(3) Records**(A) In general**

Each State agency shall keep such records as may be necessary to determine whether the program is being conducted in compliance with this chapter (including regulations issued under this chapter).

(B) Inspection and audit

Records described in subparagraph (A) shall—

- (ii) substantial increases in reliance on automated systems for the performance of responsibilities previously performed by personnel described in subsection (e)(6)(B);
- (iii) changes that potentially increase the difficulty of reporting information under subsection (e) or section 2015(c) of this title; and
- (iv) changes that may disproportionately increase the burdens on any of the types of households described in subsection (e)(2)(A).

(B) Notification

If a State agency implements a major change in operations, the State agency shall—

- (i) notify the Secretary; and
- (ii) collect such information as the Secretary shall require to identify and correct any adverse effects on program integrity or access, including access by any of the types of households described in subsection (e)(2)(A).

(b) Correction of improper denials and under-issuances

When a State agency learns, through its own reviews under section 2025 of this title or other reviews, or through other sources, that it has improperly denied, terminated, or underissued benefits to an eligible household, the State agency shall promptly restore any improperly denied benefits to the extent required by subsection (e)(11) and section 2023(b) of this title, and shall take other steps to prevent a recurrence of such errors where such error was caused by the application of State agency practices, rules or procedures inconsistent with the requirements of this chapter or with regulations or policies of the Secretary issued under the authority of this chapter.

In the certification of applicant households for the supplemental nutrition assistance program, there shall be no discrimination by reason of race, sex, religious creed, national origin, or political affiliation.

The Secretary may not, as a part of the approval process for a plan of operation, require a State to submit for prior approval by the Secretary the State agency instructions to staff, interpretations of existing policy, State agency methods of administration, forms used by the State agency, or any materials, documents, memoranda, bulletins, or other matter, unless the State determines that the materials, documents, memoranda, bulletins, or other matter alter or amend the State plan of operation or conflict with the rights and levels of benefits to which a household is entitled. In the case of all or part of an Indian reservation, the State agency as defined in section 2012(t)(1)¹ of this title shall be responsible for conducting such program on such reservation unless the Secretary determines that the State agency (as defined in section 2012(t)(1)¹ of this title) is failing, subsequent to August 31, 1964, properly to administer such program on such reservation in accordance with the purposes of this chapter and further determines that the

A State agency, as defined in section 2012(t)(1)¹ of this title, before it submits its plan of operation to the Secretary for the administration of the supplemental nutrition assistance program on all or part of an Indian reservation, shall consult in good faith with the tribal organization about that portion of the State's plan of operation pertaining to the implementation of the program for members of the tribe, and shall implement the program in a manner that is responsive to the needs of the Indians on the reservation as determined by ongoing consultation with the tribal organization.

(8) safeguards which prohibit the use or disclosure of information obtained from applicant households, except that—

(A) the safeguards shall permit—

(i) the disclosure of such information to persons directly connected with the administration or enforcement of the provisions of this chapter, regulations issued pursuant to this chapter, Federal assistance programs, or federally-assisted State programs; and

(12) for the submission of such reports and other information as from time to time may be required by the Secretary;

(13) for indicators of expected performance in the administration of the program;

(14) that the State agency shall specify a plan of operation for providing supplemental nutrition assistance program benefits for households that are victims of a disaster; that such plan shall include, but not be limited to, procedures for informing the public about the disaster program and how to apply for its benefits, coordination with Federal and private disaster relief agencies and local government officials, application procedures to reduce hardship and inconvenience and deter fraud, and instruction of caseworkers in procedures for implementing and operating the disaster program;

(g) State noncompliance; correction of failures

If the Secretary determines, upon information received by the Secretary, investigation initiated by the Secretary, or investigation that the Secretary shall initiate upon receiving sufficient information evidencing a pattern of lack of compliance by a State agency of a type specified in this subsection, that in the administration of the supplemental nutrition assistance

program there is a failure by a State agency without good cause to comply with any of the provisions of this chapter, the regulations issued pursuant to this chapter, the State plan of operation submitted pursuant to subsection (d) of this section, the State plan for automated data processing submitted pursuant to subsection (o)(2) of this section, or the requirements established pursuant to section 2032 of this title the Secretary shall immediately inform such State agency of such failure and shall allow the State agency a specified period of time for the correction of such failure. If the State agency does not correct such failure within that specified period, the Secretary may refer the matter to the Attorney General with a request that injunctive relief be sought to require compliance forthwith by the State agency and, upon suit by the Attorney General in an appropriate district court of the United States having jurisdiction of the geographic area in which the State agency is located and a showing that noncompliance has occurred, appropriate injunctive relief shall issue, and, whether or not the Secretary refers such matter to the Attorney General, the Secretary shall proceed to withhold from the State such funds authorized under sections 2025(a), 2025(c), and 2025(g) of this title as the Secretary determines to be appropriate, subject to administrative and judicial review under section 2023 of this title.

(h) Deposit by State to cover fraudulently or negligently issued benefits

If the Secretary determines that there has been negligence or fraud on the part of the State agency in the certification of applicant households, the State shall, upon request of the Secretary, deposit into the Treasury of the United States, a sum equal to the face value of any benefits issued as a result of such negligence or fraud.

(i) Application and denial procedures

(1) Application procedures

Notwithstanding any other provision of law, households in which all members are applicants for or recipients of supplemental security income shall be informed of the availability of benefits under the supplemental nutrition assistance program and be assisted in making a simple application to participate in such program at the social security office and be certified for eligibility utilizing information contained in files of the Social Security Administration.

(2) Denial and termination

Except in a case of disqualification as a penalty for failure to comply with a public assistance program rule or regulation, no household shall have its application to participate in the supplemental nutrition assistance program denied nor its benefits under the supplemental nutrition assistance program terminated solely on the basis that its application to participate has been denied or its benefits have been terminated under any of the programs carried out under the statutes specified in the second sentence of section 2014(a) of this title and without a separate determination by the State agency that the household fails to satisfy the

eligibility requirements for participation in the supplemental nutrition assistance program.

(j) Notice of availability of benefits and applications; revision of memorandum of understanding

(1) Any individual who is an applicant for or recipient of supplemental security income or social security benefits (under regulations prescribed by the Secretary in conjunction with the Commissioner of Social Security) shall be informed of the availability of benefits under the supplemental nutrition assistance program and informed of the availability of a simple application to participate in such program at the social security office.

(2) The Secretary and the Commissioner of Social Security shall revise the memorandum of understanding in effect on December 23, 1985, regarding services to be provided in social security offices under this subsection and subsection (i), in a manner to ensure that—

(A) applicants for and recipients of social security benefits are adequately notified in social security offices that assistance may be available to them under this chapter;

(B) applications for assistance under this chapter from households in which all members are applicants for or recipients of supplemental security income will be forwarded immediately to the State agency in an efficient and timely manner; and

(C) the Commissioner of Social Security receives from the Secretary reimbursement for costs incurred to provide such services.

(k) Use of post offices

Subject to the approval of the President, post offices in all or part of the State may provide, on request by the State agency, supplemental nutrition assistance program benefits to eligible households.

(l) Special financial audit review of high participation States

Whenever the ratio of a State's average supplemental nutrition assistance program participation in any quarter of a fiscal year to the State's total population in that quarter (estimated on the basis of the latest available population estimates as provided by the Department of Commerce, Bureau of the Census, Series P-25, Current Population Reports (or its successor series)) exceeds 60 per centum, the Office of the Inspector General of the Department of Agriculture shall immediately schedule a financial audit review of a sample of project areas within that State. Any financial audit review subsequent to the first such review, required under the preceding sentence, shall be conducted at the option of the Office of the Inspector General.

(m) Alaskan fee agents; use and services

The Secretary shall provide for the use of fee agents in rural Alaska. As used in this subsection "fee agent" means a paid agent who, although not a State employee, is authorized by the State to make applications available to low-income households, assist in the completion of applications, conduct required interviews, secure required verification, forward completed

applications and supporting documentation to the State agency, and provide other services as required by the State agency. Such services shall not include making final decisions on household eligibility or benefit levels.

(n) Verification by State agencies

The Secretary shall require State agencies to conduct verification and implement other measures where necessary, but no less often than annually, to assure that an individual does not receive both benefits and benefits or payments referred to in section 2015(g) of this title or both benefits and assistance provided in lieu of benefits under section 2026(b)(1) of this title.

(o) Data processing systems; model plan; comprehensive automation and computerization; State plans; evaluation and report to Congress; corrective measures by State; time for implementation

(1) The Secretary shall develop, after consultation with, and with the assistance of, an advisory group of State agencies appointed by the Secretary without regard to the provisions of the Federal Advisory Committee Act, a model plan for the comprehensive automation of data processing and computerization of information systems under the supplemental nutrition assistance program. The plan shall be developed and made available for public comment through publication of the proposed plan in the Federal Register not later than October 1, 1986. The Secretary shall complete the plan, taking into consideration public comments received, not later than February 1, 1987. The elements of the plan may include intake procedures, eligibility determinations and calculation of benefits, verification procedures, coordination with related Federal and State programs, the issuance of benefits, reconciliation procedures, the generation of notices, and program reporting. In developing the plan, the Secretary shall take into account automated data processing and information systems already in existence in States and shall provide for consistency with such systems.

(2) Not later than October 1, 1987, each State agency shall develop and submit to the Secretary for approval a plan for the use of an automated data processing and information retrieval system to administer the supplemental nutrition assistance program in such State. The State plan shall take into consideration the model plan developed by the Secretary under paragraph (1) and shall provide time frames for completion of various phases of the State plan. If a State agency already has a sufficient automated data processing and information retrieval system, the State plan may, subject to the Secretary's approval, reflect the existing State system.

(3) Not later than April 1, 1988, the Secretary shall prepare and submit to Congress an evaluation of the degree and sufficiency of each State's automated data processing and computerized information systems for the administration of the supplemental nutrition assistance program, including State plans submitted under paragraph (2). Such report shall include an analysis of additional steps needed for States to achieve effective and cost-efficient data processing and information systems. The Secretary, thereafter, shall periodically update such report.

(4) Based on the Secretary's findings in such report submitted under paragraph (3), the Secretary may require a State agency, as necessary to rectify identified shortcomings in the administration of the supplemental nutrition assistance program in the State, except where such direction would displace State initiatives already under way, to take specified steps to automate data processing systems or computerize information systems for the administration of the supplemental nutrition assistance program in the State if the Secretary finds that, in the absence of such systems, there will be program accountability or integrity problems that will substantially affect the administration of the supplemental nutrition assistance program in the State.

(5)(A) Subject to subparagraph (B), in the case of a plan for an automated data processing and information retrieval system submitted by a State agency to the Secretary under paragraph (2), such State agency shall—

(i) commence implementation of its plan not later than October 1, 1988; and

(ii) meet the time frames set forth in the plan.

(B) The Secretary shall extend a deadline imposed under subparagraph (A) to the extent the Secretary deems appropriate based on the Secretary's finding of a good faith effort of a State agency to implement its plan in accordance with subparagraph (A).

(p) State verification option

In carrying out the supplemental nutrition assistance program, a State agency shall be required to use an immigration status verification system established under section 1137 of the Social Security Act (42 U.S.C. 1320b-7), and an income and eligibility verification system, in accordance with standards set by the Secretary.

(q) Denial of benefits for prisoners

The Secretary shall assist States, to the maximum extent practicable, in implementing a system to conduct computer matches or other systems to prevent prisoners described in subsection (e)(18)(B) from participating in the supplemental nutrition assistance program as a member of any household.

(r) Denial of benefits for deceased individuals

Each State agency shall—

(1) enter into a cooperative arrangement with the Commissioner of Social Security, pursuant to the authority of the Commissioner under section 205(r)(3) of the Social Security Act (42 U.S.C. 405(r)(3)), to obtain information on individuals who are deceased; and

(2) use the information to verify and otherwise ensure that benefits are not issued to individuals who are deceased.

(s) Transitional benefits option

(1) In general
