AMENDMENTS

1995—Subsec. (d). Pub. L. 104-66 struck out subsec. (d) which read as follows: “Within twenty-four months after the date of enactment of an appropriation Act to carry out phase I, the Secretary shall transmit a report to Congress containing the recommendations made pursuant to subsection (b) of this section and a detailed statement of his findings and conclusions.”

§ 390g-2. Phase II of groundwater recharge demonstration program

(a) Design, construction, and operation of projects

During phase II, and subject to State water laws and interstate water compacts, the Bureau is authorized and directed to design, construct, and operate demonstration projects in the High Plains States and other Reclamation Act States to recharge groundwater systems as recommended in the report referred to in subsection (c).

(b) Alternative means of cost allocation; economic feasibility of projects

During phase II the Secretary, acting through the Bureau, shall contract with the various High Plains States and other Reclamation Act States to conduct a study to identify and evaluate alternative means by which the costs of groundwater recharge projects could be allocated among the beneficiaries of the projects within the respective States and identify and evaluate the economic feasibility of and the legal authority for utilizing groundwater recharge in water resource development projects.

(c) Reports to Congress

(1) Within twelve months after the initiation of phase II, and at annual intervals thereafter, the Secretary shall submit interim reports to Congress. Each report shall contain a detailed statement of his findings and progress respecting the design, construction, and operation of the demonstration projects referred to in subsection (a) and the study referred to in subsection (b).

(2) Within five years after the initiation of phase II, the Secretary shall submit a summary report to Congress. The summary report shall contain—

(A) a detailed evaluation of the demonstration projects referred to in subsection (a);

(B) the results of the studies referred to in subsection (b);

(C) specific recommendations regarding the location, scope, and feasibility of operational groundwater recharge projects to be constructed and maintained by the Bureau; and

(D) an evaluation of the feasibility of integrating these groundwater recharge projects into existing reclamation projects.

(3) In addition to recommendations made under section 390g-1 of this title, the Secretary shall make additional recommendations for design, construction, and operation of demonstration projects. Such projects are authorized to be designed, constructed, and operated in accordance with subsection (a).

(4) Each project under this section shall terminate five years after the date on which construction on the project is completed.

(5) At the conclusion of phase II the Secretary shall submit a final report to the Congress which shall include, but not be limited to, a detailed evaluation of the projects under this section.

(Pub. L. 98-434, §4, Sept. 28, 1984, 98 Stat. 1676; Pub. L. 102-575, title XXVI, §2601(1), (2), Oct. 30, 1992, 106 Stat. 4689.)

AMENDMENTS

1992—Subsec. (c). Pub. L. 102-575 substituted “summary report” for “final report” in two places in introductory provisions of par. (2) and added pars. (3) to (5).

§ 390g-3. Evaluation of water quality impacts

The Secretary, acting through the Bureau, and the Administrator of the Environmental Protection Agency (hereinafter referred to as the “Administrator”) shall enter into a memorandum-of-understanding to provide for an evaluation of the impacts to surface water and groundwater quality resulting from the groundwater recharge demonstration projects constructed pursuant to sections 390g to 390g-8 of this title. The Administrator shall consult with the United States Geological Survey and shall make maximum use of data, studies, and other technical resources and assistance available from State and local entities in conducting the evaluation. The evaluation of water quality impacts shall be completed so as to be included in the Secretary’s summary report to the Congress referred to in section 390g-2(c)(2) of this title.

(Pub. L. 98-434, §5, Sept. 28, 1984, 98 Stat. 1676; Pub. L. 102-575, title XXVI, §2601(1), Oct. 30, 1992, 106 Stat. 4689.)

AMENDMENTS

1992—Pub. L. 102-575 substituted “summary report” for “final report”.

§ 390g-4. Authorization of appropriations to carry out phase I

There is authorized to be appropriated \$500,000 for fiscal years beginning after September 30, 1983, to carry out phase I. Amounts shall be made available pursuant to the authorization contained in this section in a single sum for all demonstration project sites, and it shall be within the discretion of the Secretary to apportion such sum among such sites.

(Pub. L. 98-434, §6, Sept. 28, 1984, 98 Stat. 1677.)

§ 390g-5. Authorization of appropriations to carry out phase II

There is authorized to be appropriated for fiscal years beginning after September 30, 1983, \$31,000,000 (October 1990 price levels) plus or minus such amounts, if any, as may be required by reason of ordinary fluctuations in construction costs as indicated by engineering cost indexes applicable to the type of construction involved herein to carry out phase II. Amounts shall be made available pursuant to the authorization contained in this section in sums for individual projects based on findings of feasibility by the Secretary.
