prevention,

shall develop a sentinel system to collect data on juvenile diabetes, including with respect to incidence and prevalence, and shall establish a national database for such data.

(b) Type 2 diabetes in youth

The Secretary shall implement a national public health effort to address type 2 diabetes in youth, including—

(1) enhancing surveillance systems and expanding research to better assess the prevalence and incidence of type 2 diabetes in youth and determine the extent to which type 2 diabetes is incorrectly diagnosed as type 1 diabetes among children; and

(2) developing and improving laboratory methods to assist in diagnosis, treatment, and prevention of diabetes including, but not limited to, developing noninvasive ways to monitor blood glucose to prevent hypoglycemia and improving existing glucometers that measure blood glucose.

(c) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.

(July 1, 1944, ch. 373, title III, §317H, as added Pub. L. 106-310, div. A, title IV, §401, Oct. 17, 2000, 114 Stat. 1112.)

§ 247b-9a. Better diabetes care

(a) Short title

This section may be cited as the “Catalyst to Better Diabetes Care Act of 2009”.

(b) National diabetes report card

(1) In general

The Secretary, in collaboration with the Director of the Centers for Disease Control and Prevention (referred to in this section as the “Director”), shall prepare on a biennial basis a national diabetes report card (referred to in this section as a “Report Card”) and, to the extent possible, for each State.¹

(2) Contents

(A) In general

Each Report Card shall include aggregate health outcomes related to individuals diagnosed with diabetes and prediabetes including—

- (i) preventative care practices and quality of care;
- (ii) risk factors; and
- (iii) outcomes.

(B) Updated reports

Each Report Card that is prepared after the initial Report Card shall include trend analysis for the Nation and, to the extent possible, for each State, for the purpose of—

- (i) tracking progress in meeting established national goals and objectives for improving diabetes care, costs, and prevalence (including Healthy People 2010); and
- (ii) informing policy and program development.

¹ So in original.

(3) Availability

The Secretary, in collaboration with the Director, shall make each Report Card publicly available, including by posting the Report Card on the Internet.

(c) Improvement of vital statistics collection**(1) In general**

The Secretary, acting through the Director of the Centers for Disease Control and Prevention and in collaboration with appropriate agencies and States, shall—

(A) promote the education and training of physicians on the importance of birth and death certificate data and how to properly complete these documents, including the collection of such data for diabetes and other chronic diseases;

(B) encourage State adoption of the latest standard revisions of birth and death certificates; and

(C) work with States to re-engineer their vital statistics systems in order to provide cost-effective, timely, and accurate vital systems data.

(2) Death certificate additional language

In carrying out this subsection, the Secretary may promote improvements to the collection of diabetes mortality data, including the addition of a question for the individual certifying the cause of death regarding whether the deceased had diabetes.

(d) Study on appropriate level of diabetes medical education**(1) In general**

The Secretary shall, in collaboration with the Institute of Medicine and appropriate associations and councils, conduct a study of the impact of diabetes on the practice of medicine in the United States and the appropriateness of the level of diabetes medical education that should be required prior to licensure, board certification, and board recertification.

(2) Report

Not later than 2 years after March 23, 2010, the Secretary shall submit a report on the study under paragraph (1) to the Committees on Ways and Means and Energy and Commerce of the House of Representatives and the Committees on Finance and Health, Education, Labor, and Pensions of the Senate.

(e) Authorization of appropriations

There are authorized to be appropriated to carry out this section such sums as may be necessary.

(Pub. L. 111-148, title X, §10407, Mar. 23, 2010, 124 Stat. 976.)

CODIFICATION

Section was enacted as part of the Patient Protection and Affordable Care Act, and not as part of the Public Health Service Act which comprises this chapter.

§ 247b-10. Compilation of data on asthma**(a) In general**

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall—

(1) conduct local asthma surveillance activities to collect data on the prevalence and severity of asthma and the quality of asthma management;

(2) compile and annually publish data on the prevalence of children suffering from asthma in each State; and

(3) to the extent practicable, compile and publish data on the childhood mortality rate associated with asthma nationally.

(b) Surveillance activities

The Director of the Centers for Disease Control and Prevention, acting through the representative of the Director on the National Asthma Education Prevention Program Coordinating Committee, shall, in carrying out subsection (a) of this section, provide an update on surveillance activities at each Committee meeting.

(c) Collaborative efforts

The activities described in subsection (a)(1) of this section may be conducted in collaboration with eligible entities awarded a grant under section 280g of this title.

(d) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.

(July 1, 1944, ch. 373, title III, §317I, as added Pub. L. 106-310, div. A, title V, §531, Oct. 17, 2000, 114 Stat. 1117.)

§ 247b-11. Effects of folic acid in prevention of birth defects**(a) In general**

The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall expand and intensify programs (directly or through grants or contracts) for the following purposes:

(1) To provide education and training for health professionals and the general public for purposes of explaining the effects of folic acid in preventing birth defects and for purposes of encouraging each woman of reproductive capacity (whether or not planning a pregnancy) to consume on a daily basis a dietary supplement that provides an appropriate level of folic acid.

(2) To conduct research with respect to such education and training, including identifying effective strategies for increasing the rate of consumption of folic acid by women of reproductive capacity.

(3) To conduct research to increase the understanding of the effects of folic acid in preventing birth defects, including understanding with respect to cleft lip, cleft palate, and heart defects.

(4) To provide for appropriate epidemiological activities regarding folic acid and birth defects, including epidemiological activities regarding neural tube defects.

(b) Consultations with States and private entities

In carrying out subsection (a) of this section, the Secretary shall consult with the States and
