The Secretary, in consultation with the Secretary of Labor, and consistent with existing applicable collective bargaining agreements and practices, shall promulgate regulations to assure special consideration to the employment in projects under this chapter of qualified disabled veterans (as defined in section 4211(1) of title 38) and qualified Vietnam-era veterans (as defined in section 4211(2) of such title 38). The Secretary shall make a final determination with respect to each application for a grant submitted to him under this chapter not later than the sixtieth day after the date he receives such application. Failure to make such final determination within such period shall be deemed to be an approval by the Secretary of the grant requested. For purposes of this section, in considering the extent of unemployment or underemployment, the Secretary shall consider the amount of unemployment or underemployment in the construction and construction-related industries.

The Secretary shall allocate funds appropriated after May 13, 1977, under section 6710 of this title as follows:

(1) 2½ per centum of such funds shall be set aside and shall be expended only for grants for public works projects under this chapter to Indian tribes and Alaska Native villages. None of the remainder of such funds shall be expended for such grants to such tribes and villages.

(2) After the set aside required by paragraph (1) of this subsection, \$70,000,000 shall be set aside and expended only for grants for any public works project the application for a grant for which was made under this chapter after July 22, 1976, and before December 24, 1976, and which application was not received, was not considered, or was rejected solely because of an error by an officer or employee of the United States. Any allocation made to an applicant pursuant to regulation shall be reduced by the amount of any grant made to such applicant under this paragraph.

(3) After the set asides required by paragraphs (1) and (2) of this subsection, 65 per centum of such funds shall be allocated among the States on the basis of the ratio that the number of unemployed persons in each State bears to the total number of unemployed persons in all the States and 35 per centum of such funds shall be allocated among those States with an average unemployment rate for the preceding twelve-month period in excess of 6.5 per centum on the basis of the relative severity of unemployment in each such State, except that (A) no State shall be allocated less than three-quarters of one per centum or more than 12½ per centum of such funds for local public works projects within such State, except that in the case of Guam, the Virgin Islands, American Samoa, and the Trust Territory of the Pacific Islands, not less than one-half of one per centum in the aggregate shall be granted for such projects in all four of these jurisdictions, and (B) no State whose unemployment data was converted for the first time in 1976 to the benchmark data of the current population survey annual average compiled by the Bureau of Labor Statistics shall receive a percentage of such funds less than the percentage of funds allocated to such State under this chapter from funds appropriated to carry out this chapter prior to May 13, 1977.

(b) Local government projects; energy conservation; endorsement of project by general purpose local government; projects requested by school districts

(1) In making grants under this chapter, the Secretary shall give priority and preference to public works projects of local governments.
