

stitutions. Such audits shall be conducted in accordance with the guidelines prescribed under section 6372a(a)(1) of this title.

(c) Application by Governor, unit of local government or public care institution

The Governor of any State, unit of local government or public care institution may apply to the Secretary at such time as the Secretary may specify after promulgation of the guidelines under section 6372a(a) of this title for grants to conduct energy audits of buildings owned by units of local government and public care institutions in such State under this part.

(d) Grants for conduct of energy audits

Upon application under subsection (c) of this section the Secretary may make grants to States, units of local government, and public care institutions for purposes of conducting energy audits of facilities under this part in accordance with the guidelines prescribed under section 6372a(a)(2) of this title.

(e) Audits conducted prior to grant of financial assistance

If a State, unit of local government, or public care institution, without the use of financial assistance under this section, conducts preliminary energy audits or energy audits which comply with the guidelines prescribed by the Secretary or which are approved by the Secretary, the funds allocated for purposes of this section shall be added to the funds available for technical assistance programs for such State, and shall be in addition to amounts otherwise available for such purpose.

(f) Restriction on use of funds

Amounts made available under this section (together with any other amounts made available from other Federal sources) may not be used to pay more than 50 percent of the costs of any preliminary energy audit or energy audit.

§ 6372c. State plans

(a) The Secretary shall invite the State energy agency of each State to submit, within 90 days after the effective date of the guidelines prescribed pursuant to section 6372a of this title, or such longer period as the Secretary may, for good cause, allow, a proposed State plan under this section for such State. Such plan shall include—

(1) the results of preliminary energy audits conducted in accordance with the guidelines prescribed pursuant to section 6372a(a)(1) of this title, and an estimate of the energy savings that may result from the modification of maintenance and operating procedures in buildings owned by units of local government and public care institutions;

(2) a recommendation as to the types of technical assistance programs considered appropriate for buildings owned by units of local government and public care institutions in such State, together with an estimate of the costs of carrying out such programs;

(3) a program for identifying persons qualified to carry out technical assistance programs;

(4) procedures for the coordination among technical assistance programs within any State and for coordination of programs authorized under this part with other State energy conservation programs;¹

(5) a description of the policies and procedures to be followed in the allocation of funds among eligible applicants for technical assistance within such State, including procedures to insure that funds will be allocated among eligible applicants on the basis of relative need and including recommendations as to how priorities should be established between buildings owned by units of local government and public care institutions, and among competing proposals taking into account such factors as cost, energy consumption, and energy savings;

(6) procedures to assure that all grants for technical assistance provided under this part are expended in compliance with the requirements of an approved State plan for such State and in compliance with the requirements of this part (including requirements contained in rules promulgated under this part); and

(7) policies and procedures designed to assure that financial assistance provided under this part in such State will be used to supplement, and not to supplant State, local, or other funds.

(b) Each State plan submitted under this section shall be reviewed and approved or disapproved by the Secretary not later than 60 days after receipt by the Secretary. If such plan meets the requirements of subsection (a) of this section, the Secretary shall approve the plan. If a State plan submitted within the 90 day period specified in subsection (a) of this section has not been disapproved within the 60-day period following its receipt by the Secretary, such plan shall be treated as approved by the Secretary. A State energy agency may submit a new or amended plan at any time after the submission of the original plan if the agency obtains the consent of the Secretary.

AMENDMENTS

1998—Subsec. (a)(1). Pub. L. 105-388 substituted semicolon for comma at end.

Subsec. (a)(2). Pub. L. 105-388, which directed substitution of semicolon for comma at end, could not be executed because comma does not appear at end.

Subsec. (a)(3). Pub. L. 105-388 substituted semicolon for comma at end.

§ 6372d. Applications for grants for technical assistance

(a) Limitation on number of applications by units of local government and public care institutions; submittal to State energy agency

Applications of units of local government and public care institutions for grants for technical assistance under this part shall be made not

¹ So in original. The comma probably should be a semicolon.
