

more rapidly, or at less cost than if performed by the Department of Agriculture, may enter into contracts with such public or private organizations or individuals as he may find qualified to carry on work under this section without regard to the provisions of section 6101 of title 41, and with respect to such contracts he may make advance progress or other payments without regard to the provisions of section 3324(a) and (b) of title 31. Contracts under this section may be made for work to continue not more than four years from the date of any such contract. Notwithstanding the provisions of section 5 of the Act of June 20, 1874, as amended (31 U.S.C. 713), any unexpended balances of appropriations properly obligated by contracting with an organization as provided in this subsection may remain upon the books of the Treasury for not more than five fiscal years before being carried to the surplus fund and covered into the Treasury. Research authorized under this subsection shall be conducted so far as practicable at laboratories of the Department of Agriculture. Projects conducted under contract with public and private agencies shall be supplemental to and coordinated with research of these laboratories. Any contracts made pursuant to this authority shall contain requirements making the results of research and investigations available to the public through dedication, assignment to the Government, or such other means as the Secretary shall determine.

(b) In order to carry out further the purposes of section 427 of this title, other than research on utilization of agricultural commodities and the products thereof, and in addition to all other appropriations authorized by sections 427 to 427j of this title, there is authorized to be appropriated for cooperative research with the State agricultural experiment stations and such other appropriate agencies as may be mutually agreeable to the Department of Agriculture and the experiment stations concerned, the following sums:

(1) \$1,500,000 for the fiscal year ending June 30, 1947, and each subsequent fiscal year.

(2) An additional \$1,500,000 for the fiscal year ending June 30, 1948, and each subsequent fiscal year.

(3) An additional \$1,500,000 for the fiscal year ending June 30, 1949, and each subsequent fiscal year.

(4) An additional \$1,500,000 for the fiscal year ending June 30, 1950, and each subsequent fiscal year.

(5) In addition to the foregoing such additional funds beginning with the fiscal year ending June 30, 1951, and thereafter, as the Congress may deem necessary.

(c) The Secretary may incur necessary administrative expenses not to exceed 3 per centum of the amount appropriated in any fiscal year in carrying out this section, including the specific objects of expense enumerated in section 427b of this title.

(d) The "Special research fund, Department of Agriculture," provided by section 427c of this title, shall continue to be available solely for research into laws and principles underlying basic problems of agriculture in its broadest aspects; research relating to the improvement of the

quality of, and the development of, new and improved methods of production of, distribution of, and new and extended uses and markets for, agricultural commodities and byproducts and manufactures thereof; and research relating to the conservation, development, and use of land and water resources for agricultural purposes. Such research shall be in addition to research provided for under other law (but both activities shall be coordinated so far as practicable) and shall be conducted by such agencies of the Department of Agriculture as the Secretary of Agriculture may designate or establish.

(e) Appropriations for research work in the Department of Agriculture shall be available for accomplishing such purposes by contract through the means provided in subsection (a) of this section.

§ 428c. Rice research

(a) Regional and national research programs; rules; purposes

The Secretary of Agriculture may, under rules prescribed by such Secretary, carry out regional and national research programs with regard to rice for the following purposes:

- (1) to reduce fertilizer and herbicide usage in excess of production needs;
- (2) to develop varieties of rice more susceptible to complete fertilizer utilization;
- (3) to improve the resistance of rice plants to disease and to enhance their conservation and environmental qualities;

(4) to increase the usage of rice and its processing byproducts;

(5) to develop better husbandry practices in production and conservation of rice;

(6) to develop more efficient rice storage practices;

(7) to improve domestic and international marketing of rice; and

(8) to benefit the general welfare.

(b) Utilization of services of Federal, State, local governmental and private agencies; priority consideration

The Secretary shall, in implementing the program authorized in subsection (a), utilize the technical and related services of appropriate Federal, State, local governmental, and private agencies, with priority consideration for land grant universities, State experiment stations, and other agricultural institutions of higher learning.

(c) Authorization of appropriations; use restriction

There is authorized to be appropriated not more than \$1,000,000 for the period ending September 30, 1976, to carry out the provisions of this section. No funds authorized by this section shall be used for advertising or promotional activities.
