

of Federal Regulations, Articles IX(5) and XIII of the Cape Town Treaty shall apply to the matters described in subsection (b) until the earlier of the effective date of the final rule under this section or December 31, 2004.”

CAPE TOWN TREATY; FINDINGS AND PURPOSE

Pub. L. 108-297, §2, Aug. 9, 2004, 118 Stat. 1095, provided that:

“(a) FINDINGS.—Congress finds the following:

“(1) The Cape Town Treaty (as defined in section 44113 of title 49, United States Code) extends modern commercial laws for the sale, finance, and lease of aircraft and aircraft engines to the international arena in a manner consistent with United States law and practice.

“(2) The Cape Town Treaty provides for internationally established and recognized financing and leasing rights that will provide greater security and commercial predictability in connection with the financing and leasing of highly mobile assets, such as aircraft and aircraft engines.

“(3) The legal and financing framework of the Cape Town Treaty will provide substantial economic benefits to the aviation and aerospace sectors, including the promotion of exports, and will facilitate the acquisition of newer, safer aircraft around the world.

“(4) Only technical changes to United States law and regulations are required since the asset-based financing and leasing concepts embodied in the Cape Town Treaty are already reflected in the United States in the Uniform Commercial Code.

“(5) The new electronic registry system established under the Cape Town Treaty will work in tandem with current aircraft document recordation systems of the Federal Aviation Administration, which have served United States industry well.

“(6) The United States Government was a leader in the development of the Cape Town Treaty.

“(b) PURPOSE.—Accordingly, the purpose of this Act [see Short Title of 2004 Amendment note set out under section 40101 of this title] is to provide for the implementation of the Cape Town Treaty in the United States by making certain technical amendments to the provisions of chapter 441 of title 49, United States Code, directing the Federal Aviation Administration to complete the necessary rulemaking processes as expeditiously as possible, and clarifying the applicability of the Treaty during the rulemaking process.”

§ 44102. Registration requirements

(a) ELIGIBILITY.—An aircraft may be registered under section 44103 of this title only when the aircraft is—

(1) not registered under the laws of a foreign country and is owned by—

(A) a citizen of the United States;

(B) an individual citizen of a foreign country lawfully admitted for permanent residence in the United States; or

(C) a corporation not a citizen of the United States when the corporation is organized and doing business under the laws of the United States or a State, and the aircraft is based and primarily used in the United States; or

(2) an aircraft of—

(A) the United States Government; or

(B) a State, the District of Columbia, a territory or possession of the United States, or a political subdivision of a State, territory, or possession.

(b) DUTY TO DEFINE CERTAIN TERM.—In carrying out subsection (a)(1)(C) of this section, the Secretary of Transportation shall define “based and primarily used in the United States”.

44102(b)	49 App.:1401(b) (last sentence).	

In subsection (a), before clause (1), the words “may be registered” are substituted for “shall be eligible for registration”, and the words “under section 44103 of this title” are added, for clarity. The words “only when” are substituted for “if, but only if” for consistency. In subclause (C), the words “not a citizen of the United States” are substituted for “(other than a corporation which is a citizen of the United States)” to eliminate unnecessary words. The word “lawfully” is omitted as surplus.

In subsection (b), the words “In carrying out subsection (a)(1)(C) of this section” are added because of the restatement. The words “by regulation” are omitted as unnecessary because of 49:322(a).

§ 44103. Registration of aircraft

(a) GENERAL.—(1) On application of the owner of an aircraft that meets the requirements of section 44102 of this title, the Administrator of the Federal Aviation Administration shall—

(A) register the aircraft; and

(B) issue a certificate of registration to its owner.

(2) The Administrator may prescribe the extent to which an aircraft owned by the holder of a dealer’s certificate of registration issued under section 44104(2) of this title also is registered under this section.

(b) CONTROLLED SUBSTANCE VIOLATIONS.—(1) The Administrator may not issue an owner’s certificate of registration under subsection (a)(1) of this section to a person whose certificate is revoked under section 44106 of this title during the 5-year period beginning on the date of the revocation, except—

(A) as provided in section 44106(e)(2) of this title; or

(B) that the Administrator may issue the certificate to the person after the one-year period beginning on the date of the revocation if the Administrator decides that the aircraft otherwise meets the requirements of section 44102 of this title and that denial of a certificate for the 5-year period—

(i) would be excessive considering the nature of the offense or the act committed and the burden the denial places on the person; or

(ii) would not be in the public interest.

(2) A decision of the Administrator under paragraph (1)(B)(i) or (ii) of this subsection is within the discretion of the Administrator. That decision or failure to make a decision is not subject to administrative or judicial review.

(c) CERTIFICATES AS EVIDENCE.—A certificate of registration issued under this section is—

(1) conclusive evidence of the nationality of an aircraft for international purposes, but not
