In addition the Secretary is authorized to make grants to any State or local government for the completion of plans, specifications, and estimates for local public works projects where either architectural design or preliminary engineering or related planning has already been undertaken and where additional architectural and engineering work or related planning is required to permit construction of the project under this chapter.

No grant shall be made for a project under this section unless the share of the financial assistance for such project (other than the share with respect to which a grant is requested under this section) is immediately available for such project and construction of such project has not yet been initiated.
