

the Grasslands Water District for the purpose of fish and wildlife shall be nonreimbursable.

(e) Nonproject water

The Secretary is authorized to store and convey nonproject water utilizing Federal Reclamation project facilities for use outside and inside the authorized project service area for municipal and industrial uses, fish and wildlife, and agricultural uses. Except in the case of water supplied for fish and wildlife, which shall be nonreimbursable, the Secretary shall charge the recipients of such water for such use of Federal Reclamation project facilities at a rate established pursuant to subsection (c).

(f) Reclamation Fund

The payment of capital costs attributable to the sale of project or nonproject water or the use of Federal Reclamation project facilities shall be covered into the Reclamation Fund and be placed to the credit of the project from which such water or use of such facilities is supplied.

TERMINATION OF AUTHORITIES

For provisions directing that authorities established under this subchapter shall terminate ten years after Mar. 5, 1992, see section 2214(c) of this title.

§ 2213. Loans

The Secretary of the Interior is authorized to make loans to water users for the purposes of undertaking construction, management, conservation activities, or the acquisition and transportation of water consistent with State law, that can be expected to have an effect in mitigating losses and damages, including those suffered by fish and wildlife, resulting from drought conditions. Such loans shall be made available under such terms and conditions as the Secretary deems appropriate: *Provided*, That the Secretary shall not approve any loan unless the applicant can demonstrate an ability to repay such loan within the term of the loan: *Provided further*, That for all loans approved by the Secretary under the authority of this section, the interest rate shall be the rate determined by the Secretary of the Treasury based on average market yields on outstanding marketable obligations of the United States with periods to maturity comparable to the repayment period of the loan. The repayment period for loans issued under this section shall not exceed fifteen years. The repayment period for such loans shall begin when the loan is executed. Sections 390cc(a) and 390tt of this title and sections 105 and 106 of Public Law 99-546 shall not apply to any contract to repay such loan. The Secretary shall notify the Committee on Energy and Natural Resources of the Senate and the Committee on Natural Resources of the House of

Representatives in writing of any loan which the Secretary intends to approve not less than thirty days prior to granting final approval.

2000—Subsec. (a). Pub. L. 106-566, §201(a)(1), inserted “and in the State of Hawaii” after “Reclamation State”.

Subsec. (c). Pub. L. 106-566, §201(a)(2), substituted “on September 30, 2005” for “ten years after March 5, 1992”.

§ 2215. Assistance for drought-related planning in reclamation States

(a) In general

The Secretary may provide financial assistance in the form of cooperative agreements in States that are eligible to receive drought assistance under this subchapter to promote the development of drought contingency plans under subchapter II.

(b) Report

Not later than one year after December 23, 2000, the Secretary shall submit to the Congress a report and recommendations on the advisability of providing financial assistance for the development of drought contingency plans in all entities that are eligible to receive assistance under subchapter II.

(Pub. L. 102-250, title I, §105, as added Pub. L. 106-566, title II, §201(b), Dec. 23, 2000, 114 Stat. 2820.)

SUBCHAPTER II—DROUGHT CONTINGENCY PLANNING

§ 2221. Identification of opportunities for water supply conservation, augmentation and use

The Secretary is authorized to conduct studies to identify opportunities to conserve, augment, and make more efficient use of water supplies available to Federal Reclamation projects and Indian water resource developments in order to be prepared for and better respond to drought conditions. The Secretary is authorized to provide technical assistance to States and to local and tribal government entities to assist in the development, construction, and operation of water desalinization projects, including technical assistance for purposes of assessing the technical and economic feasibility of such projects.

(Pub. L. 102-250, title II, §201, Mar. 5, 1992, 106 Stat. 56.)

§ 2222. Drought contingency plans

The Secretary, acting pursuant to the Federal Reclamation laws, utilizing the resources of the Department of the Interior, and in consultation with other appropriate Federal and State officials, Indian tribes, public, private, and local entities, is authorized to prepare or participate in the preparation of cooperative drought contingency plans (hereinafter in this subchapter referred to as “contingency plans”) for the prevention or mitigation of adverse effects of drought conditions.

(Pub. L. 102-250, title II, §202, Mar. 5, 1992, 106 Stat. 56.)

§ 2223. Plan elements

(a) Plan provisions

Elements of the contingency plans prepared pursuant to section 2222 of this title may include, but are not limited to, any or all of the following:

- (1) Water banks.
- (2) Appropriate water conservation actions.
- (3) Water transfers to serve users inside or outside authorized Federal Reclamation

project service areas in order to mitigate the effects of drought.

(4) Use of Federal Reclamation project facilities to store and convey nonproject water for agricultural, municipal and industrial, fish and wildlife, or other uses both inside and outside an authorized Federal Reclamation project service area.

(5) Use of water from dead or inactive reservoir storage or increased use of ground water resources for temporary water supplies.

(6) Water supplies for fish and wildlife resources.

(7) Minor structural actions.

(b) Federal Reclamation projects

Each contingency plan shall identify the following two types of plan elements related to Federal Reclamation projects:

(1) Those plan elements which pertain exclusively to the responsibilities and obligations of the Secretary pursuant to Federal Reclamation law and the responsibilities and obligations of the Secretary for a specific Federal Reclamation project.

(2) Those plan elements that pertain to projects, purposes, or activities not constructed, financed, or otherwise governed by the Federal Reclamation law.

(c) Drought levels

The Secretary is authorized to work with other Federal and State agencies to improve hydrologic data collection systems and water supply forecasting techniques to provide more accurate and timely warning of potential drought conditions and drought levels that would trigger the implementation of contingency plans.

(d) Compliance with law

The contingency plans and plan elements shall comply with all requirements of applicable Federal law, including the National Environmental Policy Act of 1969 (42 U.S.C. 4321), section 2265(a) of title 33, and the Fish and Wildlife Coordination Act [16 U.S.C. 661 et seq.], and shall be in accordance with applicable State law.

(e) Review

The contingency plans shall include provisions for periodic review to assure the adequacy of the contingency plan to respond to current conditions, and such plans may be modified accordingly.

(Pub. L. 102-250, title II, §203, Mar. 5, 1992, 106 Stat. 57.)
